OH! PROGRESSIVISM, how many sins will be committed in thy name in the next few months.

PRESIDENT-ELECT WILSON says: "It s Progressives, and Progressives only." That is the TRANSCRIPT'S policy, and perhaps Mr. Beck and his eactionary element in Kent seeing the hand writing on the wall, made a rush to get in to the Lee band wagon.

SENATOR LEE'S motto is—P. and P.—The PEOPLE and PROGRESS.
Senator Smith's motto is—L. and L.—LORIMER and LUMBER.
Mr. Beck says he and his faction are for Lee because the PEOPLE want him.
He says he and his friends are for Senator Smith, but he dosen't tell why.

NOT one of the Maryland appointments of postmasters made by President Taft has been acted upon by the Senate. Among those appointments is that of Joseph Mallalieu, of Millington, to succeed Mrs. Walls. It looks therefore, that should the Senate confirm President Taft's appointments, Mr. Mallalieu will be Millington's new postmaster.

WE publish elsewhere in this issue splendid article upon the subject "How to Keep the Boy and Girl on the Farm" prepared and read by Mr. Conlyn Noland at the recent meeting of the Pomona Grange here. It was one of the finest articles ever read before the grange, and every boy and girl as well as all our older folks should read it.

HON. WILLIAM L. MARBURY, one of Baltimore's most prominent lawyers and one of the State's leading Democrats, strongly indorsed Senator Lee for the short term Senatorship in an interview in the Baltimore Sun, on Monday. Mr. Marbury states that Senator Lee's record in public life has been such as to make him eminently qualified to represent the State in the Federal Senate. It begins to look as if Senator Lee's election is a foregone conclusion.

Two weeks ago the Beck organ said: Don't be in a hurry to select your candidate for the Senate. The election don't take place until next November and the local primaries will not be held until next September." Last Saturday the Beck organ surprised even some of its friends by coming out in a flaming editorial endorsing Senator Lee for the short term, and putting his picture in a conspicuous place. Looks like a mes[illegible] been at work, and came with a [illegible] from somewhere.

THE Baltimore Evening Sun of last Friday in discussing the Senatorial situation on the Eastern Shore says: Many of Senator Smith's friends in the Eastern Shore counties are supporting Lee. This is, however, regarded simply as politics. Senator Lee's friends claim that he stands for one kind of Democracy and Senator Smith reprerents something different. By boosting Lee with Smith it is claimed that the Worcester man is helped where he is weak, while no harm is done him where he is strong.

AN EXAMINATION of the annual report of the Road Engineer submitted to the Board of County Commissioners sometime ago discloses the fact that 505 workers were employed on the roads during the past year, including those from whom supplies and materials were purchased. There are 7 districts in the county. This is an average of ONE MORE THAN 72 WORKERS IN EACH DISTRICT. And yet Mr. Isaac Gibbs, Sr., says there is less politics in the management of the county roads now than ever before in his time. How ridiculous.

THE ROADS of Kent county are in splendid condition now, are they not? If they were ever any worse than they are now, we should like to know when. And just think, the road engineer spent $23,000 on the roads last year, and in the past six months he has spent every dollar of this year's appropriation of $21,000 except about $3,800. In other words, Gibbs has spent $40,000 of the tax-payers' money *in the past 18 months*, and the roads are in worse condition than they have been for years. This is certainly the fault of Mr. Beck and those leaders who are using the roads of this county for political purposes against the financial interests of the people.

The Kind of Man For the Senate.

A well-known politician living on the Western Shore in discussing the fitness of men for election to the United States Senate in public print recently said:

"I do not believe that Maryland will send to the United States Senate a man who has one code of maxims for profession and another for practice.

"I do not believe that Maryland will send to the United States Senate a man who makes up his conscience as the Neapolitans do their beds, with one set of furniture for show and another for use.

"Rather do I believe that Maryland will send to the United States Senate a

Statesman, yet friend to truth; of soul sincere
In action faithful, and in honor clear;
Who broke no promise, served no private end."

A number of ladies met at the home of Mrs. Wilbur W. Hubbard on Monday afternoon and organized what is known as a Civic Betterment Club. The club proposes to endeavor to solve the servant question, to look after the general improvement of the town and to aid in all matters pertaining to the civic welfare of the town. Mrs. Hubbard was elected president.

THE REACTIONARIES AND LOCAL OPTION.

The Transcript Will Show that the Beck Faction Has Made a Foot-Ball of Local Option in the Legislature in Our Effort to Answer Mr. Vickers' Questions.

The TRANSCRIPT is in a position now to answer those questions of Mr. Vickers relating to the local option issue. We desired to secure some information that would enable us to give an intelligent answer to those questions, and we purpose writing three articles which will be of a purely dispassionate character, in which we shall prove the fact that the Beck faction has been playing politics with the local option question, and that they have broken faith with the people by proclaiming their loyalty to the cause of local option, when in reality they have been undertaking to curry favor with the temperance element in the county by assuming to be what we shall prove they have not been. In this first article we propose to show that Mr. Vickers made an incorrect and misleading statement when he stated in the Kent News that the bill which he says he prepared and which Mr. Beck introduced in the Senate, contained provisions making it less difficult to secure evidence against violators of the local opotion law, such as the TRANSCRIPT declared that the law should be. Here is the bill as it was prepared by Mr. Vickers and as it was introduced and passed in the Senate by Mr. Beck and sent to the House :

"151B. It shall not be lawful for any person, house, corporation, company or association, to solicit, take or receive, at any place within the limits of Kent county, any order or orders, for the purchase or delivery of any spirituous, fermented or intoxicating liquors of any origin whatever, or alcoholic bitters, and any person, house, corporation, company or association violating the provisions of this section shall, on conviction thereof, forfeit and pay on the first conviction a fine of not less than fifty dollars nor more than three hundred dollars, and the cost of prosecution, and be imprisoned in the county jail for thirty days; and on the second and every subsequent conviction, not less than one hundred dollars nor more than five hundred dollars and costs of prosecution, and be imprisoned in the county jail for not less than sixty nor more than ninety days; and in default of the payment of such fine and costs, he or they shall remain in the said county jail after his or their terms of imprisonment until such fine and costs are paid, one-half of any fine imposed for the violation of this section shall go to the informer and the residue or if no informer, the whole fine to the Board of School Commissioners of said county for the use of the public schools therein."

That is the bill that Mr. Vickers says he drew up, at the suggestion of the court. We desire to call the attention of the people, especially our temperance friends, who have been grossly deceived in the matter by the Beck faction, that there is not one provision in the above bill making it less difficult to secure evidence against violators of the local option law. It is simply a bill to pohibit the soliciting of orders by purchasing agents, etc. Nothing more, nothing less. Under the provisions of that bill any man in Kent county may write for and secure a barrel of whiskey if he wishes it, and no one can prevent him. In our next article we propose to show why this bill failed of passage in the House.

WHERE ARE THEY AT?

Are They Openly for Senator Lee and Secretly for Congressman Talbott, Hoping That the Fight Will go to the Legislature?

We publish below two articles, one from the Sunday Sun, and the other from the Baltimore City News of Sunday afternoon. One says that Mr. Beck has declared for Senator Lee for the short term senatorship, while the other says that Congressman Talbott's friends say that Mr. Beck and Mr. Lewin W. Wickes, of Kent, who are the leaders of the Reactionary faction here have assured them that they are for Mr. Tabott. Mr. Beck was at the Rennert in Baltimore last Saturday, and so was Congressman Talbott. After the manner in which Congressman Talbott protected the interests of Mr. Beck's faction at the Rennert on the occasion of the formation of the Woodrow Wilson "Harmony" Committee last August, when Mr. Beck and his friends had been espousing the cause of Champ Clark, it would be quite natural for Mr. Beck and his faction to have a "warm spot" for Congressman Talbott. Here are the two newspaper statements. One says they are for Lee, the other says Congressman Talbott's friends claim they are for him. Who can tell where they are at:

The Sun's Statement.

State Senator W. W. Beck, who is the recognized leader of the organization forces in Kent county, Saturday declared for State Senator Blair Lee for the short term United States Senatorship. Senator Beck is supporting United States Senator John Walter Smith for the long term.

The support of Senator Beck and his friends in Kent county probably means that Senator Lee will carry the county, for it has been known for weeks that Hope Barroll and his friends, who represent the anti-organization forces, have been back of Senator Lee.

Senator Beck was in Baltimore Saturday and conferred with a number of friends, whom he unhesitatingly told he was for Lee. He stated that on Friday the organization workers of Kent county held a conference in Chestertown and, after discussing all the candidates, avowed and prospective, and conditions in the county, indorsed Senator Lee.

"My friends and myself have taken the Lee end of the fight," said Senator Beck Saturday at the Hotel Rennert, "and we propose to conduct a vigorous campaign for him. We are also supporting Senator Smith for the long term.

OBEYING PUBLIC SENTIMENT.

"In taking our stand behind Senator Lee we are doing what we believe is in accordance with public sentiment in Kent county. The members of our party believe Lee should be sent to the Senate, especially with Governor Wilson in the White House, as he represents in this State what Governor Wilson will represent in the nation.

"Before indorsing Senator Lee the political situation in Kent county was analyzed. Every worker reported a preponderance of Lee sentiment, and thus we propose to stand by the man whom the people want.

"Personally, I am fond of Senator Lee, and I am also fond of the other Democrats whose names are mentioned for the short term. But this is not the time to play personal politics. As organization and regular Democrats we should support the candidates wanted by the people, and my observations convince me that they want Lee. He is a regular, true and loyal Democrat. As Democrats we will make our fight for Lee and not against any candidate. Personalities will not be injected in the contest.

"So far as Senator Smith is concerned the organization workers in Kent county have been for him for months. In fact, they have supported Senator Smith for every office to which he aspired."

ATTITUDE OF MR. BARROLL.

Although behind Senator Lee, the Barroll element has not yet taken a stand on the long term, yet many believe it will support Isaac Lobe Straus. Mr. Barroll and his friends have always been regarded as hostile to Senator Smith.

The fight between the Beck and Barroll forces has always been bitter and keen. The only time they united on a general primary contest was in the Gubernatorial campaign of 1911, when both supported former State Senator Arthur P. Gorman, who carried the county by about 800 majority.

Senator Lee, however, without any organized strength, polled about 500 votes in the primaries. Had either the Beck or Barroll forces taken up the Lee fight for Governor it is thought he would have carried the county, which would have given him the nomination for Governor.

The City News' Statement.

Two statements of interest in the senatorial contest have emanated from friends of Congressman Talbott. One was the announcement that James Archer, of Belair, the leader of the progressive Democrats in that county, is out in the open for the Congressman and the other is that Senator Beck, of Kent, was likewise with the Baltimore county leader.

Senator Beck, with Lewin Wickes, leads the county forces opposed to Hope Barroll, the Kent county leader.
