## TIME TO ACT.

### Don't Wait for the Fatal Stages of Kidney Illness. Profit by Chestertown People's Experience.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Chestertown proves the effectiveness of this great kidney remedy.

Mrs. Albert Rawleigh, Calvert St., Chestertown, Md., says: "One of my family suffered from kidney trouble. There was sediment in the kidney secretions and the passage were too frequent. He had pains through his back and kidneys and at times was dizzy. Doan's Kidney Pills were finally procured from Toulson's Drug Store and they made him well."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents sor the United States. Remember the name—Doan's—and take no other.

### OPPOSED TO GEN. VANDIVER.

Formidable opposition to the re-election of Gen. Murray Vandiver as chairman of the Democratic State Central Committee is on foot and the Progressive forces of the State led by Senator Lee and his followers, are preparing to capture the delegates to the State Convention, which body will elect the chairman. In this opposition the Anti-Organization forces in Kent will join with Senator Lee and other Progressives and the Anti-Organization candidates for delegates to the State Convention—Stonewall J. Johnson, Philip Myers and Charles M. Vickers, are pledged to support any progressive Democrat of ability and prominence who may be selected to make the fight against Gen. Vandiver. Personally we have nothing in the world against Gen. Vandiver. He is a most lovable old gentleman, but he is reactionary, his methods are antiquated, and if the Democratic party is to be successful in future elections its directing head must be a younger and more progressive man than is Gen. Vandiver. Gen. Vandiver has given long years of valuable service to the party, but his age and the condition of his health are against his continuance in office, and he should give way to a younger and more progressive man. Gen. Vandiver has a perfect right to reactionary ideas. We do not criticise him for that because every man has the right to think and act as he believes proper, but the times demand a change in management, such as is in accordance with the policies and principles of President Wilson and his administration. The Organization candidates for delegates will of course be for Gen. Vandiver, although the faction is by force for Senator Lee because there is no one else to be for, but as Senator Smith will probably be for Gen. Vandiver, and the State Organization will support him, the Organization here will have to do as Senator Smith says and be for Gen. Vandiver. If you want a change vote for STONEWALL J. JOHNSON, PHILIP MYERS, AND CHARLES M. VICKERS.

### The Quality of Leadership.

One of our neighboring papers contained a recent editorial which so apty expresses what is in our minds regarding the character and quality of leadership which we are hearing so much about from our opponents nowadays that we give it a place in our columns. Every thoughtful and intelligent man should study it carefully. It says:

"One cannot help wondering why good citizens cannot give to matters of real and great public importance something of the same time, thought and activity which they give to matters of purely factional or partisan significance. It seems a strangely inconsistent sort of proceedure on the part of gentlemen who are intelligent and conscientious and who ase intelligent and conscientious and who are supposed to be animated by some measure of devotion to their community's welfare. And yet these same gentlemen will expend any amount of time and energy in securing some factional advantage or partisan victory, while declining utterly to give of their counsel or their co-operation to the solution of problems which are of the highest public interest. How they will strive for the things that are rather inconsequential, and how they will ignore the things that are most worth while. And, that, we say, is passing strange, on the part of men, who possess some measure of intelligence and a healthy conscience. It shows such a complete failure to understand what is the prime characteristic of good citizenship. It also shows an unfortunate failure to understand what is a prime requisite of anything like perment leadership. The average man, the general run of folk, never fails in time to take the measure of those who aspire to leadership. No man can last long in public confidence, who fails to show some broad and generous grasp of public questions and some real devotion to the public welfare. Petty politics may win it points today, but the victory, like Dead Sea fruit, only turns to ashes in the grasp. There is only one decent and permanent reward for political activity—the reward of feeling that one has been of some service to his community. You don't think so. Well, you had better think so my friend if you expect to get any permanent personal comfort or public confidence out of all your political activities. An enlightened and independent public is coming to have less and less respect for the little political heelers and it is coming to more and more decline to be led by their little political "frame-ups." That public is not going to respect or tolerate the man or set of men who show themselves actuated only by the smallest and most selfish political motives, and who are likewise indifferent to the things that public wants and needs."

### To Revise Johnson's History.

Mr. Victor M. Torbert, of Elkton, and who is at the head of the Delmarvia Advancement Company, was in Chestertown on Tuesday conferring with the representative men in reference to the revision of Johnson's History of Cecil county, and Hanson's Old Kent. It is the purpose of Mr. Torbert to revise these books to date and to produce a combined work that will give an interesting history and illustration of the industrial, social and agricultural advantages of this and Cecil counties. The co-operation of every one in this county is asked in assisting Mr. Torbert in an enterprise that will undoubtedly mean much to the great advanges of our county. The editors of the TRANSCRIPT have been invited to assist in collecting information relating to the early history of Kent county, and if any one in the county cares to contribute any information that would be of interest to the reading public they will please forward it to this office. Mr. Torbert has been spending sometime at Betterton, which he calls the "Golden Gate to Kent," and while there he has organized a committee which will serve as a nucleus from which will radiate to other sections of the county solicitations for assistance and directions for securing such information as will assist those who have the revision of the history in letting the world know that the historic and sectional advantages of Kent county are second to none in the world when a man wants to invest his money in a most desirable home. Mr. Torbert will be glad to have any one to correspond with him in reference to his work or to send him valuable information.
