MARBURY and Lee will be the next United States Senators from Maryland. Come on in, boys, the water is fine.

WITH President Wilson, Hon. Wm. Jennings Bryan and the TRANSCRIPT supporting Marbury and Lee, where, oh! where, will Smith and So Forth be?

THE TRANSCRIPT is indebted to Hon. J. Harry Covington, Congressman from this district, for a bag of farm and garden seeds. If any one desires to have a package of these seed, we shall be glad to give it to him if he will come to our office.

GOVERNOR WILSON has announced that if he interferes in the Maryland senatorial fight it will be only in the most polite manner, and certainly, if Senator Smith and his friends take umbrage at such interference, he and they will be objecting to a gentleman being polite.

THE great destruction of property at Rehoboth by fire last Saturday because of inadequate fire protection should be a warning to all small towns—enough property was destroyed to pay for a $50,000 fire apparatus three times over, and now that the property has been destroyed, the commissioners of the resort are taking steps to secure efficient fire protection.

HOPE H. BARROLL, ESQ., in an interview in the Baltimore Sun, declared for Marbury and Lee for the United States Senate. Mr. Barroll sounded the keynote of the campaign when he urged the people to see that candidates are nominated for the Legislature who will vote for Messrs. Marbury and Lee in the Legislature and carry out the wishes of their constituents.

MR. JOHN P. AHERN, President of the School Board, has definitely announced his candidacy for County Treasurer, and will have the endorsement of the reactionary faction. A rumor that will not down is to the effect that Mr. Howard Turner, of Betterton, will be one of the same faction's candidates for the Legislature. Mr. Thomas Massey's name has also been mentioned as Mr. Turner's running mate for the Legislature.

WHAT do you think! Don't you know that just as soon as the TRANSCRIPT put its bulletin board on Stam's corner last Saturday morning announcing that Mr. Marbury had agreed to run for the Senate against Senator Smith, and that Senator Lee would endorse Marbury, and Mr. Straus had agreed to withdraw in Marbury's favor, etc., SOME MEMBER OF THE BECK FACTION SAID IT WAS A LIE.

NEXT Tuesday is March 4th—the day of the inauguration of Governor Woodrow Wilson as President of the United States. It will then no longer be Governor Wilson, but President Wilson, and the TRANSCRIPT, the original Wilson paper in Maryland, sends its greetings to our hero, and trusts that his presidential administration will be as successful as has been his career as Governor of the great State of New Jersey.

THERE are many people throughout the State who believe that Mayor Preston, of Baltimore, will enter the Senatoriol fight for the short term and that the final alignment will be Marburry and Lee against Smith and Preston. Should such a combination develop, there will be a straightout fight of the progressive element of the party represented by Marbury and Lee against the Reactionary element of the party represented by Smith and Preston.

A FRIEND sends us this clipping from the far West: "A Greenville, Ill., Republican went home the night of the election and woke up his wife and told her to pack up and get ready to leave; that Illinois had gone Democratic and he wouldn't live in such a dinged State. After storming around for a time he went out to get some more election news, and later returned home and told his wife that she needn't mind about packing up, that there was no place to go."

ONE of the most interesting as well as significant facts is that the Baltimore American, the official organ of the Reactionary element of the Republican party is an ardent advocate of the re-election of Senator John Walter Smith, the candidate of the Reactionary element of the Democratic party. Not another paper in Baltimore city, except possibly the Star, which is part of the American, is supporting Senator Smith, and what reason has the American, the organ of the standpat Republicans, for supporting Senator Smith unless his record and actions in the United States Senate and in this State have been and still are in accord with the political policy and creed of the Baltimore American. Is Senator Smith so much of a Republican as that?

MARBURY AND LEE FOR SENATORS.

It is with much pleasure this morning that we make the following announcement of our unqualified and hearty endorsement of Hon. William L. Marbury, the brilliant lawyer and Democrat of Baltimore, for the long term in the United States Senate, and of Hon. Blair Lee, the able State Senator from Montgomery county, for the short term. We take especial pride in making this announcement, not only because we believe both Mr. Marbury and Senator Lee represent the highest and truest principles of Democracy, but because we believe that the sentiment of the vast majority of the voters of this county and State are thorough'y in accord with the brand of Demo[illegible] rep-resented in the public acts and careers of these two men. We desire it to be understood that the TRANSCRIPT is in thorough accord with the administration and policies of President-elect Woodrow Wilson, and from the first we have been inclined to the belief that the President-elect would indicate a choice for the long term senatorship, and also for the short term. The President-elect has let it be known what sort of Democrat he desires to assist him in his administration, and has expressed his preference for Mr. Marbury. With the great body of Democrats who believe in that kind of Democracy represented by President-elect Wilson, and believing with all our hearts that Mr. Marbury stands for the same principles and policies for which the President stands, we heartily endorse his candidacy, and we feel sure that the combination of Marbury and Lee will sweep this county, and that both will be triumphantly elected. So far as Senator Lee's candidacy is concerned, it requires no formal announcement by us in advocacy of his candidacy. We have endeavored to make it plain by our attitude in these columns f om week to week. We have stated from time to time that we did not believe that Senator Lee was in sympathy with the candidacy of Senator Smith, and we have been under the impression for months that at the proper time Senator Lee would make known his position. His alliance with the candidacy of Mr. Marbury will dispel all doubt as to his relations with Senator Smith, and now that Senator Lee has indicated an alliance with Mr. Marbury, those friends of Senator Smith on the Eastern Shore who have declared for Smith and Lee, knowing that Senator Lee has made no statement in reference to Senator Smith, must show their good faith to Senator Lee, and give him their support. The combination of Marbury and Lee is a most excellent one. It puts ginger in the campaign on account of the high standing and eminent ability of the two men to represent the people in the United States Senate, and the TRANSCRIPT throws its hat in the ring, and invites the Kent News to throw away the "half a loaf" of sugar, and come in with all those who believe in the principles of true Democracy and of having real Democrats in the United States Senate. We indicated our choice last Saturday. We declare our preference to-day.

Total	$6,027.43

From the above it will be seen that Road Engineer Gibbs expended $6,027.43 in excess of the sum of $18,979 88, which was levied for the use of our roads and bridges for the year 1911 to 1912. In other words, he spent, so far as bills up to the present time have been presented, the total aggregate in one year of $25,007.31!

It was impossible for the commissioners to know this money had been spent until the bills were presented. The commissioners do know now what the Road Engineer has done up to the present time. The tax-payers should insist that during the present year the County Commissioners shall notify the public that the sum of $21,236.21 has been levied for the use of our Roads and Bridges. Our commissioners should give public notice that no bills will be paid in excess of this sum, whether they are presented before or after the levy in June next. It is not difficult to know the temper of the tax-payers of Kent county on this subject, and to realize that they will insist that this be done by the commissioners.

Yours very respectfully,
HOPE H. BARROLL.

MESSRS. EDITORS OF THE TRANSCRIPT,

DEAR SIRS:

Will you allow a Democrat from the First District to take some of your space to express himself as I see it and as I have seen in the past.

I see in the Baltimore Sun of Wednesday that William L. Marbury has announced his candidacy for the long term to the United States Senate. I also see Senator Lee who is for the short term is willing to cast his lot with Mr. Marbury both being genuine progressives.

Off in the distance we can see Mayor Preston coming with reactionary armor on to enlist in the short term senatorial fight to join the Smith forces.

When he gets here what will the Kent News do? I suggest they will try the rule or ruin game as they did in 1911 against one of our best citizens in this district who was a candidate for commissioner. Their target this time will be Senator Lee who they have endorsed, or if they do not do as I have suggested they will play to Lee for the purpose of trying to ride their candidates in the county through on Lee's shoulder as they did with Governor Wilson in their delegate fight to the State convention but as we all know they lost.

To prove this to be a fact when the national convention came off these same people were in Baltimore doing all in their power for Clark. It was sad to look in the face of the Organization people from this county, after it was over; yet in the fight for delegates they posed as Wilson people. Such hypocrisy is hard to believe yet it was demonstrated in that fight as well as it may be in this.

Respectfully,
GASTON.

AS A WOMAN SEES IT.

Suggested by Sermon of Rev. G. A. Morris: "What is in Thine Hand?"

To-day the nation pauses to study the life of him who was "First in war, first in peace and first in the hearts of his countrymen." Every school boy is taught to regard him as the embodiment of that passion inspiring one to serve one's country, the true type of patriotism. Following this train of thought, the question arises, are patriotism and politics one and the same? Consulting Webster I learn that politics is: "The science and art of government; also, formerly the branch of ethics dealing with the ethical relations and duties of States or social organizations; in a bad sense, artful or dishonest management to secure the success of political candidates or parties." Ethics is defined: "The science of moral duty, the chief problems with which ethics deals, concern the nature of the highest good." Surely Washington dealt only in the *former* kind of politics where ethical principles dominated his words and deeds. How different the politics of to-day that justifies itself in assailing the character and veracity of men in positions of high honor, even that of a chief magistrate of our country. Real issues are swallowed up and lost in personal attacks and vain attempts to disprove statements of others. Such a course can not fail to have a demoralizing influeuce in any community, to say nothing of the shadows left in many homes; except in legal investigations for protection or punishment, is such proceedure wise or justifiable? Even on this anniversay day our local press does not pause in its unholy war of words that savors little either of coming victory or glory. It is with sincere regret at the result. I recall an effort the Women's Christian Temperance Union made some years ago to have such a bill introduced in the Legislature as is now the cause of bitter contention. Had women been a part of his constituency and regarded worthy of notice by the delegate to whom the suggestion was made, possibly Kent, as well as Queen Annes county, would now be reaping the benefits of such a law, instead of being found in the distressing situation of having so many claimants for the honor of the *origin* of the bill, and efforts for its *success* or for its defeat.

No party politics can be attributed to this act of women that failed utterly to accomplish its purpose. With the ballot in their hands a return to politics more along ethical lines may reasonably be expected. READER.

Mr. Straus' Meeting.

A large number of Democrats of the town and county gathered in Firemen's Hall on Tuesday afternoon to hear Hon. Isaac Lobe Straus, candidate for the long term senatorship against Senator John Walter Smith, speak. Mr. Straus was accompanied to Chestertown by Mr. Shanklin, of Baltimore county, who delivered the opening speech, and he spoke forcibly in support of Mr. Straus. In his speech, which consumed about two hours, Mr. Straus discussed the recent published announcement by Senator Smith of his candidacy for re-election. Mr. Straus proved conclusively from the congressional record that Senator Smith had done just the reverse of what he claimed in regard to his vote on lumber, and cited instance after instance from the congressional record that Senator Smith had not only voted for a tariff of $2 a thousand feet on lumber, but that he was one of the most ardent advocates of high tariff on lumber in the Senate. He stated boldly and convincingly that Senator Smith had violated the pledge of the Democratic platform of 1908, which committed the party to the immediate repeal of the tariff on lumber, and that the entire record of the senior Senator was at variance with the true principles of Democracy, and he should, therefore, be defeated for re-election. The speech was listened to with rapt attention, and the telling blows delivered by the speaker against the record of Senator Smith produced a profound impression upon his hearers, many of whom were members of the Reactionary faction in this county which is supporting Senator Smith for re-election. Former Senator Slay presided, and the Chestertown band furnished music. Mr. Straus spoke in Salisbury to-day.

There will be presented woolens from all parts of the world, including smart English and Scottish mixtures, and models of the styles that will be worn this coming Spring and Summer, 1913, tailored to perfection by the exclusive HIGH ART Shops of Strouse & Bros., Baltimore.

THINK OVER THIS!

Do not confuse this line of clothing with that of other *"so-called made-to-measure houses,"* whose prices range from $13.50 up. Remember that these garments are *strictly hand-tailored throughout.* Their cut and style is a delight to the eye—each garment bears the touch of master-tailoring. We also are obliged to carry a cheap line of clothing, but we are catering in this instance to the best dressed men and men who can appreciate the vast difference between these and other clothes. This is the line for you, and you can rest assured that misfits and mistakes are foreign to such a line as can be.

A representative from the house of Strouse will be at our store on the dates mentioned to help you make a selection and to take your measure.

To meet a popular requirement this firm has decided to put the $26.50 grade of clothes—over fifty samples—within the range of $25.00. See our windows and note the fabrics exhibited there.

This one favor—See this array before you buy elsewhere, and if we cannot suit you in every particular, we will gladly forfeit your patronage.
