ISN'T President Wilson a great man? Mr. Voter, are you a Wilson Democrat? If you are, you must vote the Anti ticket in the primaries.

THERE is a tremendous fight of the people against the machine politicians all along the line from one end of the country to the other, wherever there is a contest. The people are tired of extravagance and mismanagement of their affairs, and they intend to put in office those people who will protect their interests and do their will. Don't be fooled by empty promises. Broken promises are like Pat's pebbles—they will more than fill a cart.

THE people of Kent county know Hope H. Barroll, Esq., and his associates and they know Harrison W. Vickers, Wm. W. Beck, S. Scott Beck and their temperance affinities, and the TRANSCRIPT is perfectly willing to let the people of this county be the judges as to the merits of the attack upon Mr. Barroll by Wm. H. Anderson, which it is generally believed was inspired by the recognized leader of the Organization and his henchmen here.

KENT county must not be Murphyized in the county primaries. Let there be no backward step. The people here are for progress. They stand for Woodrow Wilson. The Antis are fighting Woodrow Wilson's fight in Kent county against the John Walter Smiths who stand for high tariff and the high cost of living. If you want President Wilson's administration to be a success, such as it deserves to be, you must vote for *all* the Anti candidates, for *every one* of them stands for President Wilson.

IN KENT the Progressives are those who reduced the enormous indebtedness which the Organization piled up against the tax-payers—**$78,000** IN THREE YEARS. They are the people who reduced the Organization tax rate of $1.85 in 1910 to an Anti-Organization tax rate of 94 cents in 1913. Mr. Tax-payer, why don't you belong to the Antis? You know your interests are safe. Can't see for the life of us, why any man, whether he be Organization, Independent or Anti, can vote for a single Organization candidate when he knows as he should by this time how the Organization has wasted the people's money, and tried to pass bills in the last Legislature to spend thousands more. The Organization has been tried and found wanting, and if the people give them another chance they will seek to entrench themselves in power in politics regardless of the people's welfare.

A CONVINCING PROOF.

William W. Beck, one of the leaders of the Organization faction, was elected to the Senate two years ago on a platform of Organization *Economy*. He went down to the Senate and passed two bills that provided for saddling a debt of **$68,000** on the tax-payers. Besides that he was in favor of the County Commissioners giving Urie $5,000 more for schools and Gibbs $4,000 more for roads. Now, Mr. Tax-payer, if you vote for Howard Turner for the Legislature, in the primaries, what do you suppose that Beck and Turner will do to your financial interests? They promised you in the Beck campaign all kinds of things. They fooled you once. They will fool you twice.

WHERE IS THEIR REGULARITY?

Two years ago the Organization faction was boasting about being "regulars". They forced their "regularity" upon the people until at times it became monotonous. What's the matter with their "regularity" in this campaign? Why you know they haven't got the nerve to boast of their "regularity" in this campaign. With a Republican-Prohibitionist on their ticket, and another candidate on their ticket who two years ago fought every candidate on the Organization ticket, and another candidate who is reported to have tried to get Republicans to run against Chas. D. Wood and T. Benj. Crew after they were nominated by the Democrats, it would be about as inconsistent for them to talk about "regularity" as it is for them to claim to be in favor of economy when their own figures prove that they spent $57,730 more of the tax-pryers' money than was necessary in the three years 1908, 1909 and 1910.

JUST remember, Mr. Tax-payer, that when you vote for Mr. Howard Turner for the Legislature, you vote to place the financial affairs of this county in the control of Mr. John D. Urie. A vote for Turner means a vote for Urie. They have never denied that Turner is Urie's candidate, and they never will.

JUST LOOK AT THIS.

In 1908, 1909 and 1910 the Organization levied an average yearly tax of **$126,530.92** while in 1911, 1912 and 1913 the Antis have levied an average yearly tax of **$107,287.27**. A yearly saving by the Antis to the tax-payers of **$19,243.65**. We defy the Organization to contradict these figures successfully. Can any tax-payer in Kent county be so foolish as to vote for Howard Turner for the Legislature when they know that his nomination and election means the abolishment of the county commissioners office, and the handing of the county finances over to John D. Urie and the Organization Democrats? Mr. Turner may be the greatest Prohibitionist and temperance man in the county, but no tax-payer in this county should think of voting for Turner when he is the man above all men that Urie and the Organization Democrats want to nominate, because Turner's nomination will enable Urie and the Organization to get their hands on the county's purse strings. Turner should, and we believe will, be the lowest man on the Organization ticket.

AN EDUCATIONAL FEATURE.

Mrs. Evelyn Harris, through whose indomitable energy the baby contest at the fair was such a pronounced success, deserves the commendation of the mothers of the children as well as of the county at large for the great educational value of the contest. By the thorough medical test which was given the children, the parents learned the physical defects of their babies, and were given kind advice by the physicians in charge as to the method of correcting these defects. No one can begin to estimate the educational value of this feature of the fair, and it is sincerely hoped that it will be continued at each recurring fair. Sixty-two little babies were given a thorough medical test, and their parents know much more about their physical condition to-day than they did a week ago. The mothers of Kent and Queen Annes should give Mrs. Harris a gold medal for the great blessing which she has proven to them, and if our county had a few more such women as Evelyn Harris, we would be better, wiser and happier through their splendid influence for public good.

PEOPLE'S COLUMN.

WHO IS A PROGRESSIVE?

The significance of the term "Progressive Democrat" is better understood if we know WHO are Progressives, rather than WHAT is a Progressive. In the nation the leading Progressives are:

WOODROW WILSON,
WILLIAM JENNINGS BRYAN,
JOSEPHUS DANIELS, and
THOMAS R. MARSHALL.

The prominent Progressive Democrats in Maryland, recognized by the Wilson administration, are:

W. FINLEY COLLINS,
GEORGE N. NUMSEN,
WM. L. MARBURY
BLAIR LEE
HOPE H. BARROLL.

Naturally the Tammany Hall group in Kent who follow John David Urie and Murray Vandiver hate the term "Progressive Democrat."

THE NINETY-FOUR-CENT TAX RATE.

The burning issue before the people is the reduction of the taxes from $1.85 to 94 cents. It was aptly voiced and expressed by Mr. Edward W. Hepbron, one of the leading citizens of this county, a life-long Democrat and one of the "Rock of Gibralter" kind, who lives near Still Pond. In the presence of a large number of citizens, recently gathered together, the question was raised whether a certain gentleman who owned two farms would vote the Organization ticket or the Anti ticket.

Mr. Edward W. Hepbron vouched for him in the following words: "Why that man will vote Anti. Put him down Anti. You don't have to ask him or me either how he will vote. Do you mean to tell me that a man who pays as much taxes as he pays will vote the Organization ticket? He knows as well as I do the difference between a tax rate of $1.85 and 94 cents. I know it because I have paid it. And, moreover, I know who it was that caused the taxes to go to $1.85. I have enough sense to know that. No one can fool me on this issue. I shall vote the Anti-Organization ticket from top to bottom. You put that man down as an Anti."

There are many men who think exactly as Mr. Hepbron talks but not many men can put it as straight and as pointedly as Mr. Hepbron did.

WHAT IT MEANS.

A vote for Turner means a vote for one who was recently a good Republican. It means also a vote for Urie who was once a Democrat, afterwards a Republican and is now a Republican apparently in charge of Organization politics.

1—A vote for Turner means a vote for a $1.85 tax rate, because Turner is an Organization man and the last tax rate the Organization gave the county was $1.85.

2—A vote for Turner is a vote for high taxes any way. Look at Betterton, where Turner is boss, and at Still Pond, where the people have a chance.

3—A vote for Turner is a vote against Blair Lee and Progressive Democracy, because Turner was a great Lee man two years ago but changed over night. Why?

4—A vote for Turner is a vote for two years more of road mismanagement. Turner would owe his job to Organization influence, and Charles L. Dodd has the Organization chained to Gibbs by his famous "petition."

5.—A vote for Turner is a vote for John Walter Smith (Lorimer), high tariff and the lumber trust. All the Wooden Heads will vote for him.

WOODEN HEAD.

Mr. W. Frank Jarrell has a handsome new Chalmers auto to take the place of one he recently purchased but which did not suit. The new one is a beauty, and its canary color makes it very attractive.

LEST WE FORGET.

Editor, Former Judge and Two Business Men, One Now Dead, Indorse Action of County Commissioners.

Knowing that some tax-payers are apt to forget the not very far distant past, and having heard much about the $1.85 tax rate from Organization sources recently we were led to go over our files of the campaign of 1910, and we found these indorsements of the action of the Board of County Commissioners in declaring the above rate. Not a single one of these indorsements was ever denied, and they are extremely interesting at this time.

In our issue of June 25, 1910, we referred to a conversation which Mr. Fred G. Usilton, senior editor of the Kent News, had with a gentlemen in his office relative to Mr. Barroll's honesty. Mr. Usilton never denied the charge. This is what he said:

"I BELIEVE MR. BARROLL IS THOROUGHLY HONEST IN HIS CRITICISM OF THE BOARD OF COMMISSIONERS. THEY HAVE SPENT THIS MONEY ON THE ROADS, AND THEY DESERVE JUST WHAT THEY ARE GETTING, AND I BELIEVE THAT IF THE PRESENT BOARD SHOULD WASTE THE PEOPLE'S MONEY LIKE THE OTHER BOARD DID, THAT MR. BARROLL WOULD BE JUST AS HONEST IN HIS CRITICISM OF THE PRESENT BOARD."

In the same issue of June 25, 1910, we published an interview which Mr. Harry Davis, then president of the Board of County Commissioners, had with the late Wilbur Eliason, one of the best financiers the county ever produced, and with Hon. James S. Harris, one of our most prominent and progressive farmers. The interview states:

"Mr. Eliason stated to Mr. Harry Davis, president of the Board of County Commissioners, one day last week, that the Board has not levied enough money to clear the county of indebtedness, and cited several instances to prove his statement. Hon. Jas. S. Harris also stated to Mr. Davis that the tax rate was not sufficient to meet the indebtedness, 'but,' said he, 'the rate should have been high enough to pay the debts which have been incurred.'"

In our issue of November 26th, 1910, we published the following letter from Hon. James Alfred Pearce, then Chief Judge of the Circuit Court, in which he strongly indorsed the action of the commissioners in declaring the $1.85 tax rate:

"The Board had determined (wisely, as I thought, and still think) to levy at once a sufficient rate to pay all outstanding indebtedness, instead of distributing that rate through several years."

We reproduce these evidences of confidence in the Board of Commissioners just to refresh their memories.

DESPERATE TACTICS.

In their desperation to save themselves from the crushing defeat that awaits them at the polls on Monday, September 8th, the Organization leaders and workers are resorting to some "peanut politics" of the most disgusting sort. They are even going so far as to seek to destroy a man's moral character for the sake of gaining a political advantage. Here are some of the yarns they are putting out, not one of which has a particle of truth in it.

1. They are telling our temperance friends that Mr. James G. Harris is in league with the liquor interests, and if he is elected he will use his influence to bring whiskey back to Kent. They are asking the people to vote for Mr. Howard Turner, telling them he is more of a temperance man. If the temperance people expect to get any more temperance legislation than we already have by voting for Howard Turner, they will be sadly mistaken. But they can very easily turn the control of the county affairs over to John D. Urie and do our tax-payers an irreparable injury by voting for Turner.

2. They are putting it out all over the county that Mr. Charles W. Kibler is a man of bad moral character and that he has no respect whatever for ladies. This is a most contemptible falsehood. There is no more honorable and moral citizen in this entire county than Charles Kibler, and he is the very last man in this county against whom such a charge as that could be made. And yet a voter told a gentleman some days ago that he had been told by a number of people that Mr. Kibler is a man of such a character. Just think of the condition of a man's mind that would seek to destroy an honorable man's character for the sake of a mere political advantage. Before the Antis would stoop to such degrading methods of campaigning as that we would prefer to lose every man on the ticket.

3. And last, but not least, Harrison W. Vickers, Jr., has been going around telling several candidates for the Chestertown postoffice and their friends that Congressman J. Harry Covington told Vickers that Mr. Hope H. Barroll has endorsed Mr. Samuel Hicks for postmaster at Chestertown, and that the endorsement was given sometime ago. When a friend of one of the candidates went to Vickers about the yarn, Vickers cleared his throat, spit once or twice, and finally qualified the statement by saying that Mr. Covington told him he would find out. The gentlemen who approached Vickers saw Congressman Covington in Easton on Thursday of last week, and Congressman Covington said that he had never made any such statement to Vickers, and he knows that Mr. Barroll has endorsed no one for the office. The gentleman went to Vickers next morning and told him what he thought of him. This is the kind of a chairman of their campaign committee the Organization has, expecting him to lead them to victory. We know it to be a fact that Mr. Barroll has not endorsed Mr. Hicks or anyone else for any office in Kent county. Mr. Barroll did indorse Mr. W. Finley Collins for postmaster at Millington. He has told each of the candidates that he would not indorse anyone, and that he would be for the man whom the Anti-Organization people want. We were satisfied that Congressman Covington never made such a statement to Vickers, and yet the latter preferred to place Congressman Covington in a false position and subject himself to the charged of telling an untruth while seeking to influence a vote, and the stinging rebuke that Mr. Edward Walters gave him at the Caldwell sale last Friday in the presence of Mr. J. P. Ahern and a crowd, is better told than printed. If these are the tactics Harrison W. Vickers, Jr., chairman of that great big Organization campaign committee and his workers are resorting to in their death struggle, there will be a sad requiem to be sung by the messenger boys on the morning after the primaries.

MONEY WASTED ON ROADS.

It is generally conceded that the main road leading to Tolchester by McLain's Corner has been about the most completely worked road in the county during the year with the possible exception of several pieces of road in the First District. One of our prominent farmers who has had a mile of that road to work during the year, has kept a careful account of all the work he has done during the year, including scraping, ditching and draining. He estimates that it has cost the county $30 per mile to put that road in the condition in which it is to-day, and those who travel it by team or auto state that the road is one of the best pieces of road in the county, except of course the State road. There are 416 miles of road over which the road engineer has supervision. At the cost per mile estimated by one of the workers employed by the road engineer, THE ENTIRE 416 MILES OF ROAD IN KENT COUNTY SHOULD BE WORKED FOR **$12,480**, except of course the repair of bridges. The annual appropriation for roads and bridges last year was $18,000, which would leave outside of actual road work, some $6,000 a year for the repair of bridges and yet according to the figures gotten from the Commissioners office, it has been shown that the road engineer expended on the roads of this county last year the sum of $25,000 and then went and asked the commissioners for $4,000 more, after one of his own road workers has demonstrated that the roads in this county can be worked thoroughly and satisfactorily at $30 per mile. And the Kent News says that the present road law is the most economical law the county ever had, and that their faction stands for ECONOMY and PROGRESS in the management of county affairs. What a mockery! Are the people to be caught by such statements as these, when the real truth is known?

PEOPLE'S COLUMN.

HOPE BARROLL OF KENT.

"One of the most pestiferous of the liquor politicians of Maryland is the Hon. Hope Barroll, of Kent county.

"Mr. Barroll says that he believes in local option and Prohibition for Kent county—that he does not want his children to grow up in a community where there are saloons, but that he is not interested in Prohibition or local option for any other part of the State. He says that he drinks beer himself and wants to be able to get it whenever he wants it when he comes to the city of Baltimore.

"Mr. Barroll is back of the candidacy of Mr. James G. Harris, who voted wrong in the last Legislature and lined up consistently with the Baltimore city liquor ring.

"Mr. Barroll is that anomaly, a whiskey politician on the dry Eastern Shore of Maryland.

"He is making a great fuss in Kent county against what he calls the Organization, but he seems to be willing to eat out of the hands of the Mahon-Preston liquor ring organization of Baltimore city. Mr. Barroll evidently believes that it makes a large amount of difference whose ox is gored.

"Mr. Barroll is throwing up a lot of dust at the present time about a roads fight in Kent county in order to obscure the liquor issue involved.

"Folks who understand politics as it is practiced in Maryland by some of the practical politicians of Mr. Barroll's stamp will understand that in return for even one vote in the legislature against the local option bill from a dry county like Kent, a good deal of patronage can be thrown in the way of the county leader. It isn't necessary for folks to resort to the crude method of bargain and sale. Those things are fixed up so much more genteelly by men who understand how to do it.

"Mr. Barroll's proposition that he wants protection for his own county where the people would rise up and smite him politically if he didn't stand for it, but is not willing to give it to the people of Baltimore or even let them vote to protect themselves, is a pretty good index of his mental and moral caliber."

TO THE CHESTERTOWN TRANSCRIPT—GENTLEMEN:—The above article appeared in Wm. H. Anderson's Anti-Saloon League paper on August 23rd.

These indefinite and ridiculous insinuations can require no answer, but I wish to take this occasion to state that my position on the liquor question is exactly the same as that of President Woodrow Wilson, who stated to the Anti-Saloon League of New Jersey:

"I can never consent to have the question of local option made an issue between political parties in this State. I do not believe that party programs of the highest consequence ought to be hopelessly embarassed for long periods by making a political issue of a great question, which is essentially non-political and non-partisan."

I have no desire to enter into a controversey with Mr. Anderson about Local Option. The people of Kent county know my record, my present attitude and the stand I took for Local Option when it was first enacted in the county, as well as my record in the second fight when the question was resubmitted.

If Mr. Anderson sees proper to make such an unjust and unwarranted attack upon me, I am perfectly willing to let the people of this county be the judge of the matter.

I KNOW NO MEMBER OR MEMBERS OF ANY "LIQUOR RING" IN MARYLAND. I HAVE NEVER ACCEPTED OR BEEN A PARTY TO THE ACCEPTANCE OF ANY PATRONAGE OR ANY BENEFITS OF ANY NATURE WHATSOEVER FROM ANYONE CONNECTED WITH THE LIQUOR INTERESTS IN THIS STATE.

Very respectfully,

Chestertown, Md., August 25th, 1913. HOPE H. BARROLL.
