CONSULT
MOODY

over your clothing troubles. He has the remedy and also numerous testimonials from patrons right here at home, attesting the fact that he has the antidote guaranteed to relieve the pressure of *high prices and misfits.*

Backed by the International Tailoring Co., of New York, Chicago and London, and a successful, straightforward experience of 25 years in the clothing business in my own town, coupled with no stock to carry and carry over—WHY shouldn't I do business? Let me show you.

Respectfully,

W. E. MOODY, *Office under Voshell House next to Robert McWhorter's,*
CHESTERTOWN, MARYLAND.

AFTER driving Detroiter 7,500 miles over all sort of roads, I recommend it to any one desiring the purchase of an Automobile. It is by far the leading $900 car in America to-day—possessing features only found on $1200 to $1500 machines. After using machines for 5 years I am in a position to know when I see a dependable, desirable car, and the "Detroiter" is just *that* car. You get an Automobile in quality, style and motoring qualities when you get a "Detroiter."

INFORMATION FOR
Progressive Threshermen
FOR 1913

SUGGESTIONS

If an Article Wears Well and Does the Work we Soon Forget the Cost; if it Does Not Wear, we Always Remember the Price.

The 20th Century Farmer demands thorough and clean threshing and quick work. If you can satisfy him on these points, you can retain his trade, and at practically your own price.

In buying a Threshing Rig, it is, therefore, very essential that the progressive thresherman, if he would make his business profitable, recognize the necessity of getting not only the best constructed and most durable machinery, but machinery that is convenient to handle, easily adjusted to suit various conditions, and free from numerous complicated parts. It is self-evident that the more complicated a machine is, the more trouble and delays you will likely experience.

If you want machinery that will meet all conditions successfully without the necessity of spending a large percentage of your profit for repairs, WE have it. Our late models are the "Acme" of perfection and will please the most exacting. Advising with us, we believe, will stimulate your interest in the FRICK line to the extent of seeking further information before your final decision.

Send for free Catalogue giving details of our popular Rigs. Give us an idea of the quantity of grain you wish to handle daily and we will tell you what size will be best suited to do the work economically and profitably in a business that must be handled in a comparatively small part of the year.

Remember that all Machinery is Fully Guaranteed and Must Be as Represented.

At a recent public gathering in the Second District, at which there were 23 voters present, a poll of the voters was taken. A well-known politician of the Fourth District offered to bet $25 to $5 the other day that Caldwell will carry the first over Ahern by 50 majority. He has had no takers. Odds of 10 to 1 are offered on Harris and Kibler for the Legislature.

And done a worthy deed. m10-3t
