R. C. HARRIS, Agent

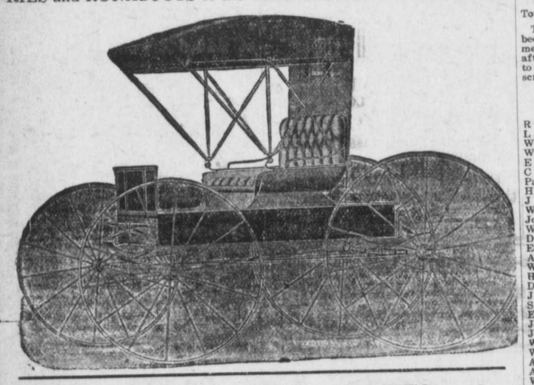

Tel. 9000 Spring Ave., Chestertown

# WORTON

## Carriage and Farm Implement Emporium,

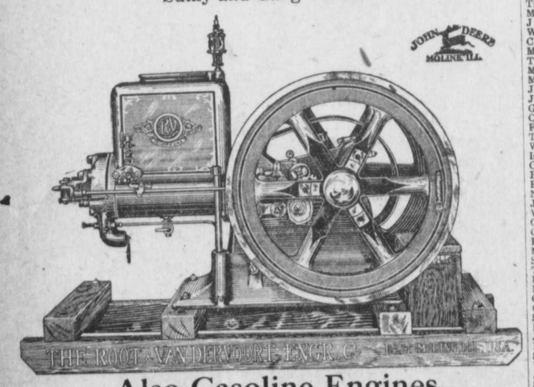

### A. S. TURNER, Prop.

I have just received another full carload of FINE CARRIAGES. Also have in stock a full and complete line of SURRIES and RUNABOUTS of the Celebrated John Deere line.

## FARM IMPLEMENTS

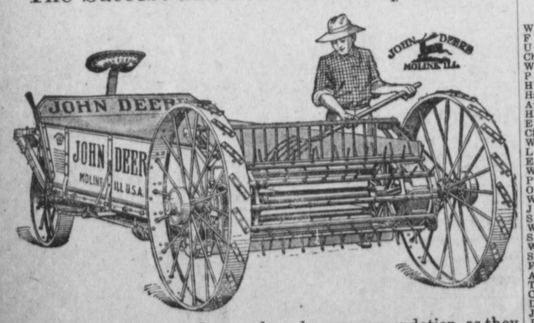

which consist of Disc Cultivators, Disc Harrows, Sulky and Gang Plows.

## Also Gasoline Engines

which are the make of the John Deere Plow Company.

### The Success and John Deere Spreaders

are on our sample room floor, and need no recommendation, as they are in a class to themselves—have no equal.

Come and inspect my new line of RUNABOUTS and TOP BUGGIES built by John Deere Co. We handle exclusively John Deere line of Implements, viz: Plows, Sulky and Gang Riding Plows, Disc Harrows, Corn Planters, Disc Cultivators, Riding and Walking Cultivators, Mowers, Rakes, Hay Loaders, Potato Planters, Cutters, Sprayers, Diggers, and in fact everything used on an up-to-date farm. We are in a position to give you liberal prices. We buy in carload lots, and thereby save you considerable money on all your purchases.

Thanking you for past favors and a continuance of same.

## A. S. TURNER, Worton, Md.

R. GROOME PARKS,

CHESTERTOWN, Maryland

## THIRD ANNUAL REPORT

—OF—

# Roads Engineer

### OF KENT COUNTY.

JUNE 15, 1913.

ISAAC GIBBS, JR.

TO THE BOARD OF COUNTY COMMISSIONERS,
*Sirs:*

I wish to report to you that during the year 1911-1912 that ended May 31, 1912, that the sum of $21,231.83 was expended in taking care of the roads and bridges of Kent county. Of this amount about $6,500 had to be spent on work that the heavy rains in March, 1912, made necessary.

In the Second District the foundation of Perkins' Mill bridge was washed away, and it cost the county $1,108.28 to get the bridge rebuilt, and if some of the citizens of the county had not have been willing to lend the money to rebuild the bridge, it would have been six months before Perkins' Mill bridge could have been rebuilt and opened to travel.

In the Third District Still Pond Neck causeway washed out, and the people living in the Neck had to drive through Mr. James Harris' property, to get out of the Neck. It cost $915.00 to build retaining wall for the causeway and to make the roadway so that the people living in the Neck could travel over the causeway. The men who did the work on the Still Pond Neck causeway, did the work in June, and did not receive a cent for their work until November and December.

In the Fourth District the bridge back of the Eliason farm was washed out, and on account of the lack of funds it was impossible to get it replaced until December. A concrete slab bridge was built at the cost of $537.

In the First District a little over a mile of road from Massey to Sassafras was graveled. This makes about three miles of gravel road that has been completed in the First District. The oldest part of this road is in need of repair, and plans are being made to have this done.

The work last year was held up because the money which was levied for the road was not obtainable until after the work would have been done. A great deal of work was done by men who were willing to wait for their money, but in some places the men would not work until they knew that they could get their money. So the work had to wait.

During the year 58,698 bushels of shells were bought and placed on the roads. Of these shells 27,860 bushels were hauled by farmers of the county free of charge.

SHELLS BY DISTRICTS.

2nd Dist— 3,275 bu. hauled by farmers in Morgan Neck.
5th Dist—27,475 bu.
7th Dist—21,438 bu. hauled by farmers in the 7th Dist.
7th Dist— 6,510 bu.
Total.....58,698

The road from Chestertown to Tolchester has been scraped during the past year, and arrangements have been made to have drag used on it after every rain. Arrangements have been made to have the road from Chestertown to Rock Hall scraped and kept in shape.

## Voters Must Declare Party Affiliation.

### Opinion of Attorney General In Matter of Unaffiliated Voters In Millington Precinct.

The Board of Supervisors of Elections for Kent county and the leaders of the Democratic factions, have been in a quandary and at variance for some time over a condition existing in the First or Millington precinct of the First District.

It appears that at the primary election held in May 1912, the officials in the Millington precinct neglected to record the party affiliation of a number of voters. This year the question arose as to the right of such voters to affiliate prior to the day of the primary election.

To settle the matter the Board of Supervisors wrote Attorney General Poe for his opinion and instructions.

The supervisors' letter of inquiry and the Attorney General's reply follows:

July 9, 1913

HON. EDGAR ALLEN POE,
Attorney General of Maryland.
Dear Sir:

We the undersigned Supervisors of Elections for Kent County request your legal opinion of the following question.

At the primary election held in May 1912 in Kent county the Registers of Voters of the First Precinct First District failed to affiliate on the registration books any of the newly registered voters in said precinct at the regular registration held prior to the November election of 1911. Must we instruct the Registers to affiliate all voters who apply on the one day of registration (which is five days before the coming primaries) or shall they affiliate them on the day of the primary election when they apply to vote?

Yours very truly
John C. Davis, President,
Walter S. Trew,
Samuel G. Caldwell.
Supervisors of Elections for Kent county, Md.
Wm. W. Baldwin, Clerk.

July 12, 1913

JOHN C. DAVIS, ESQ.,
Pres. the Board of Supervisors of Election for Kent Co.,
Chestertown, Md.
Dear Sir:

I have your favor of the 9th inst. Voters who have participated in the primary but whose party affiliation was not recorded, in order to enable them to vote at the coming primary, must declare their party affiliation on the day of registration preceding the primary, and cannot affiliate on the day of the primary. The voters who have never participated in a primary and whose party affiliation is not already registered, can declare their party affiliation on the day of the coming primary and participate therein.

Yours truly,
Edgar Allan Poe.

## 50-Acre Farms.

**The small farm idea is being urged by our agricultural authorities. The theory is that it is far better to have 200 farms of 50 acres each than 100 of 100 acres each, or it is better to have 100 farms of 10 acres than 10 farms of 100 acres. It is better for the community, socially, religiously, economically and productively. It not only increases the product of the ground but advances the social condition of the rural communities by putting more people there and, as a result, builds up the churches and increases the schools. These big farms are the real causes of the decline in the yield of our soil. They are carelessly and rudely tilled. They don't raise as much as they used to. Surely public policy should reverse this tendency. It should make farms small. In countries where the farms have but a few acres the yield per acre is increasing, but in this country of big farms the tendency is the other way. The situation has become a matter of great importance to all the people.**

INDIAN TAR BALSAM

the one remedy that really cures a cold.

A superior preparation, compounded with rare skill, under the supervision of experienced chemists.

Coughs, Colds, Grip, and similar troubles quickly disappear after a few doses.

Small and palatable doses, quick and sure results.

Unconditionally guaranteed. Your dealer will refund your money if it fails.

TRY IT.

25 CENTS EVERYWHERE.
