ANDERSON ENDORSES TURNER AND SHALLCROSS.

Mr. Wm. H. Anderson, superintendent of the Anti-Saloon League of Maryland, has flooded the county with the following letter endorsing Messrs. Turner and Shallcross, the Organization candidates for the Legislature, because he asserts they are *satisfactory to him*. The letter is as follows:

"DEAR SIR:—Mr. James G. Harris voted against the local option bill in the last session. He boasts of that fact. He and Mr. Kibler are appealing to the liquor men for support and are backed by the Baltimore city ring and the new liquor organization. They are the candidates of Hope Barroll. Mr. Barroll in his newspaper last week pretended to answer our charges. He does not deny that he told two representatives of the league that he stands for prohibition in Kent county but SAID HE WANTS BALTIMORE CITY WET SO HE CAN GET A DRINK when he visits the city. In spite of his protestations his candidates will do the bidding of the liquor ring against the local option bill.

Messrs. Turner and Shallcross, the opposing candidates, for the House of Delegates are satisfactory on the local option question and will support the state-wide bill.

We are not trying to dictate how you shall vote, but we assume that as a Christian voter you want the facts. The enclosed printed sheet will tell you the sinister design of the new Million Dollar Liquor Organization.

A vote for Howard Turner and Robert E. Shallcross is a vote for local option and to preserve the Democratic party by recognizing the growing moral sentiment.

A vote for James G. Harris or Chas. W. Kibler is a vote for the Mahon-Preston City Liquor Ring, for "Bob" Crain (brewery lobbyist) as the ruler of Maryland, and to destroy the Democratic party by turning it over to a corrupt and vicious special interest.

Do you not think a Christian voter should make a special effort to vote at the primary at a time like this, and even DO A LITTLE WORK IN ADVANCE? If you are NOT a Democrat, please had this to a Democratic friend. If you are a Democrat, please read it and pass it along.

Your very truly,
WILLIAM H. ANDERSON,
Superintendent.

The convention of ministers and laymen of the Methodist Protestant Church which met in Baltimore on Tuesday to discuss the proposed union with the United Brethern Church was largely attended, and resulted in the adoption of a paper setting forth the objections of the conference to the basis of union as proposed by the commissioners. A committee of three, composed of Revs. Drs. Thos. H. Lewis, F. T. Tagg and H. L. Elderdice, was appointed to visit all the Methodist Protestant conferences and lay before them the objections to the basis of union as adopted by the convention in Baltimore on Tuesday.

INSTRUCTIONS TO VOTERS.

The Primary Election will be held on Monday, Sept. 8. at the polling places designated in the official notice published elsewhere in this issue. The polls will be opened at 8 a. m. and close at 6 p. m., and the conduct of the election will be similar to that of the general election, except that at the primary election the ballot must be enclosed in an official envelope obtained from the judges and be sealed before it is deposited in the ballot box: that a voter may prepare his ballot before entering the polling place, provided he uses an official sample ballot; and that the cross-marks on the ballot must be made with an ordinary black lead pencil. A cross-mark is to be made in the box to the right of the name of each person for whom the voter wishes to cast his vote.

The ballots are canvassed and counted as they were last year, and the same provisions apply to the envelope. A ballot may be prepared before entering the polling place, but upon a voter presenting himself to vote, it having been determined that he is qualified to vote, a blank official ballot shall be given him, together with the envelope. The voter then retires to one of the booths, taking with him the blank ballot, and shall there mark with a black pencil his ballot for voting, or use the ballot which he has already prepared. He then places the ballot in the envelope and seals same and hands it to one of the judges of the election, who, after detaching the coupon, deposits same in the ballot box. If the envelope is unsealed, it is the duty of the judge to send the voter back to the booth to seal same, and should the voter mutilate his envelope he is entitled to another one just as he would be to another ballot in the general election.

Count of Ballots.

If any envelope shall be found not of the character required for this primary, or if any mark or device be found on any envelope except the initials of the judge as required, or if any mark or device be found on any ballot, or peculiar folding, by which, in the opinion of the majority of the judges, the same may be identified so as to indicate who has cast the same, the ballot so marked or the ballot contained in the envelope so marked, or folded, or improperly substituted, shall not be counted. When more than one ballot is found in one envelope, or a ballot is found in an envelope furnished for a different political party than that for which the ballot was provided, the same shall not be counted for any person unless a cross mark made by a black pencil appears after his name. Only ballots marked with a black pencil shall be counted. If any envelope is deposited in the box inadvertently without being properly sealed, and without being detected by the judge receiving the same, or shall become unsealed in the ballot box, it shall not be thrown out for that reason. If more names are marked for any office than there are persons to be voted for, such ballots shall not be counted for such candidates or delegates, or other persons to be voted for, as the case may be, but the whole ballot shall not for that reason be rejected for candidates for other offices or positions.

On the day of the primary election the polls shall be opened at 8 a. m. and close at 6 p. m.

The returns shall be made before 12 o'clock noon of the second day after the primary in the same manner and form as is provided for in general elections.
