NATIONAL & STATE BANKS

ONE of the most vital and important regulations of the National Banking Law is that which controls what is known as the "LEGAL RESERVE." It requires that 15 PER CENT. OF ALL DEPOSITS shall be kept on hand.

The following statement of the deposits of three banks of Chestertown shows what reserves these banks held at the time of their last sworn statement, January 13th, 1914:

	Deposits.	15 % Reserve.	Reserve Held	Per Cent.
Third National	$635,280.85	$95,292.13	$122,542.84	19.20
Chestertown Bank.	409,231.15	61,384.67	33,683.68	8.23
Kent Savings	349,451.40	52,417.71	34,141.27	9.80

After reading the SWORN STATEMENTS published last week, and the above exhibit, which do you think is the STRONGEST and SAFEST bank in which to transact your banking business? The THIRD NATIONAL BANK cannot make as much money for its stockholders by adopting the policy of keeping on hand such a large RESERVE, but we KNOW it is better banking. Over $100,000 on hand with which to meet immediate demands. Think of the above while doing your banking. Your business solicited. Interest paid on all Savings Deposits.

We Have No Borrowed Money, No Bad Debts.

Very respectfully,

THE THIRD NATIONAL BANK

of Chestertown, Md.

THEY'RE

STILL COMING AND STILL GOING!

Not so briskly as 30 days ago. But Mr. A sees Mr. R's SUIT or OVERCOAT made-to-measure by us, and recognizes the superiority of material and fit compared to ready-made and prices.

NOW, our prices, 20% LESS, hence those who deferred buying early are coming to us. By comparison, the observant consumer is rapidly learning the difference.

No stock, large upkeep and no volume of business and minimum margin is how.

Respectfully,

W. E. Moody,

Authorized Representative of the International Tailoring Co., New York, Chicago and London.

Office under the Voshell House, next to Robert McWhorther's,

CHESTERTOWN, MD.

A Plucky Woman.

Mrs. Jesse Hurd, wife of Mr. Jesse Hurd, who resides on Mrs. Geo. H. Watts' farm, Morgnec road, about a mile from Chestertown, drove a negro bleeding from her house Saturday night shortly after nine o'clock. Mr. Hurd left home about nine o'clock to come to Chestertown on business. He had been gone but a short time when a short, stout negro entered his home. Mrs. Hurd, who is a woman of nerve, saw the negro coming toward her and seized a large butcher knife lying close by. The negro rushed toward her, and seeing the uplifted knife, raised his arm to protect his face. As the negro closed in on her, Mrs. Hurd struck out with the knife, wounding the negro, who fled from the house, when the daughter, who heard the noise while in an upstairs room screamed. Mrs. Hurd was rendered unconscious by a stone thrown through the window by the wounded negro, or she fainted at the sight of his blood. When her husband returned home about three hours after the occurrence, Mrs. Hurd had recovered sufficiently to tell what had happened. The authorities were notified and they immediately instituted a search for the negro. They found his hat at the home of Mr. Hurd, and they tracked him some distance away from the home by blood on the ground, but the desperado is still at large. The motive for the entering of the house was robbery, as the negro grabbed a satchel lying upon a shelf in which Mr. Hurd kept his money, but which, fortunately, he had removed before coming to town.

Getting Down to Work.

The executive committee of the Woman's Relief Society, appointed at the public meeting held in the Lyceum Theatre last week has been at work during the week soliciting subscriptions to the $5,000 fund they desire to raise and also securing assistance from the people of the respective districts of the county. Mrs. Charles W. Whaland is chairman of the executive committee, and we are glad to state that they are meeting with very generous responses on the part of the people who are greatly interested in the establishment of the hospital and home. Mrs. J. Hydie Thompson, chairman of the bazaar committee, has her workers in line, and everyone has expressed a willingness to do everything they can for a cause which means so much to the health and happiness of our community. The proper public spirit is being manifested in this matter, and everyone is urged to contribute as largely as possible to the fund in order that it may be raised quickly. It is likely that a building will be purchased or leased shortly and then an effort will be made during the present session of the Legislature to secure an annual appropriation for the maintenance of the hospital. Let every body get interested and pull together for the greatly needed institution.

Need Not Raise Tax Rate.

Mr. Merrick Clements, one of the members of the Board of Town Commissioners, furnished us with statistics this week, which show very clearly that the town can be bonded for $25,000 without increasing the present tax rate of 50 cents. Mr. Clements shows that there is at the disposal of the commissioners under the present rate, about $2375, which has been used for improvement of the streets and the sidewalks. This sum will be taken to pay the interest on the bonds and to create a sinking fund which will be used to pay off one bond a year as they come due. Mr. Clements has shown very conclusively by his tabulation of the accumulation of interest and sinking fund that the interest can be paid annually and one bond paid a year until the expiration of 29 years, when the entire bond issue will have been liquidated, without a penny of additional expense to the taxpayers. A statement such as this should cause every tax-payer in the town, who desires improved streets and good side walks to vote for the bond issue at the election next April.

ADJOURNED CITIZENS' MEETING.

Due to a misunderstanding which led to the action taken by the temperance people in mass-meeting in the Court House last Tuesday Feb. 10, and in response to a general demand on the part of the temperance people of the county I hereby call another meeting to be held in Chestertown at the Court House next Tuesday, Feb. 17th, at 1.30 o'clock.

SAL-VET.

The great majority of the sickness and fatalities in stock is due to causes arising from indigestion and worms. These enemies are subtle and insistent and are likely to begin their ravages and eat up your profits before you suspect anything is wrong. Therefore, to get the best results, prevention is the thing to be accomplished.

The one remedy which leading stockmen agree is not only a preventive of worms and indigestion, but also a remedy, is SAL-VET, a worm destroyer and stock conditioner, which costs so little, and is so easy to give, that it is rapidly replacing all other remedies everywhere.

It stimulates the appetite and aids digestion. It is an effective tonic and blood builder. It rids the stomach and intestines of worms, and better still, it prevents infection by these parasites. It is put up in handy size packages, and we have them in stock from 10 lbs. to 100 lbs., all sold with the manufacturer's guarantee.

CLOVER SEED.

Nice stock of new seed now here and the prices are in keeping with the times. The price is much less than last year. See our stock before you buy, and perhaps we can save you some money, and we guarantee to give you pure seed.
