Money-making Secrets

WITH THE

Farm Journal

Is this cock properly held? "Poultry Secrets" tells how to carry fowls, and other secrets far more important.

FARM JOURNAL ("cream, not skim milk") is the great little paper published for 36 years in Philadelphia by Wilmer Atkinson. It is taken and read by more families than any other farm paper in the WORLD. Its four million readers (known as "Our Folks") are the most intelligent and prosperous country people that grow, and they always say the Farm Journal helped to make them so. Their potatoes are larger, their milk tests higher, their hogs weigh more, their fruit brings higher prices, because they read the **Farm Journal.**

Do you know Peter Tumbledown, the old fellow who won't take the **Farm Journal?** By showing how NOT to run a farm, Peter makes many prosperous. Nobody can go on reading the **Farm Journal** and being a Tumbledown too. Many have tried, but all have to quit one or the other.

The **Farm Journal** is bright, brief, "boiled down," practical, full of gumption, cheer and sunshine. It is strong on housekeeping and home-making, a favorite with busy women, full of life and fun for boys and girls. It sparkles with wit, and a happy, sunny spirit. Practical as a plow, readable as a novel. Clean and pure, not a line of fraudulent or nasty advertising. All its advertisers are *guaranteed* trustworthy.

The **Farm Journal** gives more for the money and puts it in fewer words than any other farm paper. 32 to 80 pages monthly, illustrated. FIVE years (60 issues) for $1.00 only. Less than 2 cents a month. No one-year, two-year or three-year subscriptions taken at any price.

The Farm Journal Booklets

have sold by **hundreds of thousands,** and have made a sensation by revealing the *SECRETS OF MONEY-MAKING* in home industry. People all over the country are making money by their methods.

POULTRY SECRETS is a collection of discoveries and methods of successful poultrymen. It gives Felch's famous mating chart, the Curtiss method of getting one-half more pullets than cockerels, Boyer's method of insuring fertility, and priceless secrets of breeding, feeding, how to produce winter eggs, etc.

HORSE SECRETS exposes all the methods of "bishoping," "plugging," cocaine and gasoline doping, and other tricks of "gyps" and swindlers, and enables any one to **tell an unsound horse.** Gives many valuable training secrets.

CORN SECRETS, the great NEW hand-book of Prof. Holden, the "Corn King," shows how to get ten to **twenty bushels more per acre** of corn, rich in protein and the best stock-feeding elements. Pictures make every process plain.

EGG SECRETS tells how a family of six can make hens turn its table scraps into a daily supply of fresh eggs. If you have a back yard, get this booklet, learn how to use up every scrap of the kitchen waste, and **live better at less cost.**

THE "BUTTER BOOK" tells how seven cows were made to produce **half a ton of butter** each yer year. (140 pounds is the average). An eye-opener. Get it, weed out your poor cows, and turn the good ones into **record-breakers.**

STRAWBERRY SECRETS is a revelation of the discoveries and methods of L. J. Farmer, the famous expert, in growing luscious fall strawberries almost until snow flies. How and when to plant, how to fertilize, how to remove the blossoms, how to get three crops in two years, etc.

GARDEN GOLD shows how to make your backyard supply fresh vegetables and fruit, how to cut down your grocery bills, keep a better table, and get cash for your surplus. How to plant, cultivate, harvest and market.

DUCK DOLLARS tells how the great Weber duck-farm near Boston makes every year 50 cents each on 40,000 ducklings. Tells why ducks pay them better than chickens, and just HOW they do everything.

TURKEY SECRETS discloses fully the methods of Horace Vose, the famous Rhode Island "turkey-man," who supplies the White House Thanksgiving turkeys. It tells how to mate, to set eggs, to hatch, to feed and care for the young, to prevent sickness, to fatten, and how to make a turkey-ranch PAY.

The MILLION EGG-FARM gives the methods by which J. M. Foster made over **$18,000 a year,** mainly from eggs. All chicken-raisers should learn about the "Rancocas Unit," and how Foster FEEDS hens to produce such quantities of eggs, especially in winter.

DRESSMAKING SELF-TAUGHT shows how any intelligent woman can design and make her own clothes, in the height of fashion. The author has done it since she was a girl. She now has a successful dressmaking establishment and a school of dressmaking. Illustrated with diagrams.

SHALL I FARM? is a clear, impartial statement of both advantages and drawbacks of farming, to help those who have to decide this important question. It warns you of dangers, swindles, and mistakes, tells how to start, equipment needed, its cost, chances of success, how to get government aid, etc.

These booklets are 6 x 9 inches, and profusely illustrated.

What Our Folks Say About F. J.

"I have had more help, encouragement and enjoyment out of it in one year than I did out of my other papers in ten years," says C. M. Persons.

"It is a queer little paper. I have sometimes read it through and thought I was done with it, then pick it up again and find something new to interest me," says Alfred Krogh.

"Farm Journal is like a bit of sunshine in our home. It is making a better class of people out of farmers. It was first sent me as a Christmas present, and I think it the choicest present I ever received," says P. R. LeValley.

"We have read your dear little paper for nearly 40 years. Now we don't live on the farm any more, yet I still have a hankering for the old paper. I feel that I belong to the family, and every page is as dear and familiar as the faces of old friends," says Mrs. B. W. Edwards.

"I fear I neglect my business to read it. I wish it could be in the hands of every farmer in Virginia," says W. S. Cline.

"I live in a town where the yard is only 15 x 18 feet, but I could not do without the Farm Journal," says Miss Sara Carpenter.

"I get lots of books and papers, and put them aside for future reading. The only paper I seem to have in my hands all the time is Farm Journal. I can't finish reading it. Can't you make it less interesting, so I can have a chance at my other papers?" writes John Swail.

"If I am lonesome, down-hearted, or tired, I go to Farm Journal for comfort, next to the Bible," says Mabel Dewitt.

"Farm Journal has a cheerful vein running through it that makes it a splendid cure for the "blues." When coming home tired in mind and body, I sit down and read it, and it seems to give me new inspiration for life," writes G. E. Halderman.

"We have a brother-in-law who loves a joke. We live in Greater New York, and consider ourselves quite citified, so when he sent us the Farm Journal as a New Year's gift we nearly died laughing. 'How to raise hogs'—we who only use bacon in glass jars! 'How to keep cows clean'—when we use condensed milk even for rice pudding! 'How to plant onions'—when we never plant anything more fragrant than lilies of the valley. I accepted the gift with thanks, for we are too well-bred to look a gift horse in the mouth. Soon my eye was caught by a beautiful poem. I began to read it, then when I wanted the Farm Journal I found my husband deeply interested in an article. Then my oldest son began to ask, 'Has the Farm Journal come yet?' He is a jeweler, and hasn't much time for literature; but we find so much interest and uplift in this fine paper that we appreciate our New Year's gift more and more," writes Ella E. Burkman.

"I received 'Corn Secrets' and 'Poultry Secrets,' and consider them worth their weight in gold," says W. G. Newall.

"What your Egg Book tells would take a beginner years to learn," says Roy Chaney.

"Duck Dollars is the best book I ever had on duck-raising," says F. M. Warnock.

"If your other booklets contain as much valuable information as the Egg-Book, I would consider them cheap at double the price," says F. W. Mansfield.

"I think your Egg-Book is a wonder," says C. P. Shirey.

"The Farm Journal beats them all. Every issue has reminders and ideas worth a year's subscription," writes T. H. Potter.

"One year ago I took another agricultural paper, and it took a whole column to tell what Farm Journal tells in one paragraph," says N. M. Gladwin.

"It ought to be in every home where there is a chick, a child, a cow, a cherry, or a cucumber," says I. D. Bordus.

The fourth quarterly conference of the M. E. Church was held at the parsonage on Wednesday afternoon, Feb. 12th. The reports were very good, showing that the pastor and people had enjoyed a very prosperous year together. Dr. Robert Watt, D. S., was present and presided over the meeting.

The Valentine Social which was held in the High School on Wednesday evening of last week was very largely attended and everybody seemed to have a very pleasant time.

The Valentine Social which was held in the parsonage on Friday evening of last week under the auspices of the ladies of the M. E. Church was quite a success. Games were indulged in and other things for amusement were provided.

The Normal Class of Miss Susie Frazier, which is a branch of the Junior Epworth League work, will hold a Martha Washington Tea at the M. E. Parsonage on Saturday beginning at 5 P. M. and continuing into the evening. It is expected that all will enjoy the occasion, since their minds will more or less be refreshed with the memory of the noble work of our first president and the founder of the nation.

Mrs. Groome Price, of Baltimore, who is spending sometime with her husband's parents, Mr. and Mrs. Thomas Price, is quite ill.

Capt. J. C. Ashley returned home from the John's Hopkins Hospital on Saturday last after having being successfully treated for blood poisioning.

A memorial service was held at Bond M. E. Church last Sunday in momory of the late Sam'l W. Brown, who was a life long member of Bond Church. The services were in charge of the pastor, Rev. W. M. McCann, who was assisted by B. F. Rash, C. G. Hadaway and W. F. Woodmender, and a large choir. The text was Acts 11-24, "For He Was a Good Man." It was a fitting tribute to the life of Mr. Brown, who was an ardent soldier of Christ. Few eyes were dry at the close of the service.

Preaching at Mowbray Church tomorrow at 6.30. No Epworth League service as the pastor is going to preach in the M. P. Church for Rev. Dr. Graham on Sunday night. Please be on time for the service at Mowbray.

After the Sunday school at Mowbray there will be a meeting held of the workers of the Sunday school and church. We hope there will be a good attendance at Sunday school as this meeting will be one of importance. Sunday school at 2 o'clock.

Railroad Men and Ear Mufflers

As an instance of the small details of which it is necessary for the management of a railroad to take care in providing for the safety of their men, the following circular has just been sent out by the General Manager of the Pennsylvania Railroad to all the officers having in charge men working on the tracks:

"The wearing of ear mufflers by trackmen renders their hearing less acute while being worn, and while it is not desirable to prohibit the practice of wearing mufflers, foremen should be warned to pay particular attention to the men who wear them, in regard to warning the men of approaching trains, and all foremen should be advised of this at once."
