GARRETT FOXWELL.

By the death of former Senator Garrett Foxwell this county has lost one of its foremost citizens. Senator Foxwell was, in the fullest sense of the expression, one of our grand old men. Frugal in his habits, yet generous of heart, he acquired wealth only to provide for his loved ones when the sad day came, and to use it in ameliorating the burdens of his fellowmen. As true as steel to friends, yet firm in every position which he believed to be right, he enjoyed the confidence and esteem of his associates in business, in politics, and in all walks of life. Throughout our long and delightful association with Senator Foxwell, we admired him for his rugged honesty, his manly instincts, and we loved him because of the sincerity and genuineness of a friendship that was noble in its simplicity. We shall miss him sorely because of his abiding interest in our welfare, as well as for the pleasant association with a man of the highest business integrity, and while the summer zephyrs blow a requiem over his last resting place, we shall cherish his memory, and *never* forget his genial smile and cordial "How do."

ONE of our exchanges, in discussing the closing of the Maryland Legislature last Saturday headed its article with this expression—"Hallelujeh, 'Tis Done."

THE new road about to be begun from Chestertown to Rock Hall via Fairlee and McLane's Corner, will be built by the State Roads Commission out of the funds appropriated by the Legislature. And yet the Kent News said on Saturday that Messrs. Turner and Shallcross secured the road for Rock Hall. The people of Kent have noticed that the representatives from Kent have been playing "sweet" to the Fifth District throughout the legislative session, and while they have been playing politics with the Fifth District, they have sacrificed the interests of the remainder of the county. And we venture to say that when the people of the Fifth District wake up to what has been done, they are not a bit better off financially and politically than the rest of the county.

GOV. GOLDSBOROUGH vetoed the Cecil County Commissioners' bill, which named the road supervisors in each district in the county in the interest of a political faction opposed to the present Board of County Commissioners, because as he stated, it was *vicious legislation*. And yet he signed the bill reducing the Kent County Board of Commissioners from five members to three, and appointing three road directors, who are opposed politically to the Board of Commissioners, and which bill is about as vicious a piece of partizan political legislation as could be thought of. Now, why should Gov. Goldsborough want to veto a factional bill affecting the welfare of the tax-payers of Cecil county, and sign an equally vicious piece of legislation affecting Kent county? The people of Kent county would be glad to learn from Gov. Goldsborough his reason for vetoing the Cecil bill and signing the bill affecting Kent county.

A NUMBER of the farmers along the proposed new road from Chestertown to Rock Hall via Fairlee, among whom is Mr. Carey W. Rhinehart, have suggested that the State Roads Commission begin the building of the new road at Fanuel's Branch bridge instead of at Radcliffe Mill bridge. They assign as their reason for this that the county road from Radcliffe bridge to Fanuel's Branch bridge is as good as any one can desire, and it will be a pity to tear this piece of road up and replace it with a more expensive road that is much harder and far more expensive to keep in repair. Besides this, Road Engineer Gibbs has consented to reshell this piece of road provided the State Road Commission begin the new road at Fanuel's branch which would add an additional mile of road to the Fairlee end. We have talked with a number of farmers and shippers along the route from here to Rock Hall, and we believe a shell macadam road would be perfectly satisfactory to them, and nearly the entire distance could be covered to Rock Hall by a less expensive road than the present State road. We want the people along the route to have the best possible road but we believe they would prefer to have as much of the road completed in as short a time as possible, and if ten miles of satisfactory road can be built for the price of five miles of stone road, such as are being built in many of the counties as lateral roads, more people would be benefited by the expenditure of a given amount of money. We sincerely hope that the State Road Commission will give serious consideration to these suggestions, because we believe the commission desires to benefit as many people as possible in the expenditure of the funds at its disposal.

Hochschild, Kohn & Co.

If any one doubts the efficiency of constant and reliable advertising, he should visit the store of Hochschild, Kohn & Co., in Baltimore. We believe it is no exaggeration to say that there are more country people in the big store on Howard and Lexington streets in one day than in almost any other store in the city, except Hutzler Bros., in any two days in the week. This is undoubtedly due to two facts—that this great store has educated the mass of the people through the medium of constant advertising in the county papers to know that the store is the people's store, and the other fact is that the store has a most complete and perfect service, both in the store and through the mail order system. These two facts, coupled with the absolute reliability of their great stock, make Hochschild, Kohn & Co.'s name a byword in [illegible] rural Maryland, and the [illegible] untold benefit from its [illegible]ertising. Their spring [illegible]pears in this issue.

TRUSTEES' PUBLIC SALE

—OF—

Valuable Farm Land

In Kent and Cecil Counties, Maryland.

UNDER and by virtue of the authority contained in a decree of the Circuit Court for Cecil County, Maryland, in Equity, the undersigned, Trustees therein named, will offer at public sale at the Court House Door in Chestertown, Maryland, at 12 o'clock M.,

On Saturday, April 25th, 1914,

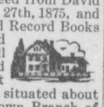

the FOUR following TRACTS of highly cultivated Farm Land:

TRACT NO. 1.

All that tract of land situate near Black Station, Kent county, Maryland, now tenanted by Mr. Charles E. Faulkner, and containing

288¼ Acres of Land, More or Less,

It being the same tract of land which is secondly described in a deed from David C. Blackiston and others to Elizabeth G. Constable, dated April 27th, 1875, and recorded in Liber D. C. B. No. 1, Folios 317, etc., one of the Land Record Books of Kent county. It is improved by a good substantial BRICK and FRAME DWELLING HOUSE in good repair, together with all the outbuildings found on a modern farm. Every foot of this land is tillable and has been recently limed. This is one of the most attractive and productive farms in the State of Maryland. It is situated about half way between Black and Lambson Stations, on the Chestertown Branch of the Delaware Railroad.

TRACT NO. 2.

All that Tract of Land adjoining the farm described as Tract No. 1, tenanted by George C. Johnston, and containing

180 Acres, 1 Rood and 24 Perches

OF LAND, More or Less; it being the same Tract of Land which is first described in the deed mentioned in Tract No. 1. It is improved by a FRAME DWELLING HOUSE, together with the usual outbuildings. This farm has also recently been limed, and every foot of italso is tillable. It is the same high-grade farming land as the above tract, and is surpassed by none in productiveness.

TRACT NO. 3.

All that Tract of Land situate on the public road leading from Locust Grove to Black Station, and tenanted by Cornelius Jarvis, containing

230 Acres of Land, More or Less,

it being the same Tract of Land which is first described in a deed from Maria G. Knight and others to Elizabeth G. Constable, dated the 23d day of January, 1904, and recorded in Liber J. T. D., No. 9, folio 40, etc., one of the Land Record Books of Kent county. The improvements consist of a FRAME DWELLING HOUSE in good repair, together with the usual frame outbuildings. This farm, like the others, is in a high state of cultivation, and is very productive.

TRACT NO. 4.

All that Tract of Land situate on the public road at the corner of A. C. Nowland's land, containing

56 Acres, 3 Roods and 16 Square Perches

OF LAND, More or Less; there are no improvements on this tract, but it is tilled as a part of Tract No. 3 by Mr. Jarvis, and is separated by land of others from the main tract. The above two tracts, Nos. 3 and 4, will be first offered separately and the bids thereon reserved, and then as an entirety, and the sale will be made in whichever manner produces the most money.

No one can make a mistake in purchasing any of these farms, either for investments or homes. They have been owned in one family for seventy years or more, and have always been kept in a high state of cultivation. They are convenient to schools, churches, etc., and to shipping points on the railroad.

UNDER and by virtue of the same decree as above, the undersigned Trustees will offer at public sale at the Court House Door in Elkton, Maryland, on

Monday; April 27th, 1914,

ALL THAT TRACT OF LAND situate in the First Election District of Cecil county, known as the "BEACH," and containing

479 Acres of Land, More or Less,

t being the same Tract of Land which was conveyed unto Elizabeth G. Constable, by Maria G. Knight and others, by their deed dated the 14th day of December, 1903, and recorded in Liber J. G. W., No. 14, folios 476, etc., one of the Land Record Books of Cecil county. The improvements consist of a FRAME DWELLING HOUSE, one Frame Tenant House, and the usual outbuildings, all in good condition. This farm is located at the junction of the Chesapeake Bay and Elk River and has about a mile of water front, on which there are valuable deposits of sand, from which was sold, without any impairment, $2,500 worth, used for building the McCall's Ferry Dam. There is also a valuable fishery on the property. The land is easy to till and is in a high state of cultivation.

The landlord's share of the growing wheat will go to the purchaser of each of the above tracts upon the purchaser paying for the landlord's half of the fertilizer used thereon.

This is an excellent opportunity for intending purchasers of real estate to acquire some valuable land, for this is to be a positive sale, made necessary for closing the estate of Elizabeth G. Constable, deceased.

TERMS OF SALE, as provided by the decree, are: One-third of the purchase price on the day of sale, the balance upon ratification of sale, the credit portion to bear interest from the day of sale, and to be secured to the satisfaction of the Trustees. Cost of conveyances to be paid by the purchasers.
