State of Maryland, County of Kent, ss: I, W B. Copper, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

W. B. COPPER, Cashier.

Subscribed and sworn to before me this 10th day of April, 1913.

SIDNEY P. TOWNSHEND, Notary Public.

Correct—Attest:

GEORGE D. LOFLAND,
HOPE H. BARROLL,
WILBUR W. HUBBARD,
Directors.

I'M TAKING MEASURES for the INTERNATIONAL TAILORING CO., of New York, Chicago and London, the largest exclusive, MADE-TO-MEASURE Clothing plant in America. The proposition I'm offering is entirely different from others, and the FIT, MATERIAL AND WORKMANSHIP fully guaranteed, both by me and this plant. The quotations on 500 specimens will be an agreeable surprise to anyone having a suit to buy. Call at my office and investigate.

Respectfully,

W. E. Moody,

UNDER THE VOSHELL HOUSE NEXT TO ROBERT McWHORTER'S,

Chestertown, - Maryland.

Our Merchants' Interest.

Straw Hats—If you have seen any new spring straws on the street of this town, it is claimed that they came from the up-to-date firm of Bordley & Son, since they state they are the only merchants who have shown them so far this season. No hat more than $2.50 and no hat under $1.00. Why not look them over?

Moody, "the fitter," is fitting them, guaranteeing perfect fits or no sale, materials, workmanship and trimmings the best obtainable, and the extra inducement—the price—is attracting special attention. The International, exclusively made-to-measure clothing plant of New York, Chicago and London do the rest. He is suiting quite a number.

M. Kramer, the hustling Rock Hall merchant, will have an attractive change of advertisement in our next issue. He is as busy as a bee with his large spring sales but will take time next week to tell you something interesting.

Notice to the Traveling Public!

Beginning on Saturday, April 26th, 1913, we will meet every boat to and from Baltimore at Tolchester with an Automobile, carrying passengers to and from Chestertown. Will make the trip rain or shine. Will call at residences and hotels for passengers upon notice. Leave for Tolchester at 7.45 A. M. and 2.45 P. M. on Saturdays, and 9 A. M. every other day. Fare, $1.00 each way.

Corn Planters

The new Superior Planter is the ideal in corn planters. It is what its name implies, "SUPERIOR." Has both edge and flat drop by simply changing the plates. Corn experts say the flat drop is necessary in order to plant the round grains, so we are able in this planter to furnish both. It has the quick change of quantity without change of plates, planting 2, 3 or 4 grains by simply moving the lever.

Now, the one thing that has given all manufacturers of planters trouble is the fertilizer attachment. The attachment for this planter is only the one made that is smaller at the top than it is at the bottom, which makes it absolutely impossible for the fertilizer to clog up and assuring you at all times of getting the regular quantity in each hill.

We have the machine on our floor which we will be pleased to show you. Call and see it.

INFORMATION FOR Progressive Threshermen FOR 1913

SUGGESTIONS

FRICK MACHINERY

If an Article Wears Well and Does the Work we Soon Forget the Cost; if it Does Not Wear, we Always Remember the Price.

The 20th Century Farmer demands thorough and clean threshing and quick work. If you can satisfy him on these points, you can retain his trade, and at practically your own price.

In buying a Threshing Rig, it is, therefore, very essential that the progressive thresherman, if he would make his business profitable, recognize the necessity of getting not only the best constructed and most durable machinery, but machinery that is convenient to handle, easily adjusted to suit various conditions, and free from numerous complicated parts. It is self-evident that the more complicated a machine is, the more trouble and delays you will likely experience.

If you want machinery that will meet all conditions successfully without the necessity of spending a large percentage of your profit for repairs, WE have it. Our late models are the "Acme" of perfection and will please the most exacting. Advising with us, we believe, will stimulate your interest in the FRICK line to the extent of seeking further information before your final decision.

Send for free Catalogue giving details of our popular Rigs. Give us an idea of the quantity of grain you wish to handle daily and we will tell you what size will be best suited to do the work economically and profitably in a business that must be handled in a comparatively small part of the year.

Remember that all Machinery is Fully Guaranteed and Must Be as Represented.
