WE, TOO, will have a poultry show.

LOOK over the Anti-Organization ticket, and see if you don't think it is a winner.

THE Anti-Organization stands for the PEOPLE; the Organization stands for MONEY. It is the PEOPLE against MONEY in this campaign.

IT IS believed that the date of the primaries will be August 26th. Chairman Murray Vandiver, of the Democratic State Central Committee and Chairman Hanna, of the Republican committee, are said to have agreed upon this date.

STONEWALL J. JOHNSON, of the First, Philip Myers, of the Second, and Chas. M. Vickers, of the Seventh, will be the Anti-Organization candidates for delegates to the State Convention in the primaries to be held in August. You could not ask for better or more capable men than these to represent the people at the State Convention. They are winners.

THE announcement of the candidacy of Charles W. Kibler and James G. Harris for the Legislature was received with great approval in all parts of the county. Both Mr. Harris and Mr. Kibler are farmers and watermen. They know the needs of both elements of our population, and their ability to fill the office they seek is recognized by every one. They are winners because they are Democrats.

THERE is mutiny in the rank and file of the Organization faction. They are by no means satisfied with several of the candidates whom the Chestertown leaders have selected, and there has been talk during the week of asking at least one candidate to withdraw. Instead of the ticket creating satisfaction, as it has been proclaimed that it has, the rank and file of the faction are kicking like steers against several of the candidates' "regularity."

A GENTLEMAN in our office on Saturday said: "No man in this county has done more for the farmers and stock-raisers' interests than has Sam Caldwell. He is as honest and as square as you make 'em, and he should get the vote of every farmer in the county." Mr. Caldwell has never voted any other than the Democratic ticket, nationally or locally, nor has he ever split his ticket in elections. He's a Democrat, good enough for all Democrats to vote for.

THE Baltimore American is sore on Senator Smith for confirming Col. Sherlock Swann as postmaster at Baltimore, and is booming Isaac Lobe Straus as State leader and the Organization candidate for the Senate. Senator Smith will not be a candidate for the Senate when the show down comes, but Mr. Straus will not be the Organization candidate. There will be nothing to it but Marbury when the votes are counted, it makes no difference how hard they may kick about federal interference.

REV. MR. MYTHER, the principal speaker at the Womans' Suffrage meeting in the Court House on Tuesday evening paid his respects to Senator John Walter Smith, which could not have been very much relished by the husbands of some of those ladies who are actively identified with the cause of Woman's Suffrage in this county. Rev. Mr. Myther attacked Senator Smith for the appointment of Schœnewolf, and said that Senator Smith never voted for anything decent in his life. Rev. Dr. L. E. Barrett presided and stated that he was not a conservative, for he believed in new things, new principles and reforms in government, which tended to promote the general welfare of the people. Miss Lola Trax, and Mrs. Brown, of Baltimore, leaders in the Woman's Suffrage movement, also spoke.

STATE CENTRAL COMMITTEE.

Sheriff Wm. H. McKee has made such a good record in managing the sheriff's office, that his friends have induced him to be a candidate for the State Central Committee, which has the management of the Democratic party as its business. Sheriff McKee has consented to run in the interest of his faction. Sheriff McKee says if his party was good enough to give him an office to which there is a salary attached, he is loyal enough to become a candidate for an office to which there is no salary attached if his party calls him. This is a splendid position for the sheriff to assume, and such loyalty will win him many a vote. He will make a splendid man for this office, and we believe that he will win. Capt. John J. Crouch, one of the best known Democrats, and a staunch friend of the oystermen in Piney Neck and the Fifth, will be the third member of the committee. Mr. George E. Noland, of the Sixth; Wm. H. McKee, of the Fourth, and Capt. John J. Crouch, of the Fifth, make an exceptionally strong State Central Committee, and they will win because they are all capable and very popular men.

UP TO OLD TRICKS.

We understand that Mr. Howard Turner, one of the Organization candidates for the Legislature, is telling some of the Anti-Organization voters that he is in favor of the repeal of the Gibbs Road Law. It will be remembered that some of the Organization candidates two years ago told some of the voters that they were in favor of the repeal of the Gibbs Road Law, and one of them is even reported to have promised that if he were elected he would repeal the law. Did Mr. Beck do anything to repeal the law after he got to the Senate? And did not the Organization do everything they could to prevent the repeal of the law, after Mr. Harris and Mr. Miller passed the bill through the House to repeal the law? One of their candidates for office now circulated a petition against the repeal of the law, and the Beck organ published a list of names of those who had been induced to sign the petition against the repeal of the law. THE GIBBS ROAD LAW IS THE ORGANIZATION'S STOCK IN TRADE. They can no more exist without the "emoluments" of the Gibbs Road Law than they could refrain from wasting the tax-payers' money on the roads. Now how can Mr. Turner be in favor of the repeal of the backbone of his Organization? The Organization wouldn't let him be, even if he wanted to be, and everybody knows that Mr. Turner would never displease the Organization. The Organization would sooner go down to the defeat that is awaiting them rather than repeal the Gibbs Road Law, and if Mr. Turner is making this statement to Anti-Organization voters, he had better be careful or some of his Organization friends might kick over the traces.

INTERESTING CONVERSATION.

Two gentlemen, one an Organization leader in a certain district in the county, and the other an Anti-Organization leader, were discussing the Organization ticket as announced recently. The political record of each was passed over until they struck the names of John P. Ahern, candidate for treasurer, and Howard Turner for the Legislature, and it was here that the Organization leader made short answers. The Anti-Organization leader said:

"Mr. Ahern's record is open to criticism. He acknowledges that he voted for McKinley for President in 1896, and he is reported to have done so in 1900, and two years ago Mr. Ahern fought every Organization candidate on the ticket, and was tied up with the Anti people, while last year in the judgeship fight he was on the fence, and neither the Antis nor the Organization knew where he was."

"Well," said the Organization leader, "I think Mr. Ahern has always been a Democrat."

"You ask him," said the Anti leader, "if he didn't vote for McKinley in 1896 and 1900, and see what he will tell you, and as for Howard Turner, you know that he has always been regarded as either a Prohibitionist or a Republican, and it is a fact that he voted for President Taft, and his whole family have been either Republicans or Prohibitionists. Can't you people find enough Democrats to put on your ticket without going and getting those whose political careers have been too close to the Republicans for good Democrats to vote for?"

"Well," said the Organization leader, "I ADMIT THAT TURNER'S RECORD AS A DEMOCRAT IS NOT JUST STRAIGHT."

"No," said the Anti leader, "he's not a Democrat, and you people should not run him." And here the conversation ended, as the Organization leader was called away.

We vouch for the truth of this conversation, and are prepared to give names.

H. SACHS & SON,
Ladies' and Men's Outfitters—The New Store,
TOULSON BUILDING, CHESTERTOWN, MD.

To Land Owners of Kent, Queen Anne's & Adjoining Counties

GENTLEMEN:

What is your straw worth to you as a fertilizer? The Bureau of Plant Industry, No. "A" 77, issued by the U. S. Government, gives the value of various litters for use in barn yard, as follows:

Kind of straw or litter	Analysis (pounds per ton). Nitrogen.	Phosphoric acid.	Potash.	Fertilizing value per ton.
Wheat straw	9.6	4.4	16.4	$2.96
Rye straw	11.2	5.1	18.1	3.44
Oat straw	14.4	3.6	23.0	4.19
Barley straw	11.4	5.0	23.5	3.70
Pea straw	20.8	7.0	19.8	5.32
Soy-bean straw	14.0	5.0	22.0	4.15
Buckwheat straw	13.0	7.1	24.2	4.15
Millet straw	14.0	3.6	34.0	4.68
Marsh hay	17.2	10.6	54.0	6.47
Leaves	15.0	3.2	6.0	3.46
Rice straw	15.1	5.2	8.4	3.70

Saw dust contains the same values as wheat straw per ton as a fertilizer. You will note that Marsh Hay (Salt Grass) has more than double the manuring value per ton that wheat straw has, as it contains more than three times as much Potash as wheat straw, and over twice as much Phosphoric Acid and Nitrogen that wheat straw contains.

You will note that wheat straw has the lowest fertilizing value of any of the litters above named. We quote from Farmers' Bulletin No. 56, issued by U. S. Government, and the last paragraph on page 27.

"ONE POINT WHICH HAS BEEN CLEARLY BROUGHT OUT BY RECENT INVESTIGATIONS is that the addition of straw may very decidedly reduce the fertilizing value of manure THE INJURIOUS EFFECT BEING GREATER THE LARGER THE AMOUNT OF STRAW USED. This is explained by the fact that straw contains organism which convert the available nitrogen in manures and in the soil into forms which the plants cannot utilize. THE EXCESSIVE USE OF STRAW AS A LITTER UNDER ANIMALS SHOULD THEREFORE BE CAREFULLY AVOIDED IF THE MOST EFFECTIVE MANURE IS DESIRED."

We further quote you from "FARM FERTILIZERS, in Bulletin No., "A" 77, BUREAU OF PLANT INDUSTRY, issued by the U. S. Government, under the heading of "Farmers Co-operative Demonstration Work," page 5, latter part of first paragraph.

"Straw and saw dust similarly worth about $3.00 each per ton. These values, of course, are based on their total composition. In actual practice it is safe to assume that half of these values are available, but it is only after undergoing decomposition that these values are available." If these statements, based on actual experiments, are correct, then your straw has a fertilizing value (if decomposed) of about $1.50 per ton. If not decomposed it is a detriment, as quoted from "Farmers' Bulletin" No. 56.

We will be pleased to send you copies of Bureau of Plant Industry No. "A" 77, also Farmers' Bulletin No. 55, upon request, as we have quoted from these to impress you with the results of practical tests.

If you spread your straw and plow it under, its action is mechanical and is of not as much value as "rag weeds." If you spread it and burn it, it is practically wasted, as the few pounds of Potash which a ton of burned straw will produce makes it a high cost per pound to you, as you will not get six pounds of Potash from a ton of burned straw, and the nitrogen and phosphoric acid go up in smoke. Whereas, a ton of Marsh Hay (salt grass) which is ignored by farmers who have marshes and do not utilize this "marsh grass" contains 54 pounds of potash per ton.

DOES IT PAY TO USE STRAW EXCESSIVELY AS A LITTER?

DOES IT PAY YOU TO SPREAD IT AND PLOW IT UNDER?

DOES IT PAY YOU TO SPREAD AND BURN IT, WHEN YOU CAN FIND A READY SALE FOR IT BY CALLING ON THE AMERICAN STRAWBOARD CO., CHESTERTOWN, MD.?

Do you think the LAND OWNERS named below know the value of these products? They sell all the straw they have to spare:
