The Transcript

R.H.COLLINS, T.D.BOWERS
EDITORS.

THE garden seed sent the TRANSCRIPT by Congressman J. Harry Covington have arrived, and we shall be glad to give them to our friends as long as they last.

FORMER Judge James Alfred Pearce has presented to the members of the bar in Easton a portrait of himself. This portrait was made by Artist Perski, and will be hung in the Easton court house.

MRS. LILLIAN STEVENS, president of the National W. C. T. U., is dead. A great leader of a great cause has passed away. The deceased succeeded Miss Frances Willard at the head of the temperance organization.

ABSOLUTE prohibition will prevail in the United States navy after July 1st. Secretary Daniels having ordered abolished even the traditional "wine mess" of the officers. So much for the power of public sentiment when wisely directed.

THE funeral notice of the late George W. Jones appears in the Millington letter. Mr. Jones died last Sunday afternoon. He was one of the best men in the county—a gentleman in every sense of the word, a friend of the needy and a splendid citizen. He will be a distinct loss to the county.

THE bill providing for the State manufacture of lime for the benefit of the farmers throughout the State was killed through the influence of Senator Smith, who hurried to Annapolis last Saturday presumably at the solicitation of the lime manufacturing interests of the State to line up his friends against the bill. The farmers desired the passage of this bill because of the injustice of the price of lime charged the farmers by private manufacturers. The bill was on the road to passage until Senator Smith interposed his influence.

THE LEGISLATURE adjourned on Monday night. President of the Senate Price and Speaker of the House Trippe, were each presented with chests of handsome silver as tokens of esteem from their fellow members. In many respects the session of the Legislature just closed has been one of the most remarkable in the history of the State. In point of expenditure and legislative expenses, it is a record breaker, and the tax-payers will feel the force of the legislative extravagance before another two years expires. The quality of the legislation enacted remains to be tested. So far as Kent county is concerned, the quality of the legislation may be accurately tested in MONEY, which will in nowise innure to the benefit of the tax-payers of the county. As to the State laws enacted there are several laws which will do much towards placing the State in the front ranks of the progressive States of the Union, especially the Home Rule bill, the Referendum and the Labor Compensation Act. It is unfortunate that Senator Benson's bill providing for a decrease in the membership of the House and for a session of the Legislature every four years, failed to pass. Had the bill become a law we believe it would have insured a better quality of law makers as well as proven beneficial to the tax-payers.

School Legislation.

The State Board of Education, which started off with an ambitious program has been greatly gratified with the progress of the bills advocted by the board.

The state tax rate for schools has been increased to 17 cents, which will produce more than $100,000 additional for schools from that source. An appropriation of $25,000 was made for a school building at Ocean City, which will have an auditorium large enough to accommodate the meetings of the State Teachers' Association and other educational bodies. The maintenance appropriations for the three state normal schools were substantially increased, and an additional $22,000 provided for the completion of the new normal school.

The teachers have not been forgotten, since an act providing for an increase of $100 above the present minimum for all teachers having a reasonable degree of training was passed, as well as an increase on the basis of experience for high school principals from $1,200 to $1,500, and from $500 to $800 for assistants in high schools.

Another act requires all new teachers employed after June 30, 1915, to have had some training for their work. An increase was made in the appropriation for teachers pensions, and the state university bill was finally passed.

PEOPLE'S COLUMN.

Fire Clay Cement!

DEAR SIRS: Can anybody tell you who built cement bridges with fire clay and where they got the fire clay from? Naturally we want to know how this is done in Worton.

Respectfully,
WORTON.

DEAR SIRS: I understand there are to be, under the recent Road Act, "Three Little Gibbses" in Kent county. I would like to be one of the "Little Gibbses". How can I get it? Who will they be? Is there any use for me to try?

Yours truly,
FIFTH DISTRICT.

Fine String of Racers.

We were unable to give a list of the fine racers which Mr. Powell Peacock brought to Radcliffe Park track last week, for the reason that the list was not completed. We are able to give them this week, and they are a likely bunch of racers, now you just bet. Here they are:

POULTRY ADVERTISEMENTS

Fairview Farm's Reds!

MY RHODE ISLAND REDS are the greatest prize winners on the Eastern Shore of Maryland in all classes, and I defy the whole of Maryland, Delaware and Pennsylvania to show a better Cockerel than the one that heads my pen No. 1. My Reds were shown in 11 classes at Baltimore, Allentown, Wilmington, Dover and Centreville and won 5 firsts, 2 seconds, 2 thirds, 2 fourths and 2 specials. Special at Dover for the best Cockerel in the American class. Special at Centreville for the best pullet in the entire show.

My birds also are great layers. Four pullets in 30 days, parts of January and February, laid 104 eggs. Phone or write for prices on the best pens I ever had. Utility Eggs, 5c each.

TRUSTEES' PUBLIC SALE
—OF—
Valuable Farm Land
In Kent and Cecil Counties, Maryland.

UNDER and by virtue of the authority contained in a decree of the Circuit Court for Cecil County, Maryland, in Equity, the undersigned, Trustees therein named, will offer at public sale at the Court House Door in Chestertown, Maryland, at 12 o'clock M.,

On Saturday, April 25th, 1914,

the FOUR following TRACTS of highly cultivated Farm Land:

TRACT NO. 1.

All that tract of land situate near Black Station, Kent county, Maryland, now tenanted by Mr. Charles E. Faulkner, and containing

288¼ Acres of Land, More or Less,

It being the same tract of land which is secondly described in a deed from David C. Blackiston and others to Elizabeth G. Constable, dated April 27th, 1875, and recorded in Liber D. C. B. No. 1, Folios 317, etc., one of the Land Record Books of Kent county. It is improved by a good substantial BRICK and FRAME DWELLING HOUSE in good repair, together with all the outbuildings found on a modern farm. Every foot of this land is tillable and has been recently limed. This is one of the most attractive and productive farms in the State of Maryland. It is situated about half way between Black and Lambson Stations, on the Chestertown Branch of the Delaware Railroad.

TRACT NO. 2.

All that Tract of Land adjoining the farm described as Tract No. 1, tenanted by George C. Johnston, and containing

180 Acres, 1 Rood and 24 Perches

OF LAND, More or Less; it being the same Tract of Land which is first described in the deed mentioned in Tract No. 1. It is improved by a FRAME DWELLING HOUSE, together with the usual outbuildings. This farm has also recently been limed, and every foot of italso is tillable. It is the same high-grade farming land as the above tract, and is surpassed by none in productiveness.

TRACT NO. 3.

All that Tract of Land situate on the public road leading from Locust Grove to Black Station, and tenanted by Cornelius Jarvis, containing

230 Acres of Land, More or Less,

it being the same Tract of Land which is first described in a deed from Maria G. Knight and others to Elizabeth G. Constable, dated the 23d day of January, 1904, and recorded in Liber J. T. D., No. 9, folio 40, etc., one of the Land Record Books of Kent county. The improvements consist of a FRAME DWELLING HOUSE in good repair, together with the usual frame outbuildings. This farm, like the others, is in a high state of cultivation, and is very productive.

TRACT NO. 4.

All that Tract of Land situate on the public road at the corner of A. C. Nowland's land, containing

56 Acres, 3 Roods and 16 Square Perches

OF LAND, More or Less; there are no improvements on this tract, but it is tilled as a part of Tract No. 3 by Mr. Jarvis, and is separated by land of others from the main tract. The above two tracts, Nos. 3 and 4, will be first offered separately and the bids thereon reserved, and then as an entirety, and the sale will be made in whichever manner produces the most money.

No one can make a mistake in purchasing any of these farms, either for investments or homes. They have been owned in one family for seventy years or more, and have always been kept in a high state of cultivation. They are convenient to schools, churches, etc., and to shipping points on the railroad.

UNDER and by virtue of the same decree as above, the undersigned Trustees will offer at public sale at the Court House Door in Elkton, Maryland, on

Monday; April 27th, 1914,

ALL THAT TRACT OF LAND situate in the First Election District of Cecil county, known as the "BEACH," and containing

479 Acres of Land, More or Less,

t being the same Tract of Land which was conveyed unto Elizabeth G. Constable, by Maria G. Knight and others, by their deed dated the 14th day of December, 1903, and recorded in Liber J. G. W., No. 14, folios 476, etc., one of the Land Record Books of Cecil county. The improvements consist of a FRAME DWELLING HOUSE, one Frame Tenant House, and the usual outbuildings, all in good condition. This farm is located at the junction of the Chesapeake Bay and Elk River and has about a mile of water front, on which there are valuable deposits of sand, from which was sold, without any impairment, $2,500 worth, used for building the McCall's Ferry Dam. There is also a valuable fishery on the property. The land is easy to till and is in a high state of cultivation.

The landlord's share of the growing wheat will go to the purchaser of each of the above tracts upon the purchaser paying for the landlord's half of the fertilizer used thereon.

This is an excellent opportunity for intending purchasers of real estate to acquire some valuable land, for this is to be a positive sale, made necessary for closing the estate of Elizabeth G. Constable, deceased.

TERMS OF SALE, as provided by the decree, are: One-third of the purchase price on the day of sale, the balance upon ratification of sale, the credit portion to bear interest from the day of sale, and to be secured to the satisfaction of the Trustees. Cost of conveyances to be paid by the purchasers.

PAIGE FOR ARMY USE

AFTER a careful consideration of specifications and analysis of six makes of cars, the United States government has placed its order for a PAIGE roadster for the use of Lieut. Kennet, Chicago army recruiting officer of the United States Army.

The car has been ordered for immediate delivery (Motor World, March 19, 1914). Measure it point for point by the standard of the high-priced cars, the PAIGE is not out of place in any automobile assemblage.

REMEMBER, that the PAIGE is the product of a company soundly organized; governed by a conservative policy, and producing automobiles on an efficiency basis whose superior cannot be found to-day.

Model Glenwood "36"—Electric Lighting and Starting—$1275.

Model Brunswick "25"—Electric Lighting and Starting—$975. Without Electric Equipment, $900.
