FINE MATINEE.

Two thousand people attended the great Fourth of July matinee at Radcliffe Park last Friday, and they witnessed some of the finest racing ever seen on the Eastern Shore. The feature of the afternoon was Class C, in which Belton K., owned by Harry S. Dailey, of Marydel, paced the two fastest miles ever raced at a matinee on the Eastern Shore, the time for each mile being 2.12½ and 2.12. He lowered the track record of 2.15 previously held by Pony Boy, owned and driven by Mr. Joseph Rising. Several of the watches caught the first mile in this race in 2.11½. This was a horse race from the word "go." Lady Thompson, Capt. Wm. C. A. Thompson's beautiful sorrell mare, drew the pole, and she set a terrific pace in the get-a-way. She carried the bunch around the first half at a 2.10 clip, but was outfooted in the stretch by Belton K. and Pony Boy, who made a winning race in the stretch. Lady Thompson was a close third, being timed separately in 2.12¾. We speak especially of this fine mare, because of the wonderful improvement she has made in the hands of Mr. George Sutton, one of the most skilful drivers on the track to-day. It is needless to say that Belton K. and Pony Boy have the speed to burn. This race was one of the most exciting ever seen in this county. Another interesting race was Class D. in which Belton, Jr., owned by Edward Everett, of Marydel, and Dixie D., driven by Mr. John Mallalieu, made a splendid race. Dixie D. had the foot and won the blue ribbon, doing the last heat in 2.17¾. Mr. Robert J. McWhorter's fine two-year-old colt, Elmer Hal, driven by Mr. Joe Rising, paced the last heat in his race in 2.23, and his going was so easy that it is believed by many that the colt is to-day one of the fastest two-year-olds in the State. The summary of the events is as follows:

Women's Institutes.

A series of five days of Women Institutes will be given on the Eastern Shore under the auspices of the Department of Farmer's Institutes of the Maryland Agricultural College beginning at Cordova in Talbot county on Monday, July 14. For many years this department has confined the work almost exclusively for men and the farm, but now a trial of one week on the "Shore," one week in Southern Maryland and one week in Western Maryland will be made with a program of subjects for women and the home. These are to be no theoretical talks, intensely practical work is to be done. Some of the latest improved labor-saving and economic implements are to be used in doing practical work in cooking, canning, etc., by such well-known institute workers as Miss Mary Burnite in charge of Domestic Science work in the Caroline county public schools and Miss Emma Winslow, domestic science teacher and lecturer in Vermont and Massachusetts and assistant editor of "Good Housekeeping". These ladies have been especially prepared in this work by educational training and practical experience and insur success in their part of the program. Mr. George O. Brown, who has done such successful work with poultry, will relate some of his experiences, make suggestions and endeavor to answer all questions on this popular subject. Two sessions will be held daily at 1.30 and 7 P. M. at each of the following places:

Cordova, Monday, July 14.
Church Hill, Tuesday, July 15.
Fairlee, Wednesday, July 16.
Goldsboro, Thursday, July 17.
Hurlock, Friday, July 18.
