NATIONAL & STATE BANKS

ONE of the most vital and important regulations of the National Banking Law is that which controls what is known as the "LEGAL RESERVE." It requires that 15 PER CENT. OF ALL DEPOSITS shall be kept in the vaults of National Banks or in the hands of approved reserve agents.

The following statement of the deposits of three banks of Chestertown shows what reserves these banks held at the time of their last sworn statement, November 26th, 1912:

	Deposits.	15 % Reserve.	Reserve Held.	Per Cent.
Third National	$668,397.18	$100,259.57	$118,079.44	over 17½ %
Chestertown Bank	413,947.13	62,092.10	38,868.74	9½ %
Kent Savings "	356,097.42	53,414.61	10,627.97	3 %

After reading the SWORN STATEMENTS published last week, and the above exhibit which do you think is the STRONGEST and SAFEST bank in which to transact your banking business? The THIRD NATIONAL BANK cannot make as much money for its stockholders by adopting the policy of keeping on hand such a large RESERVE, but we KNOW it is better banking. Over $100,000 on hand with which to meet immediate demands. Think of the above while doing your banking. Your business solicited. Interest paid on all Savings Deposits.

Very respectfully,

THE THIRD NATIONAL BANK

of Chestertown, Md.

After driving Detroiter 3500 miles over all sorts of roads, I recommend it to any one desiring the purchase of an Automobile. It is by far the leading $900 car in America to-day—possessing features only found on $1200 to $1500 machines. After using machines for 5 years, I am in a position to know when I see a dependable, desirable car, and the "Detroiter" is just *that* car. You get an Automobile in quality, style and motoring qualities when you get a "Detroiter."

A Great Revival.

A gracious revival has been in progress at Christ M. P. Church during the past two weeks under the leadership of the pastor, Rev. Dr. W. R. Graham and the noted evangelist, Rev. Lewis Shelhorn, of New Jersey. Last Sunday afternoon one of the most inspiring sights ever witnessed in this town occurred at the Sunday school service when more than 50 of the scholars were converted and signified their intention to unite with the church at the morning service to-morrow. The altar was crowded as were also the first row of seats, and it was a scene never to be forgotten. Young men and women who will be an honor and an influence for good in the future in this community were saved to the church. There have been other professions of faith and the spiritual life of the church has been quickened. Twenty-one years ago Dr. Graham had a great revival in his church here, and it must have made his heart rejoice last Sunday when he saw scores of Sunday school boys and girls coming into the church. Rev. Mr. Shelhorn has labored faithfully and earnestly and his efforts have caused an awakening here. He leaves to-day for Milford, Del., to engage in the same work, and he will carry with him the love and esteem of all those who have learned to know him and love him during his stay here.

Mr. Harry Rust has rented a large part of the Morgan Creek marsh and will go into the muskrat trapping business on a large scale. He has had a small house built on wheels and will live in it during the season. Mr. Herbert White will assist him. There is big money in muskrats this season. The meat sells readily for 15 cents, while the hides sell for from 40 to 60 cents each according to quality.

The pastor will endeavor to preach short, sharp, interesting and restful sermons and will also strive to make the music attractive. The subject of Rev. Mr. Clews' sermon to-morrow (Sunday) at Grace Presbyterian Church, Kenuedyville, will be: "The Tremendous Power of the Weak and Lonely." The pastor is preparing a series of sermons on "Prayer," which he ventures to announce will be interesting and helpful.
