TAKE

MOODY'S

sure cure for misfits, guaranteed to cure or you don't have to take it. You may think you've been fitted perfectly before. BUT—try one, measured by me and made by the International Tailoring Co., and I don't believe the other fellow can summon courage enough to tell you—"Here's something just as good"—and the sale cost will be a revelation to you.

Respectfully,

W. E. MOODY, *Office under Voshell House next to Robert McWhorter's,*
CHESTERTOWN, MARYLAND.

AFTER driving Detroiter 7,500 miles over all so rt of roads, I recommend it to any one desiring the purchase of an Automobile. It is by far the leading $900 car in America to-day—possessing features only found on $1200 to $1500 machines. After using machines for 5 years I am in a position to know when I see a dependable, desirable car, and the "Detroiter" is just *that* car. You get an Automobile in quality, style and motoring qualities when you get a "Detroiter."

INFORMATION FOR
Progressive Threshermen
FOR 1913

SUGGESTIONS

If an Article Wears Well and Does the Work we Soon Forget the Cost; if it Does Not Wear, we Always Remember the Price.

The 20th Century Farmer demands thorough and clean threshing and quick work. If you can satisfy him on these points, you can retain his trade, and at practically your own price.

In buying a Threshing Rig, it is, therefore, very essential that the progressive thresherman, if he would make his business profitable, recognize the necessity of getting not only the best constructed and most durable machinery, but machinery that is convenient to handle, easily adjusted to suit various conditions, and free from numerous complicated parts. It is self-evident that the more complicated a machine is, the more trouble and delays you will likely experience.

If you want machinery that will meet all conditions successfully without the necessity of spending a large percentage of your profit for repairs, WE have it. Our late models are the "Acme" of perfection and will please the most exacting. Advising with us, we believe, will stimulate your interest in the FRICK line to the extent of seeking further information before your final decision.

Send for free Catalogue giving details of our popular Rigs. Give us an idea of the quantity of grain you wish to handle daily and we will tell you what size will be best suited to do the work economically and profitably in a business that must be handled in a comparatively small part of the year.

Remember that all Machinery is Fully Guaranteed and Must Be as Represented.

CALDWELL GAINING VOTES.

He is receiving assurances of support every day from one end of the county to the other, and is making a quiet though effective campaign. Mr. Caldwell is as straight as a string. Everybody likes Sam Caldwell, because he is honest and true. He has never been anything else than a Democrat, never voted anything else than the Democratic ticket, and has been loyal to his party friends always.
