Importance of Healthy Kidneys

Readers Should Learn to Keep the Kidneys Well.

The Kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matters. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Chestertown citizen's advice.

Mrs. A. A. Sparks, High St., Chestertown, Md., says: "I have used Doan's Kidney Pills and they have given highly satisfactory results. I strongly recommend this remedy."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

EXTRACTING TEETH WITHOUT PAIN

SENATOR BLAIR LEE is big enough and shrewd enough to pay no attention to the attacks made upon him from week to week by Wm. H. Anderson Supt. of the Anti-Saloon League through the columns of his paper, the *American Issue*. There is no more honest man in this state than Senator Lee, and in view of the fact that Mr. Anderson has indorsed the Republican candidate for the United States Senate, and is fighting Senator Lee because he did not see proper to allow Mr. Anderson to inject himself into his campaign, it may be understood that Mr. Anderson as he has always done in this State is aiding the Republican party to get control of the next Legislature, and just as he did in the last session of the Legislature, so he will do in the next, when the climax of the local option fight is reached, he will agree to another amendment that will kill the bill for two more years, in order to continue his eternal agitation of the local option question in order to hold down his job. There is nobody in this State who is more in sympathy with the cause of temperance and the proper enforcement of the local option law than we are, but we believe that Mr. Anderson is doing more to injure the cause of which he poses as the staunch advocate by the tactics he is pursuing than any other agency in this State. If Mr. Anderson is a Democrat, such as he claims to be, and is in sympathy with the present administration of President Wilson, why should he want to put a standpat, high-tariff Republican in the United States Senate from this State? That is what Mr. Anderson is attempting to do, and he is seeking to do it by using the power of the Anti-Saloon League.

Big Wind Storm.

The heavy wind storm on Monday did considerable damage to motorboats and other small craft in the harbor here. The wind blew a gale from the South and Chester river was on a rampage. Nearly all of the motorboats broke from their moorings and were blown ashore, while others were dashed against the shore walls and their combing smashed. Mr. Allan Harris' boat broke loose and his son waded out up to his neck, caught the boat, and endeavored to start the engine. It failed to work. The boat drifted up the river and Mr. Harris put her in harbor at Buckingham. He found a welcome at the home of Mr. Sewell Lee in Morgnec, and telephoned to his parents to send for him. He reached home in safety. The wind was one of the heaviest ever experienced on the Chester and the river looked more like Swan Point bar in a nor'wester than a placid river. Dr. H. C. Hughes' launch was damaged by being dashed against the shore walls and Mr. Wm. E. Moody's speed boat was sunk. Other boats were more or less damaged, but no harm was done to shipping crafts.

High and dry on the shore of Lankford's bay the two-masted schooner William McNamee is a wreck. Her crew was taken to the Kent county shore, after being buffeted all night by the wind that swept over the stranded craft. An unidentified schooner also stranded on the Chester river shore near My Lord's Gift creek, but was lifted by the rising tide and carried up the river.

While the wind reached the proportions of a hurricane almost on the bay we have learned of no other damage than the blowing ashore of small pleasure boats. The water in Chester river rose to within a few feet of the bridge floor and all of the Front street flower yards and cellars were submerged, the water reaching to the northwest side of Front street. The storm throughout the entire Eastern Shore from Elkton to Crisfield was the heaviest for years and the damage to Eastern Shore towns and shipping was heavy.
