TO OUR ADVERTISERS.

The TRANSCRIPT has endeavored during the past year to give its advertisers the very best possible service. We have allowed our advertisers to bring changes of copy to the office at any time preceding press day, and the adv. has been reset in nearly every instance. This has become a serious problem with our greatly increased job trade, and we must make some other arrangement with our advertisers to meet their requests and at the same time relieve the inconvenience caused by requests for late changes. We must ask all advertisers desiring changes of copy to have their changes in our office not later than Wednesday noon, and this will in a measure relieve the inconvenience to which late changes put our composing force. We shall do our best to give our advertisers the very best possible service this year, and if they will comply with this request we feel sure we can accomplish the object desired.

SHORTLY after the Committee on Elections in the Senate, of which Mr. Beck is chairman, began the recount of the ballots in the Worcester county case of Harrison vs. Ashburn, it announced that it would count the deceitfully folded ballots or abandon the contest. This would have given Ashburn the seat in the Senate by 30 majority. Now Harrison is seated. Why.

THE United States government is looking for male stenographers and typewriters. It has no trouble to secure all the female employees it wants, but it can't induce the males to accept. Examinations are held every month in the year except December in all large cities, and every young man 18 years of age and over can secure a position paying from $840 to $900 a year by passing one of these examinations.

IT has been suggested that the bill providing for changing the method of electing members of the Water Board shall contain a clause prohibitiug any member of the board from furnishing supplies to the board for profit. We understand that the present members of the Water Board are favorable to such a provision, and there seems to be a strong public sentiment for it. It is certain that the committee appointed at a recent public meeting will consult the wishes of the people in the matter.

HURRAH, for David J. Lewis, the popular congressman from Western Maryland, who, by his fight for the establishment of the Parcels Post, has forced the Adams Express Company to lower its rates nearly one-half, which went into effect February 1. David J. Lewis would make a splendid candidate for the United States Senate to succeed Senator John Walter Smith. He is the people's man in word and in deed, and he has gained a world-wide reputation by his great victory for Parcels Post and the people.

THEY tell us that all is not serene in the camp of the Organization faction. We understand that Mr. Beck is very much purturbed over the decided stand the Kent News has taken on the liquor question, and that Delegate Shallcross is very sore with Mr. Beck and Mr. Turner because they got *six employes* in the Legislature and Mr. Shallcross was put off with only one. We would imagine that for all the *assistance* Messrs. Beck and Turner got from the Fifth District in the last primaries they would be willing to take all of their employes from the Fifth, but it is the same old story that after the Organization gets what it wants out of the Fifth the people down there can look out for themselves. The Kent News has taken a firm stand on the liquor question, but Mr. Beck and other leaders of the Organization faction scent trouble.

LET US HAVE OUR SHARE.

The tax-payers of this county should write letters to our Senator and Delegates in the Legislature and insist that Kent county shall be given its share of the funds provided by the State for the building of the State road. Kent county has less mileage of State road than any county on the Eastern Shore, and yet she pays as much State tax as any of the other counties in proportion to her size. Why should Cecil county get more than one million dollars, when Kent got little over 190,000. Why should Queen Annes county have some 24 miles of State road, when Kent has only 14? Something is wrong, and our tax-payers should see to it that our representatives in the Legislature demand their just share of the loan of $6,000,000 to be provided for by the present Legislature.

Fine Programme.

Programme of the entertainment as advertised in behalf of the Presbyterian Manse fund Saturday evening, Feb. 14th, 7.30 P. M.: Opening chorus, "To Which Port"; play, "The Little Rebel"; solo, Miss F. Johnston; male quartette, Howard Rasin, G. R. Rasin, Ed. Wallis, Rev. W. Clews; solo, Rev. W. Clews; closing chorus, "Slowly Now the Sun is Sinking." Ice cream and cake will be served. Those who will display their dramatic and musical talent are Miss Blanche Redmile, Miss Flora Johnston, Mrs. John Hessner, Mrs. Ella Hill, Mrs. Rachel Hill, Messrs. G. R. Rasin, Howard Rasin, R. R. Hill, Ed. Wallis, Charles Hague and Rev. W. Clews.

THEY SEE THE LIGHT AT LAST.

Hurrah! for the Kent News. The TRANSCRIPT has at last made her see the light, and contrary to the expectation of many of her closest friends, she came out last Saturday and took the broadest position on the kind of an anti-shipping bill that we have heard talked of for any county on the Eastern Shore contiguous to that "troublesome" State of Delaware. We are glad indeed that the editors of the Kent News have taken a stand against that bill purported to have been drawn in accordance with the suggestion of the court by the State's Attorney, and which was re-introduced in the Senate by Mr. Beck. If the Kent News had taken this stand two years ago, instead of allowing the use of its columns to permit several of the socalled leaders of the Organization faction which has been playing politics with the temperance question in this county to vilify the editors of the TRANSCRIPT and to brand them as being liars and misrepresentors of the truth for taking a position which the Kent News by its two editorials on the question last Saturday, acknowledged to be right, it would have been far better for the moral welfare of the town and county. We are delighted that the Kent News has at last seen the light. We don't mind the personal attacks upon us. *Truth crushed to earth will rise again*, and there is glory enough over the victory that has been won to compensate for the knocks we have received in bringing about the changed attitude on the part of the Kent News. The change came like a flash, as only a week before they stated that "Mr. Beck had introduced the anti-soliciting whisky bill which was defeated two years ago," and thereby gave sanction to the Beck bill. Perhaps the call for a citizens meeting in the court house last Tuesday afternoon hastened the change. Now as the Kent News "stands in" with the Senator and Delegates from Kent, there should be no trouble in securing the passage of the kind of anti-shipping bill the Kent News wants.

MARYLAND LEGISLATURE.

Senator Price has introduced a bill in the Senate to give the Democrats the control of the school system of the State.

There promises to be a stiff fight in the Legislature on the oyster question. The oystermen of Kent want the Haman oyster law repealed, and our delegates in the legislature should grant their request.

By a strict party vote in the Senate on Wednesday, Mr. Orlando Harrison was seated as Senator from Worcester county over Mr. Quince Ashburn, who had been returned elected Senator from the county by the vote of the people. The seating of Mr. Harrison was accomplished through the political influence of Senator John Walter Smith, and it is believed that a big piece of politics affecting the future has been pulled off in the seating of Harrison. But where do the people of Worcester conuty come in?

Senator Harper's bill changing the method of drawing jurors in the Second Judicial Circuit has passed the Senate.

Mr. Turner presented in the House a memorial from residents of Kent asking for the modernizing of the Maryland Agricultural College.

Mr. Beck has introduced a bill in the Senate relating to the drawing of jurors in Kent county.

Grange Notes.

Fairlee Grange held an interesting meeting on Wednesday evening, 11th, at which time two new members were initiated. Several topics of interest were discussed and program rendered: Does it require more wisdom to earn a dollar than to save one? Lewin Skirven and others.

Is the great amount of novel reading at the present day an evil? Mrs. Tilghman Hudson.

How would you punish a child for telling a falsehood? Mrs. Jesse Morris.

Describe your first inclination to fall in love with your wife? Ably discussed by most all present.

This being so near Abraham Lincoln's birthday there were several readings on his life and disposition. The next meeting will be held on Wednesday, Feb. 18th, at which time the old Colonial costumes will be worn with powdered hair, etc. Subjects of interest will be discussed, Garner edited and read by Mrs. Harry T. Hoyle. The program will consist of readings, recitations and special music.

Kennedyville Grange has been having very good and interesting meetings this winter. One of its aims has been to help and encourage the young people. Our young members have taken part in all our meetings and one night in each month has been left entirely with the young folks after the business part of the meeting was over. Our granges should encourage the young men and women if we expect them to take an interest in the meetings and the Grange needs the young people as much or more than other organizations. On Monday night, Feb. 16th, we will have ten candidates to confer the first and second degrees. On last Monday night. Our Worthy Lecturer, Mrs. Lily Archibald, prepared a debate on the question, Resolved, That it is more beneficial for a young man to stay on the farm than to take a position in the city. For the affirmative were Wm. W. Clendaniel, Wm. Groves, John Sutton; negative, Wm. T. Hague, Harry J. Hill, James Weer; the judges, Misses Emma Shafer, Mrs. R. L. Wallis, Mrs. Dr. Urie. After a careful counsel together they decided in favor of the negative. We missed our chaplain, Rev. F. S. Cain, on Monday night. He is under the care of Dr. Urie, having a bad case of the grippe, but we are glad to hear he is improving.

TO THE EDITORS OF THE CHESTERTOWN TRANSCRIPT:

Gentlemen: It is not amiss to call the attention of Kent's tax-payers to the present, as well as prospective condition of taxation in Kent county. Several years ago the State tax was 16 cents. Last year this had nearly doubled, the State tax was and is 31 cents on the $100.

The county tax rate is 94 cents. Every tax-payer pays, within one cent, just one-third as much taxes for State purposes as he does for county purposes. Why is this? It is simply because of the expensive State Roads we are building. It is likely this tax rate will, in a few years, of necessity, be 50 cents on the $100. There is no escape. We all know what this will mean. Our taxes will be higher and higher each year. What have we to show for this burden? Possibly the least State road mileage of any county with the same taxable basis in the State. Queen Annes county has some 24 miles of State road, Kent county about 14 miles. Cecil county is getting an additonal appropriation of some **$366,000**, and has already had **$349,025**. Normally Cecil gets her full share, and also **$366,000** in addition! They will pay her in all **$1,942,937**!

The following assessment of a tax-payer in Kent county indicates exactly what I mean:

"Your Assessment for 1913	$1,660.00
County Taxes thereon at 94c on $100	$15.60
State Tax thereon at 31c on $100	5.15
Total Bill on $1,660	$20.75"

This is a tax bill which has been paid. If a larger tax-payer has a bill of $400, instead of $20.75, he will pay a STATE TAX of $100. This can be seen at a glance.

What should we in Kent county do? Call upon our Senator and Delegates in the Legislature to insist that out of the new $6,000,000 road fund, which it now appears will surely be levied, Kent county shall be treated more fairly. If Queen Annes county has been given more mileage than she is entitled to, then see that Kent county comes in pro rata. See that we are treated as fairly as Cecil. Why should Queen Annes have more than Kent? Is there any good reason? Let all be on an equal basis. If we cannot get this, let our Delegates and Senator fight the State roads measure, at least vote against it at every roll-call and put this county on record. Let them put the commission on record as to what has been done in Kent. Then ascertain exactly what we shall receive.

If we sit still and do nothing the same thing will occur year after year. If Kent county had as much as she is entitled to, according to the tax she pays the State, the road to Georgetown would have been completed long ago, more than half the road to Rock Hall or Tolchester would have been built.

Yours very respectfully,
HOPE H. BARROLL.

The congregation of the First Presbyterian Church at Worton enjoyed an instructive and forcible sermon last Sunday night. The text, Luke 14-21, "Go Out Quickly Into The Streets and Lanes of The City And Bring in Hither The Poor And The Maimed And The Halt And The Blind." I take it that Rev. Mr. Clews meant it for us to go out and invite the people to come and hear the Word of God, and see the light that they may heed. The text for next Sunday night is Mat. 25-16, "Then He That Had Received The Five Talents Went And Traded With The Same, And Made Them Other Five Talents." Come and hear the sermon.
