INFORMATION FOR
Progressive Threshermen
FOR 1913

SUGGESTIONS

If an Article Wears Well and Does the Work we Soon Forget the Cost; if it Does Not Wear, we Always Remember the Price.

The 20th Century Farmer demands thorough and clean threshing and quick work. If you can satisfy him on these points, you can retain his trade, and at practically your own price.

In buying a Threshing Rig, it is, therefore, very essential that the progressive thresherman, if he would make his business profitable, recognize the necessity of getting not only the best constructed and most durable machinery, but machinery that is convenient to handle, easily adjusted to suit various conditions, and free from numerous complicated parts. It is self-evident that the more complicated a machine is, the more trouble and delays you will likely experience.

If you want machinery that will meet all conditions successfully without the necessity of spending a large percentage of your profit for repairs, WE have it. Our late models are the "Acme" of perfection and will please the most exacting. Advising with us, we believe, will stimulate your interest in the FRICK line to the extent of seeking further information before your final decision.

Send for free Catalogue giving details of our popular Rigs. Give us an idea of the quantity of grain you wish to handle daily and we will tell you what size will be best suited to do the work economically and profitably in a business that must be handled in a comparatively small part of the year.

Remember that all Machinery is Fully Guaranteed and Must Be as Represented.

How Postmaster-General Surprised the Kent Delegation.

The Baltimore American published a column of interesting reading on Tuesday relative to the visit of the Kent county Hikers to Washington. They found they were up against something when they struck Mr. Burleson, and this is the way the American says he handled them:

"While the Marylanders made no personal objection to Mr. Collins they pointed to the fact that he had the support of only 10 per cent. of the patrons of the office and was not supported by the regular party organization in the county. Mr. Burleson then laid Mr. Collins' indorsements before his visitors. His papers showed the signatures of two of the three members of the Democratic State Central Committee for the county and of the five County Commissioners.

"If you Democrats elect these gentlemen," said Mr. Burleson, "you must stand by them." The applicants who went along with the delegation were C. B. Dudley, Benj. J. Duling, B. F. Vansant and Norman A. Wallen. They only took Messrs. Duling, Vansant and Wallen along to see the fun. They never intended to do anything for these three gentlemen. Dudley was the man the delegation recommended, and they only took the other three along to see that it was done right. And W. Finley Collins, the fourth applicant, he stayed home, and got the job. Those in the delegation beside the candidates were William W. Beck, Lewin W. Wickes, Harrison W. Vickers, S. Scott Beck and Wm. B. Usilton. The visitors were informed THAT THE PRESIDENT HAD RESERVED THE BALTIMORE AND MILLINGTON POSTOFFICES FOR MR. MARBURY'S FRIENDS TO DEMONSTRATE HIS FRIENDSHIP FOR THE ANTI-ORGANIZATION CANDIDATE FOR THE SENATE.
