110,000 Buick Users!

Every One a Buick Booster

There is a certain prestige that owning your own motor car gives you in your community.

There is a certain satisfaction in knowing you own a car that will take you anywhere and bring you back. It is this quality of dependability which has put 110,000 Buicks on the road, and it is this same quality on dependability which has made every one of those 110,000 Buick users a Buick booster.

The Buick overhead valve motor has more power per cubic inch of piston displacement than any other type of motor ever built. It costs us more to make it but cost you less to run it.

Roadsters and Touring Cars $950 to $1,650, F. O. B. Flint, Mich.

(Continued form Page 6.)

as many. I now have six Black Minorca pullets and they laid only five eggs more during January than the two Orpington hens. Two against six and only five more eggs from the six. That proves the difference in winter laying.

This beautiful and useful bird is for sale, with setting of eggs, by John B. Parrott, of Still Pond.

THE COLUMBIAN WYANDOTTES.

It is an admitted fact that the Wyandottes are one of the foremost breeds in existence today and while the Columbian is the latest of the family, they are by no means the most popular. In fact, they are about second in the Wyandotte class. The White, I believe, being the most popular at present.

The Columbians have, however, arisen to their wonderful popularity, purely on their own merit. They are an all-purpose fowl equally adaptable to the fancier and utility breeder alike. They are a large bird, easily confined and very gentle, making the very best bird for the city fancier. Good winter layers of large brown eggs, good hustlers, fine roasters and broilers of unusual flavor. In caring for their young they are indeed ideal mothers.

Their beautiful black and white markings, graceful curves, yellow legs and bright red eyes and combs are points of beauty that are hard to beat. I believe the most important thing to be considered is quality. If you expect to be a fancier, start right. Get the very best you can afford. Better to have only a pair of fine birds than to have a pen of an indifferent quality.

The Columbian Wyandottes are bred by Messrs. Arthur Brice, of Betterton, and Wm. G. Rasin, of Still Pond, Mr. Rasin also has the celebrated White Leghorn.

BARRED ROCK STILL AT THE TOP.

The "old speckled hen" is still in the ring, and still on top in all qualities that go to make up a good breed. I don't want you to forget that. When you want to see the dollars pouring in to pay your grain bills and to reward you for your own efforts, you just pin your faith to the breed of your forefathers. They knew what a good breed was and what kind of a bird was necessary to withstand their hardships and keep cheerful and help lay the foundation for a future competency.

The Barred Rocks were pioneers just as your grandfathers were, and they still have that pioneer blood in them. They are just as much different from the ordinary breed as the descendant of an old axe swinger is different from the product of modern city civilization. They have stamina and vigor and vitality and all those sential things that we read of often without realizing what they mean. The Barred Rocks are raised by Mr. H. W. Anderson, Chestertown R. R. 2, and he is improving his fine strain every year.

Still Pond Farmers' Club.

The Still Pond Farmers' Club met at the home of Mr. Wm. B. Price, at Betterton. Although the day was stormy quite a number were present. A very interesting meeting was held. It was decided to get Prof. Besley, our State Forester, to give a lecture on Forestry in Still Pond some time in March and April. Clover Seed growing was discussed, then Mr. A. L. Harris and Mrs. Cornelius gave a talk about their visit to the Agricultural College. Both seemed to think they had learned quite a good deal. Mr. Harris' talk was on Fruit trees while Mrs. Cornelius told us how they raised chickens, etc. The club then adjourned to meet at the home of Mr. John N. Bennett the last Thursday in March. Among those present were: Mr. and Mrs. Daniel Hill, Mr. and Mrs. James Harris, Mr. and Mrs. Fred Cornelius, Mr. and Mrs. A. Mair, Mr. and Mrs. Leonard Price, Mr. and Mrs. Arthur Harris, Mr. and Mrs. Walter Harris, Mr. and Mrs. Harry Redding, Mr. and Mrs. Raymond Price, Mrs. Kate Crew, Mrs. Roeder, Miss Bertha Price, Rev. Mr. Moore, Mr. Samuel Rosebury, Mr. Wm. Bonwill, Mr. Harris Crew and Mr. J. Jarrell.

Worton Items.

Messrs. Chas. Ivens and John Carter were in Baltimore for a few days of this week.

The St. Patrick's party held by the Ladies' Aid of Union M. E. Church at the home of Mr. George Williams was largely attended and a most enjoyable evening was spent.

The Mite Society of the Presbyterian Church held a "Fishing Party" at Mr. P. B. Rasin's on Tuesday evening. Quite a good sum was realized to swell the new carpet fund.

Miss Mary Parsons has been a "shut-in" for some time, suffering from the grippe.

Mr. Robie Rasin and wife removed from Wilmington to the property of Mr. P. B. Rasin at Catt's Corner this week and will engage in merchandise business.

The Easter services at Union M. E. Church last Sunday were very good and enjoyed by all present.

We extend a heartfelt sympathy to Rev. Wm. Clews and wife in their recent bereavement. The Lord giveth and the Lord taketh away.

Grange Notes.

At the meeting of the Kenedyville Grange on Monday evening, after transacting matters of business, an interesting paper was read by Mr. Charles Clendaniel, bearing upon the short term farm course weich he had recently taken at the Md. Agricultural College.

A question box was then held.

The meeting next Monday evening will begin at 7 o'clock, to permit the conferring of first and second degrees upon candidates.

The nrw flag recently acquired by our order will be formally presented to the Grange.

Mrs. Harry J. Williams of the Still Pond Grange, will give a talk upon poultry.

YOUR RHEUMATISM

is probably due to uric acid in the system—the blood must be purified—the poisonous acid driven out and general health must be improved.

Thousands testify that *Scott's Emulsion* rids the system of poisonous acid by enriching the impoverished blood, and its concentrated nourishment is converted into red blood corpuscles which *drive out rheumatism.*

It is especially valuable to aged people.

Ask for and insist on SCOTT'S.

SCOTT & BOWNE, Bloomfield, N. J. 12-60

THE WIZARD LIGHT

The latest inventions represent the acme of perfection in artificial lighting. After being properly installed are guaranteed to give more brilliancy than electricity or city gas at one-tenth the cost. We can also furnish stoves which are operated in connection with these lights. This system in a home does away with the daily filling and cleaning of lamps. Every country home should have a system, thereby being furnished with city conveniences at one-tenth the cost.
