POLITICS IN OUR SCHOOLS.

Here is a very interesting comparison of the school finances in three counties—Kent, Queen Annes and Caroline. It should convince every one of our school patrons that there is either something wrong with our school management, or the controlling influence in the School Board is playing politics with the schools. Let us see. Here are some figures.

County.	No. Schools.	No. Scholars.	Appropriation.
Kent	71	3,734	$35,000
Queen Annes	77	3,362	30,000
Caroline	77	4,971	38,000

These figures are taken from the annual report of the State Board of Education. It will be noticed Queen Annes and Caroline each have 77 schools, and their annual appropriation is $30,000. Kent county has 6 less schools than either Queen Annes or Caroline, and yet Kent's appropriation is $35,000. Is there not something wrong in Kent?

They Speak for Themselves.

The following correspondence between Mr. Charles D. Wood, president of the Board of County Commissioners, and Mr. W. B. Copper, cashier of the Third National Bank, relative to the county finances, speaks for itself:

CHESTERTOWN, MD., July 3rd, 1913.

MR. WILLIAM B. COPPER, CASHIER OF THIRD NATIONAL BANK, CHESTERTOWN, MD.—Dear Sir: The statement has been made on the public streets in Chestertown by Harrison W. Vickers, Jr., that the reason that there was not enough money for use in the public schools was because money was kept on deposit in the Third National Bank. Will you please inform me how much money has been on deposit in your Bank from the 1st day of June, 1913, to the present time, and also how much is on deposit to the credit of the County Treasurer July 3rd, 1913? and oblige,

Yours very respectfully,

CHAS. D. WOOD, President.

CHESTERTOWN, MD., July 8th, 1913.

MR. CHAS. D. WOOD, PRESIDENT BOARD OF COUNTY COMMISSIONERS—Dear Sir: In reply to your communication of July 3rd, 1913, beg to state that there was in the Third National Bank of Chestertown, Md., to the credit of the County Treasurer balances as follows:

June 2, 1913, balance to his credit	$1,010.62
June 15, 1913, " " " "	2.62
July 3, 1913, " " " "	106.40

There is no money to the credit of the County Commissioners.

Very resp'y,

W. B. COPPER, Cashier.

SLAVERY DAYS ARE PAST.

This is Independance Day. How is it, reader? Are you tied to a boss politically and have to vote for *his* men, good or bad, or are you a *free* man, picking out the *best* men for office? Slavery days should be past. Are they in your case?—Kent News, July 5th.

Yes, thank fortune, slavery days are past, and there is scarcely a tax-payer in Kent county whose heart is not rejoiced that the Anti-Organization faction has loosed the shackles, and the people are able to view with complacency a 94-cent tax rate instead of a $1.85 rate. The flag of truth has been unfurled by those who have the people's welfare at heart, and we can sing the Battle Hymn of Freedom, though that freedom has been dearly purchased. We are no longer the subjects of the bosses. Thank fortune those days have also passed, and the young men, as well as the old men, are made to feel that they have just as many rights and privileges as the one-time boss. We can stand upon the ramparts and with loud acclaim we can sing

My county, 'tis of Thee,
Sweet Land of Liberty.
Of thee we sing;
Land where our fathers died,
Land of the Pilgrims' pride,
From every mountain side
Let freedom ring.

THE EFFECT OF HIGH TAXES.

Just to bring home to the voters of this county the effect of Organization extravagance, which undoubtedly caused the enormous tax rate of $1.85, let us take the case of the man who pays taxes on $3,000 worth of property. Under a tax rate of $1.85 his county tax was $55.50. Under the present rate of 94 cents, to which the Antis have reduced the rate in three years, this same man's county tax is **$28.20**, a saving of **$27.30**. This saving of $27.30 is a 6 per cent interest on **$455**. Therefore, Mr. Tax-payer, on $3,000 the Organization faction forced you to pay the equivalent of 6 per cent interest on $455, to pay for their extravagance, and from which you have received not one dollar in benefit, and besides this the value of land was greatly lessened by a $1.85 tax rate. It was no trouble to get prospective buyers to come here to look at many of our desirable properties, but the moment they made inquiries about the county taxes and saw the condition of our county roads, many of them refused to invest their money here, and they went elsewhere in search of homes and investments. Now that the tax rate has been gotten to a normal rate and the county's indebtedness about paid, we can expect land values to rise because of a greater demand for some of our ideal farm lands and water front locations. There is nothing that injures the financial welfare of a locality so much as excessive taxes, and so long as the Organization had control of county affairs they shut the door to the coming of desirable and wealthy purchasers by their extravagance. The Anti-Organization faction has demonstrated the fact that it is just as easy to be economical as it was to be extravagant, and they have proven that there is no reason in the world why it should require a tax rate of $1.85 to meet county expenses. The people of this county should learn a lesson from the experience of the past.
