Horse Notes.

Uhlan, the world's champion trotter, lowered the world's record at Lexington last week from 1.58 to 1.54½.

The matinee to be held at Radcliffe Park next Wednesday afternoon promises to be one of the finest ever held by the Association. The match race between Joseph Rising's Pony Boy 2.17¼ and Mr. Powell Peacock's Princess March 2.14¼, is attracting wide attention among horsemen. The race will be for $200 a side, and one third of the gate receipts goes to the winner. Besides this race there will be three other fast races with some of the fastest horses on the Maryland-Delawsre peninsula. An effort is being made to get May Bird, the fast four-year-old pacer, from Milford, Del., who has started in 13 races, won 9, was second in three, and losing only one. If the weather is favorable look for some fine sport.

May Bird, the four-year-old pacer, owned by Thad T. Windsor, proprietor of the Central Hotel, now the Windsor Hotel, Milford, Del., has returned home from her season's work, netting her owner about $1,000. May Bird started the season at Bridgeville and ended it at Mt. Holly, N. J.

She started in 13 races during the season, winning nine, coming in second in three and losing only one. In all of the races except the one which she lost, she was driven by her owner, Mr. Windsor.

We understand that Mr. Joseph Rising refused an offer of $1200 for his fleet-footed pacer Pony Boy, 2.17¼, during the racing season. Mr. Rising also has a standing offer of four figures for the Boy.

At the Belmont track, Philadelphia, Joe Boy, owned by Dr. Wogan, of York, Pa., will race Billy Eckart's well-known Reading horse, Sellars D. for a purse of $500. Dan Leary will probably drive Joe Boy, while McGrath may be the driver for Sellars D. As both horses have made 2.07½ records during the season this match should be a good one.

Consumption Takes 350 People Every Day

in the United States and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These appalling facts should warn us that after sickness, colds, overwork or any other drains upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medical nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculosis camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.
