A DISCREPANCY.

Superintendent of Schools J. L. Smyth, in a long article in the Urie organ July 12th, stated that owing to circumstances the Board would need about $2000 over and above their annual appropriation of $35,000 for the coming school year, and yet the School Board asked the County Commissioners for $5000 saying that that much money would be needed for the schools this year. There is either something wrong with Prof. Smyth's calculation, or the School Board asked for $3000 more than they needed. Which is it?

HERE IT IS AGAIN.

Talbot county, which has one of the best school systems in the State, has 66 schools, 119 teachers, 4,045 different pupils on the roll, and in 1912 the Board of County Commissioners were asked for an appropriation of $32,500 to help run their schools, and the School Board got that amount. It is very interesting to note that Talbot's 66 schools were run last year for $62,972.53 and had a balance of $1,858.84, while it required $68,588.18 to run Kent's 71 schools and leave a balance of $1,827.38. Don't you think Kent county is getting its share of money from the county for school purposes, especially when Talbot got $32,500 for 66 schools, and had a balance of $1,858.84, while Kent got $35,000 from the county for its 71 schools, and had $1,827.38 balance?

[redacted]

Superintendent of Schools Smyth stated in his letter in the Urie organ of July 5th, that it will require more money for sanitary expenses next year in Kent schools. How is it that the sanitary expenses of Kent's 71 schools are nearly 8 TIMES greater than they are for Queen Anne's 77 schools, and more than 40 TIMES greater than they are for Somerset's 85 schools?

THIS IS THE WAY HE DID IT.

As an evidence of how the road engineer over-spent his annual appropriation from year to year, we simply quote a statement he made to the Board of County Commissioners over his signature bearing date of Chestertown, Md., February 4th, which says:

"TO THE BOARD OF COUNTY COMMISSIONERS:—

I have the honor to report that during the month of January bill to the amount of $1,773.94 were paid. IN THE SEVENTH DIST. $611.30 WAS PAID FOR SHELLS THAT WERE BOUGHT LAST APRIL."

Here is an admission from the road engineer himself that he used the road appropriation of the following year to pay a bill that should have been paid out of the funds of the year previous. This is in perfect accord with the statement which the TRANSCRIPT made several weeks ago that there are any number of bills outstanding and which it is expected by those who did the work that the Board of County Commissioners will honor but which we advised them to refuse to do.

TO REPEAL HAMAN LAW.

Messrs. Charles W. Kibler and James G. Harris, Anti-Organization candidates for the Legislature, have manifested their interest in the oystermen of the county by declaring that they are in favor of the repeal of the Haman Oyster Law, and they have pledged themselves to work in harmony with the oystermen of the county as well as in all other tide-water counties for such legislation both for the oystermen and fishermen as will best protect their interests. The Organization forces are endeavoring to prejudice the oystermen and fishermen against Messrs. Kibler and Harris by telling them that these candidates are favorable to the interests of the farmers, but are opposed to the oystermen and fishermen. If that is the case, why would Capt. John Crouch, of Piney Neck, and Mr. John Wood, of Eastern Neck Island, two of the very best friends the oystermen and fishermen have in this county consent to run on the same ticket with Messrs. Harris ane Kibler, if they thought for one moment that they are opposed to the oystermen and fishermen's interests?
