Our Clothes
Back Up Our Advertising

A CLOTHIER'S mere desire to serve his patrons well—to give them the best value for their money amounts to nothing—unless his stock of merchandise is able to back up his good intentions.

The man who has been disappointed elsewhere probably suffered more from smallness of stock and lack of expert judgment in buying on the clothier's part than from any ill intention to give him less than his money's worth.

You will find here, not only a robust desire to serve your best interests carefully and well, but you will find the largest and most complete stock of clothes in this vicinity to select from.

Our summer suits are now ready for you—get one and enjoy the warm weather. Priced to suit you.

Importance of Healthy Kidneys

Chestertown Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Chestertown citizen's advice.

Mrs. A. A. Sparks, High St., Chestertown, Md., says: "I have used Doan's Kidney Pills and they have given highly satisfactory results. I strongly recommend this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NO GROUNDS FOR SUPPORT.

A prominent gentleman who takes much interest in the financial and political affairs of his county, said the other day: "I can't for the life of me see upon what grounds the Organization forces can hope to nominate a single one of their candidates in the primaries. It is generally conceded that Urie is running Organization politics, and the people of the county should know by this time what Urie politics is, and then when the Organization faction had control of the commissioners' office, they wasted the people's money and left a tax rate of $1.85 for the people to be burdened with, and their present control of the roads in the county is about the worst mess the county has ever been in, and I can't see how they can ever have the nerve to ask any one to vote for a single one of their men."

New Telephone Service.

By the purchase of the entire capital stock of the Farmers' and Merchants' Telephone Company, operating in Queen Annes, Caroline, Talbot and part of Kent counties, the Chesapeake and Potomac Telephone Company assumes control of the company. The Public Service Commission approved this purchase last week.

The Farmers' and Merchants' Company has for a number of years successfully operated the telephone service on the Eastern Shore, with exchanges at Denton, Easton, Centreville, Ridgely, Federalsburg, Greensboro, Henderson, Hillsboro, Millington, Oxford, Preston, Queenstown, St. Michael's, Tilghman, serving about 1,500 subscribers.

At a meeting this week the following officers were elected: President, M. H. Buehler, who is also 2nd vice-president and general manager of the Chesapeake and Potomac Telephone Company; vice-president, S. M. Greer, who is general commercial superintendent of the Chesapeake and Potomac Company; secretary and treasruer, A. P. Crenshaw, at present assistant secretary and treasurer of the Chesapeake and Potomac Company. These, together with the following, constitute the new board of directors: G. S. Rairigh, of Denton, Md.; D. K. Crouse, of Queen Anne, Md., and D. P. Holsinger, of Ridgely, Md., all of the old board of directors, and W. A. Tower, general plant superintendent of the Chesapeake and Potomac Telephone Company, of Baltimore city.

Mr. Buehler, the newly elected president, who is at the head of the Chesapeake and Potomac Telephone interests in Baltimore, stated after the meeting for the present there would be no change in the management of the company's property. He stated that Messrs. Rairigh, Crouse and Holsinger had consented to serve on the new board of directors with an idea of looking after the local interests, and also on account of their familiarity with the general conditions of the company. H. M. Thompson, who has for a number of years been general manager, will be retained in that position, and it is not expected that there will be any change for the present in the personnel of the company's employees.

Mr. Buehler expressed the opinion that the purchase of the local company by the Chesapeake and Potomac would conserve the best interests of all of the present subscribers and the public in general, as he thought that to bring the management of the larger telephone interests on the Eastern Shore into one organization would prove of great benefit to the territory served by the Farmers' and Merchants' Company and all of those concerned.

Much of the toll line plant in use by the Farmer's and Merchant's Company is the property of the Chesapeake and Potomac, besides which a considerable amount of telephone plant at present used by the local company has been leased from the C. and P. Company. This being the case, it can readily be seen that placing the entire property under the management of one company would have nothing but a beneficial effect.

Mr. Buehler stated that he believes the counties in which the F. and M. Company is now operating are capable of a much greater telephone development and a larger scope of service than at present, and that it is the intention of his company to use every means to bring about the fullest usefulness of the telephone plant and develop it to its highest efficiency. It is understood that a study of the present conditions will be made at once with the idea of making any necessary improvements.
