THE Anti-Organization faction is the poor man's faction.

THE Organization forces made the tax rate **$1.85**. The Anti-Organization made the rate **94** cents. Difference in favor of the tax-payers **91** cents. Whose candidates are you going to vote for?

PRESIDENT WILSON has his own way of doing things, and they are usually the right and proper way. The President's currency bill has been most favorably commented upon by bankers and business men, and his views as embodied in the bill are pronounced sound and practical.

EVERY candidate on the Organization ticket is an ardent John Walter Smith man. What kind of a friend to the farmers and grain growers, or to the oystermen has Senator Smith proven himself to be, and how can the Organization candidates be interested in the welfare of the farmers, if they are so anxious to see Senator Smith return to the Senate, where he has gotten in so many licks against the farmers?

MR. HARRY PRICE, who was appointed a member of the county auditing committee by the court to succeed Mr. Edward W. Hepburn, whose term had expired, having failed to qualify, Messrs. Thomas G. Wroth and Wm. G. Smyth, the other members of the committee, have filled the vacancy by the very excellent appointment of Mr. P. A. M. Brooks, of Chestertown. The committee will organize at a meeting in July.

IF THE Organization keep on allowing that fellow, whoever he is, to write those near-column editorials in the Beck organ, he will put the Organization out of business long before the primaries. There is already a very noticeable lessening of activity among the leaders, and also of the holding of "social functions" on the river and bay shores, and a few more Saturdays such as we have had for the past month will about put the finishing touches to Organization hopes.

THE Kent News said last Saturday that some of the schools in the county would have to be closed next year *because the County Commissioners won't give the School Board enough money to run the schools.* The School Board has closed five schools in the county, and says it is BECAUSE OF AN ATTENDANCE BELOW THE REQUIRED AVERAGE OF TEN SCHOLARS DURING THE YEAR. If the Kent News' reason is correct, there should certainly be no deficiency in the school fund next year, because, by the closing of these five schools in accordance with the state law, there will be a saving of some $2000 or $2200, and if the reason assigned by the School Board is correct, then the Board of County Commissioners has certainly acted most wisely in making the usual appropriation of $35,000 for schools for next year, and there should be enough money to provide for all expenses and possibly increase the teachers' salaries somewhat. In any event the school commissioners are responsible.

DISAGREEMENT IN SCHOOL BOARD.

Mr. John P. Ahern, president of the School Board, has a letter in this issue expressing his opposition to the closing of five of the schools in the county by the School Board at their meeting on Monday. Mr. Ahern states that he was not present at the meeting, was not consulted in reference to closing the schools, and is strongly opposed to the movement. Mr. Ahern stated in our office on Thursday afternoon that being the Democratic member of the Board, he is in the minority, and therefore has no influence against the majority. He also stated that he is opposed to politics in the schools. There is a conflict of opinion as to the *real* reason for closing these schools. There is a strong opinion that politics is behind the whole thing, and when it is considered that a majority if not all the teachers in the schools have been closed, namely, Julia Nicholson, Nora Boston, Ethel Hill, are daughters of adherents of the *Anti-Organization faction* and Miss Ina is the granddaughter of one, would seem to lend color to the belief that politics is responsible for the closing of these schools.

THE attack upon William H. Anderson, Superintendent of the Anti-Saloon League, by young Uhlman, son of a liquor dealer, in Baltimore on Saturday, was, in our judgment, absolutely unwarranted and cannot fail to do Mr. Anderson and the cause he represents, a great deal of good. Mr. Anderson is like every other man in public life—he has numerous enemies. We do not approve of many of the methods employed by Mr. Anderson to accomplish the success of the great cause he represents. Thousands of people in the State, however, are in sympathy with the cause Mr. Anderson represents, if not with the policies and methods he employs in bringing about the accomplishment of those methods, and no dog whip on earth will ever stop the onward march of the temperance sentiment, especially when wielded by a reckless hand. There was absolutely no justification for the attack upon Mr. Anderson, and he will be the winner because of Uhlman's rashness.

TAXES OR FAMILY HISTORY.

The Beck organ of last Saturday contained a lengthy editorial on FAMILY HISTORY, making it the subject for a leading editorial. Just as if this question were the leading issue in this campaign. This suggested a thought to us, and we give it to the tax-payers, just to show a comparison between the taxes a man was compelled to pay for the maintainance of his county government and family history, with no idea whatever to reflect in the least manner upon Mr. Eliason's honored and esteemed family relations. Mr. Eliason is probably the largest tax-payer in the county, and is one of our most representative citizens. There is no reason why Mr. Eliason or any other tax-payer should be compelled to pay any more taxes than is necessary for the county's expenses. Here is an interesting comparison. We compare Mr. Eliason's taxes on property in 1910 when the tax rate was **$1.85** and in 1913 when the rate is **$.94** on his property in the Sixth District only:

1910.

ASSESSMENT.

$18,584 at $1.85 ..... $343.80

1913.

$20,300 at .94. ..... 190.82

Difference **$152.98**

The difference in the amount of taxes which Mr. Eliason paid on the same piece of property, in spite of the new assessment under the Organization in 1910 and in this year under the Antis is **$152.98**, ALMOST HALF OF WHAT IT WAS UNDER THE ORGANIZATION IN 1910. If the cost of living is higher to-day than it was in 1910, and the cost of everything else is much higher in proportion, will the Beck organ be good enough to tell the people of the county why Mr. Eliason was compelled to pay **$343.80** for the county expenses in 1910 UNDER THE ORGANIZATION, and only **$190.82** on the same piece of property in 1913 under the Antis, unless it was on account of somebody's extravagance. The cost of living was not higher in 1910 than it is in 1913. Surely it must have been the COST OF HIGH LIVING that caused the tax rate of $1.85 in 1910. In which are the taxpayers more interested TAXES or FAMILY HISTORY?

JUST PLAIN PEOPLE.

The adherents of the Anti-Organization faction in Kent county lay no claim whatever to aristocracy. They are simply the plain, substantial, honest people, who believe in paying an honest price for what they get, and in receiving an honest return for that which they buy. They are the tillers of the soil, the delvers into the deep sea and the hewers of wood, rather than the children of special privilege, and in their veins there flows the blue blood of a hard working and government creating ancestry. They boast no family trees, yet they glory in the sterling integrity of their fathers; they court no pomp nor ceremony, yet they take a pardonable pride in their achievements for civic good. The great middle class of the population of Kent county is to be found within the Anti-Organization ranks, and they are the people, who by the sweat of their brows and the breadth of their intelligence have placed the conduct of their county's affairs upon an economical basis. The adherents of the Anti-Organization faction in this county are Democrats, not primarily and exclusively aristocrats. Just please remember that wealth, fine looks and fine clothes do not make fine men, and if the Kent News and its editorial writers want to designate the adherents of the Anti-Organization in this county as the *mob element*, simply because we do not wear silk stockings, parade our wealth for purposes of show, and make a mockery of much of our social life, our friends in Kent county will be content with being—just simply, the plain, substantial element of our population, happy in its rugged honesty and wealthy in the simplicity and effectiveness of our social well being. This is the way the Kent News and its editorial scribe classed our friends—the Antis—last Saturday.

"We must credit them, however, with a kind of political cuteness and acuteness in this move, because there is always an element that is caught by such clap-trap. That element may in a sense be termed the mob element. It is composed of a class jealous of the success of other people, no matter along what line achievement is attained. Jealous of wealth, health, social standing, good looks, good clothes,—jealous of anything that elevates their fellow man a degree higher in the scale of perfection."

Mr. Tax-payer, are you a Democrat or an aristocrat?

NOT TO OPPOSE APPOINTMENTS.

The Baltimore American is responsible for the statement that Senator John Walter Smith has apparently taken the attitude that regardless of his personal feeling, he will not oppose the confirmation of any Maryland appointment sent to the Senate by President Wilson. How could he, and be thoroughly in accord with the policies of the President, as he has declared that he is? Things don't look very prosperous for the Organization in Kent, do they? They are slippin', slidin' downward every day.

THE most encouraging reports of Anti-Organization success in the primaries in August are coming from all sections of the county. You know the Antis carried every precinct and district in the county in the last primaries, except the Millington precinct of the First District. Now let's make it *unanimous* this time, and it looks mighty like it's going to be done. The 94-CENT TAX RATE is at work up there, too, and it's cutting a swarth. It's got our friend John P. on the run, morning, noon and night, and it looks like it will be day after the primaries before he even gets a glimpse of the havoc the tax rate has played with his hopes. Go it, boys, the 94-cent tax rate has got him beat a mile.

TOLD YOU SO.

In the election for town commissioner in Betterton last Friday, a Democrat and a Republican were the opposing candidates. Mr. Howard Turner, the Organization Democrats' candidate for the Legislature, supported the REPUBLICAN and used his influence for his election. And besides this, Mr. Turner and his friends had a colored man to vote in the election for the first time in the history of the pretty bayside resort. If Mr. Turner expects the Democrats to vote for him in the primaries how could he support and use his influence for a Republican in his town election? Col. Suplee is a splendid gentleman, and we have no criticism whatever to offer of him personally, but politics is politics, and if Mr. Turner is a Democrat, as his friends claim, he should have supported the Democratic candidate, especially after he sent a friend of his to Mr. Emerson, the Democratic candidate, who told Mr. Emerson that Mr. Turner said he was behind Mr. Emerson.

PEOPLE'S COLUMN.

To Public School Patrons.

I wish to announce to the patrons of the schools which a majority of the Board ordered permanently closed last Monday, that I was not present at the meeting on account of not being well and rainy weather; that I was not consulted in reference to the matter, and that I am opposed to the closing of the schools.

I believe it due the patrons of the schools that my position on such an important question be known.

I am assured by the majority of the Board that if funds are furnished that these schools will be reopened this fall.

J. P. AHERN.

Schools to be Closed.

At a meeting of the Public School Commissioners held on Monday it was decided to permanently close several of the county schools because of small attendance.

The schools that will be discontinued are situated as follows: one in First District, near Millington, taught by Miss Huhn; Hibernia, in Second District; Miss Hill, teacher; Urieville, Miss Boston, teacher; Fancy, in Sixth District, Miss Nicholson, teacher; and Wilkins Lane, in Seventh District, Miss Cooper, teacher. None of these schools have maintained an average attendance of 10 during the last scholastic year, it is said, and will be discontinued in accordance with the State law.
