Yours for business,

KILBOURN & BRAMBLE.

### College Notes.

The basket ball season at Washington College was opened last Friday evening with a game between Washington and Wilmington Conference Academy teams in the College Gym. The local quint showed its superiority by defeating the visitors by the score of 59 to 9. An enjoyable dance followed the game.

The Baltimore Sun gives Bowen, the crack half-back on the Washington foot ball squad, the position of half-back on the all Maryland team. In a very complimentary writeup in the Sunday issue, Bowen is given the honor of being the best half-back in the State.

We urge the people of the town to patronize the basket ball games at the college. It is an innocent and interesting feature of athletics, and the new Gym. furnishes excellent opportunities for spending an enjoyable evening. The schedule of games is as follows:

Two interesting games of basket ball were played in the College Gym. last night—one between the Chestertown High School and Washington College Preps—the other between the College Juniors and Freshman, which was the first game in the class championship race. Both games were given for the price of 15 cents.

Mr. J. W. Davis has been elected captain of the 1914 foot ball team of Washington College. Mr. Ray Woodland was elected assistant manager.

### Automobile Notes.

Mr. Thomas G. Wroth has ordered from Mr. Chas. W. Kibler, Jr., agent, a fine 34-horse power 1914 model Paige Touring Car, fully equipped. The Paige car is attracting much attention.

Mr. Robert G. Nicholson has exchanged with Mr. J. H. Sides, local agent, his Ford car and other considerations for a 1914 Maxwell, which Mr. Sides delivered last Friday.

While Mr. George Baldwin was refilling the oil tank on Mr. W. Frank Jarrell's big yellow car in his garage on Saturday afternoon at five o'clock, the oil was ignited by an electric battery, causing a dangerous blaze, which, fortunately, only slightly damaged the car, burning a hole in the front seat. The fire alarm was sounded but the blaze was quickly extinguished by Mr. Baldwin, Mr. Jarrell and Mr. Charles S. Smith, who used the fire extinguishers. About 8 gallons of gasolene was made useless by being mixed with the fire extinguisher fluid used to extinguish the burning can which Mr. Baldwin heroically carried from the garage.

Mr. Merrick Clements has purchased a beautiful new 6-cylinder, 40-horse power Buick car, with seating capacity for five persons. Mr. Clements will make his wife a Christmas present of this automobile.

### Ten Years Hence

Here is the way the paper will write up weddings ten years hence: "The bride looked very well in a traveling dress, but all eyes were centered upon the groom. He wore a dark suit that fitted his form perfectly and in his dainty gloved hands he carried a small rose. His curly hair was beautifully done, and a delicate odor of hair oil of the best quality floated down the aisle as he passed. The young people will miss him now that he is married. He is loved by all for his many accomplishments, his tender grace and his winning ways. The bride commands a good salary as a bookkeeper and the groom will miss none of the luxuries to which he has been accustomed. A crowd of pretty men saw him off at the depot."

### The Farmer's Telephone

The modern farmer insists on having the latest equipment. He employs up-to-date methods in planting, harvesting and marketing his crops.

Many farmers market their crops entirely by telephone. They keep in touch with the buyers in the cities, and ship when the market is most favorable.

That is only one use of the farmer's telephone. Ask the farmer's wife for some of the others.
