NOTHING

BUT MADE-TO-MEASURE CLOTHES.

No ready-made, consequently, no stock to carry; no large upkeep, and, consequently, we are making clothes to order. Fit, quality and workmanship fully guaranteed. Same quality for less money than you can buy ready-mades. The large line comprising 500 styles of all wool suitings for Spring and Summer is ready for inspection—$12.60 the suit, gradually leading up to the finest imported fabrics. Ask some of the large number we clothed last year about this service and the price.

Respectfully,

W. E. MOODY, Chestertown, Md.,
Special Representative of the International Tailoring Co., of New York, Chicago and London.
Office under the Voshell House, next to Robert McWhorther's.

Ladies' Town Improvement.

The Ladies' Town Improvement Association is asked to meet at the home of Mrs. Hope H. Barroll this afternoon at 3 o'clock. The association desires to thank the Town Commissioners for acting upon the association's suggestion to pass an ordinance against spitting on the town sidewalks. A thorough investigation will be made to-day by the association of conditions in the valley around the drinking system. The results of the recent visit of Mr. Tollman of the State Board of Health are being seen. The slaughter house is to be torn down immediately and other improvements are in contemplation. Mr. Tollman will make another visit here at the suggestion of the ladies' association, and he will go more thoroughly into the conditions relative to the ditch in the ravines and methods to be employed to prevent contamination of the drinking water. The Ladies' Improvement Association has for years worked upon the valley, and they have by filling in with dirt and other material, eliminated the bog. They have assumed no responsibility for the damage in the ravine or for the condition of the ditch, but they insist that the ditch should either be provided with a proper sewer or that it should have a cement bottom and sides. The ladies feel that the drainage and care of the ditch should be left to those who possess more expert knowledge than they.

Mr. Tollman says the ditch drains the land for a distance of two miles, and certainly it should be so constructed as to prevent the surface drainage from coming in contact with the drinking water. The association to-day will discuss the plans for Mr. Tollman's second visit, and they propose to do everything in their power to secure proper sanitary conditions around our drinking system. A man has also been employed to collect all papers, and the town will haul the scraps from the tin cans placed here and there over the town. The association urges that May 1 be made "clean up" day, and that every property holder and storekeeper observe the day.

PUBLIC MEETING.

A Public Meeting at 8 P. M. will be held at the Lyceum Theatre on THURSDAY, APRIL 23rd, to discuss the Bond Issue. The Bond Issue is to be voted on April 27th. The Public Health Commission is sending Robert B. Moorse, Chief Bureau Sanitary Engineering, to discuss sanitary conditions, and the new law passed in the last Legislature, what power the State Board of Health has to improve local conditions, etc.

The State Roads Commission is sending their Chief Engineer and perhaps others to discuss improving streets in towns.

All of these matters are extremely important to every man, woman and child in Chestertown and particularly the tax-payers and voters. Come out and hear them discussed by the most eminent authorities in the State. No charge for admission.
