A STATEMENT TO THE PUBLIC.

Inasmuch as the charges made in the TRANSCRIPT on June 7th, 1913, in the article headed "Caught in a Trap" in which States Attorney H. W. Vickers, Jr., was accused of suggesting the violation of the law against betting and as Mr. Vickers and Messrs. Paul Comegys and Leonard E. Wilson, the young men from Millington, state Mr. Vickers did not do this, I therefore wish to withdraw said charge and thus relieve Mr. Vickers of the allegation contained therein.

THOMAS D. BOWERS.

SO FAR as we have been able to learn the recent primary contest has left no "sore spots" in the Democratic ranks, and everybody is going to vote the full ticket in November.

CONGRESSMAN J. HARRY CONINGTON, of Maryland, is quite sick, and his physician has advised a rest of several weeks. He and his wife have gone to New York.

THE Democratic State candidates are making the most favorable impression upon the voters wherever they appear. Mayor Preston is causing the people to think seriously about the plans he has in mind in reference to the development of the city of Baltimore. There is much merit in the Mayor's position, and it should be the desire of the counties of this State to assist in the development of our great metropolis.

ATTORNEY-GENERAL POE has rendered an opinion forbidding the placing of the names of the Bull Moose candidates for United States Senator, Comptroller and Clerk of the Court of Appeals on the ballot to be voted in the November election, upon the ground that the certificates of nomination were not filed within the time prescribed by the law, which is 25 days before the day of election. The leaders of the Bull Moose party have taken the matter to Court.

THE great Chicago land show embracing exhibits from many of the states in the Union will take place this year. The State of Maryland should not be out. Govenor Goldsbrough and the State Bureau of Immigration have desired that the State itself should do something to advertise the great State of Maryland. The exhibits will consist principally of the natural resources of the states, and the agricultural advantages of each state will be described in lectures from well informed men. Let our state get in line with other big states and do herself credit at the show.

PRESIDENT WILSON sent to the Senate on Thursday the nomination of postmasters at Crisfield, Princess Anne and Hurlock. All of them were appointed upon the recommendation of Congressman Covington. The Millington appointment, Mr. W. Finley Collins, has not yet been confirmed by the Senate. The Chestertown appointment is still in abeyance, and it seems to be a free fight. The President also sent to the Senate the appointment of Mr. George Stewart Brown, of Baltimore, for member of the United States Board of General Appraisers of Merchandise. The position is for life and carries with it a salary of $9,000 a year. Mr. Brown is the pioneer Progressive Democrat of Baltimore city, and his appointment was strongly urged by Hon. Wm. L. Marbury, Senator Blair Lee and other progressive leaders in the State, and it is believed that Senator [illegible] will confirm.

MR. MARBURY'S WITHDRAWAL.

While the TRANSCRIPT was not surprised to learn of Hon. Wm. L. Marbury's withdrawal from the senatorial race, we were none the less regretful that he should feel himself compelled to take the step. We fully appreciate the motive which prompted Mr. Marbury to withdraw, because we realize that under existing conditions in this State a long campaign of some 18 months duration would have meant the expenditure of a very large sum of money, and a senatorial race is by no means a picnic for all." Mr. Marbury is the type of man who is needed in the Senate. By temperament, ability and skill in solving the intricate problem, of government, Mr. Marbury, in our judgment, has but few equals in this State, and is genuine Democracy based upon the broad principles of that form of Democracy so finely represented by President Wilson, would render him a most valuable advocate of the policies for which the present administration stands, and for which those who were in sympathy with Mr. Marbury's candidacy in the State stand. Mr. Marbury would, in our judgment, have made a most formidable candidate against any one, and by the time the contest became thoroughly aroused again, no one can tell what powerful influences would have been "lined up" for Marbury. Just what course Mr. Marbury and his friends in this State will pursue in reference to the senatorship is for the future to disclose. It can be stated with emphasis, however, that whatever happens they will be found fighting for the candidate who is in thorough accord with the present administration, not because he may be forced to be, but because he is from principle and conviction.

FATAL ACCIDENT.

George W. Hall Thrown From Bicycle and Killed.

The Wilmington Every Evening of Monday publishes the following account of the death of George W. Hall, formerly of Kent county:

"Fatal injuries were sustained by George W. Hall, aged 60 years, and living at 7 East Nineteenth street, when he collided with the stone wall at Eighteenth and Market streets yesterday afternoon. Mr. Hall was riding along Market street and lost control of his wheel when he crossed the bridge. The few people who saw the accident said that the man seemed to get dizzy and the wheel was seen to dart toward the curb and the rider was thrown over the handle bars. He was rendered unconscious when his head hit the wall. He was picked up and hurried to the hospital, where the fracture was discovered. While everything was done to save him he died last night. Hall was an iron worker. The coroner on being notified took care of the body."

The deceased was well-known here. His wife was a sister to Messrs. Samuel and Roland Bennett and Mrs. Mary Hadaway, of Broad Neck.

An Interesting Fact

When we state that last Saturday was the biggest day we have ever had in the history of our businsss, we do not say it boastfully.

We merely make such a statement to prove that unless we had the goods, ready to deliver, we could never have done the business.

To-day there hangs on our clothing racks over $8,000.00 worth of Suits and Overcoats that range in price from $10.00 to $25.00. We have never carried such a complete and varied and costly an assortment since we have been in business, and we would never have put this line in this year if we didn't believe in the famous "Adler-Rochester" Clothes—the ready-to-wear kind.

Take a word of advice from us and then ask those who have dealt here and see if what we say is not true:

Don't buy from a book of samples and IMAGINE and WONDER how your clothes will look or fit you, because its 90 per cent. disappointment.

Dont wait from six to twenty days for guesswork garments to be made up; come to us and we'll show them to you FINISHED and you can take them now.

There's too much chance in this so-called tailored stuff, if we didn't believe what we are saying we would close out our ready-to-wear clothes and take measures from a book. Instead, we have bought over $8,000 worth of suits and overcoats that we will guarantee to fit you perfectly from stock, and you don't have to wait a minute to have them finished, they're here for you now. Almost equal to the stock of a big city store, more clothing in our store to-day than all the other stores in the county put together. See for yourself.

You young fellows who have never worn an Adler garment, mail us a card and ask us to send you a booklet of their styles. It will open your eyes to good clothes and show you where you can save from $3.00 to $8.00 on a good ready-to-wear suit of clothes or overcoat.

Whether you are ready to buy or not, makes no difference. We will take pleasure in showing you these models and trying them on to prove our assertions and our claims. Call and see us when you are next in town, and remember that you ought not to spend $5.00 extra for tailored stuff when we can give you the same goods for less money and a better fit at that.

Yours for service,

Bordley & Sons,
