EDITORS.

THE House of Bishops of the Methodist Episcopal Church, in meeting assembled last week, adopted a resolution commending the efforts of President Wilson to prevent war with Mexico.

THE law requiring an entirely new registration in the counties this year, will be a very expensive proposition, and will cause an appreciable increase in the county tax rate for 1914 or 1915.

BY July 1 the United States will have a population of 109,021,992 people, according to estimates made public last week by the Census Bureau. This is an increase of over 7,000,000 persons in a little over four years. In the boundaries of the continental United States on July 1 will be 97,781,325 people.

MR. PERKINS THROWN DOWN.

We have the information from an absolutely reliable source that the Organization faction has thrown Mr. Eben F. Perkins down as a candidate for the Chestertown postoffice, and that they are preparing to give their indorsement to Mrs. Margie P. Finley. We have it from unquestioned authority that three of the prominent leaders of the Organization faction have written letters to the Postmaster-General at Washington indorsing Mrs. Finley. Whether Mr. Perkins, who has had the indorsement of the Organization for the position up to the present time, knows anything about the move, we are unable to say. But it is an interesting fact that the name of Mrs. Finley for postmistress at Chestertown is being urged by those whose word in Organization circles is "law."

Automobile Notes.

Mr. J. F. Thompson, agent, delivered 1914 model five-passenger touring cars to Messrs. Paul Comegys and Leonard Wilson, of Millington, this week. Mr. Thompson has received two carloads of cars within the past two weeks for delivery.

Messrs. Graham, Clements & Sutton, agents, have sold to Dr. H. G. Simpers a Chevrolet roadster. This is a new and very attractive auto for which the firm has recently accepted the agency.

Mr. J. H. Sides received this week a carload of 1914 model Maxwell touring cars. Now, you talk about something handsome and up to the minute, you just examine these cars and see if you can beat them anywhere in the world for durability, conformation and simplicity of operation for the price.

Bankers to Meet at Cape May.

Arrangements are being completed for the ninteenth annual convention of the Maryland Bankers' Association, which will be held June 16, 17 and 18 at Cape May, N. J.

An interesting program is being arranged, those who have already consented to speak at the convention being Carter Glass, chairman of the Committee on Banking and Currency in the House of Representatives and father of the new currency law; O. P. Austin, secretary of the National Geographic Society; Carl R. Gray, president of the Western Maryland Railway; O. E. Weller, chairman of the Maryland State Roads Commission; Mayor Preston; Claude Gilbert, national bank examiner for Maryland, and Prof. Nicholas Schmitz, of the Maryland Agricultural College.

Charles Hann, assistant cashier of the Merchants-Mechanics' National Bank, and secretary of the Maryland Bankers' Association, is in charge of arrangements for the convention.

Kennedyville Items.

The war with Mexico outdone, home rule for Ireland put in the shade, the "Panama Canal Tolls" regulated to the insignificant, great excitement in Kennedyville, Md., all the people dizzy; Mrs. Clews, wife of the Presbyterian minister, has given birth to twin boys. The mother and boys are doing well, and the father feels himself the only real man in town.

Mothers' Day will be observed in the Presbyterian Churches of Georgetown, Kennedyville and Worton next Sunday. All parts of the service will be appropriate. Special music at Kennedyville. The hours of service are now—Georgetown 10..0 A. M., Kennedyville 3 P. M., Worton 7.30 P. M. Everybody welcome.

The contractors, Stavely & Bowers, are about to commence work on the Manse at Kennedyville. The pastor, trustees and all concerned are grateful indeed to all who have subscribed to the fund. All may now send in their subscriptions, when convenient, of course, to the People's Bank, Chestertown, Md. All who subscribe to this fund will have their names inscribed on parchment which will be framed and hung in the parlor as a perpetual memorial. This will show who built the Manse, and it will also act as a kind of a receipt for all the money received.

Rock Hall Items.

The Town Council met last Wednesday night to look over bids received for the electric plant. It's a sure thing that Rock Hall is to have a good lighting system. Now get together on concrete sidewalks.

J. A. Urie has taken several of his pool tables over to one of the Baltimore parks for the summer.

S. B. Maslin has gone into the pigeon business.

Mrs. Walter H. Davis and daughter are visiting Prof. Davis' parents in Street, Md.

Prof. J. L. Smyth made a flying visit to Rock Hall one day last week.

Mr. Hudson, who just returned from the west, has finished a very neat little bungalow where he will make his home in the future.

The Boy Scouts, of this town, made a hike of 21 miles last Saturday, going from here to Fairlee, down through Georgetown to Caulk's Field monument, on to the Swamps to Tolchester, then home. While at Fairlee a short demonstration of scout craft was given for the benefit of those gathered around to see the boys. Last Saturday's TRANSCRIPT called the scouts treck (TRECK) cart a truck cart, much to the dislike of the boys. The TRANSCRIPT'S error was due to the good (?) writing of the Scouts' captain.

The campfire girls spent last Saturday in camp at the Scouts' log cabin having a great time. This troop now numbers 22 members.

Contracts are out for the erection of a dwelling on Main street, for Mr. T. E. Joiner.

Bill Johnson (colored) had a very interesting bird in town last Wednesday. A cormorant, something little seen but plentiful. Interesting stories are told of these birds in connection with the fishing industry in China and Japan.

The Rock Hall Church is being overhauled and painted. This is quite an improvement.

Jack Barr's Minstrels, from Baltimore, entertained a crowd in the Mechanics Hall last Friday night. They had good singing and jokes and was very good allround.

Now that the town is to have electric lights maybe the motion pictures here will be better. Jr. O. U. A. M. get busy and better your pictures.

Charles Lehman	7
William Boyd	10

Messrs. Caldwell, Jones and Jarman will be the new board, and each of them are men of sufficiently progressive ideas as to give Galena an up-to-date administration.

Rock Hall Election.

The annual election for a board of five members for the Town Council of Rock Hall, and also the vote on the question of bonding the town for the erection of an electric light plant at a cost of $10,000, was held on Saturday. There were ten candidates, who, with their total vote, are as follows:

This entertainment has been given in a number of the towns in the county in the past year and has never failed to receive favorable comment. It was given to a crowded house in Chestertown last fall and was well received.

Seen Brown Bros. fine display of the latest styles and weaves in straw hats? The big display window shows the scope of the assortment, and they can fit any kind of a head at prices to suit.

Read H. Sachs & Son's change of advertisement in this issue. The big store is brim full of everything in the height of style for men, women and children, and the assortment is fine. And don't forget ladies and gentlemen that they are expert tailors and can make you a most excellent garment.

The firm has very generously loaned us their space this week, but just remember that they are just as busy as ever, and will give their prompt attention to all mail orders.

Have you seen those fine new porch screens at John Bartley's? They serve a threefold purpose. They make a living room of your front porch, keep out the hot sun, and admit sufficient air to make your porch delightfully cool in summer. Take a look at them, and then buy several of his pretty willow rockers if you want comfort and ease.

Your Own Porch Better than a Country Cottage

You need not go into the country during the hot summer months if you have your porch equipped with

AEROLUX
NO-WHIP
PORCH SHADES

These water-proof shades come in a great variety of colors. They admit just the proper amount of good fresh air yet maintain perfect seclusion to those upon the porch.

They transform any porch into a perfect resting place. The NO-WHIP ATTACHMENT with which these shades are equipped prevent flapping of the shade. The shades successfully keep out the hot rays of the sun and while they maintain the porch cool and comfortable, admit just the proper amount of light.

Call and see our display or a telephone call will bring the "Aerolux" man who will show you color samples and then if you wish, take the measurements of your porch.

PAIGE

You never have to make excuses for the Paige car. Place it in any automobile assemblage—

Measure it by the standard of cars of double its price.

The only excuses you will hear will be the attempts of the other fellow to justify himself for paying more.

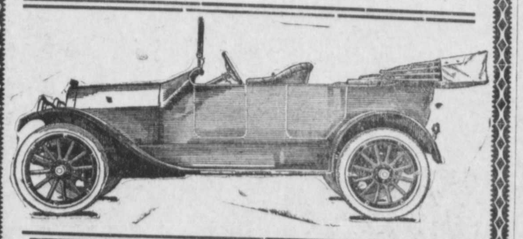

The Paige is the car of super-quality simply because all the money goes into the car itself.

The Paige-Detroit Company has no bonded indebtedness to eat up a large proportion of its income in interest—it has no excessive capitalization on which it must earn dividends—and it has ample resources to enable it to buy at lowest cash prices.

The Paige price represents actual car value.

Every Paige owner knows this already.

Every prospective owner will recognize it immediately when he checks up the Paige point for point with cars costing $2000 or more.

Model Glenwood "36"—Electric Lighting and Starting—$1275.

Model Brunswick "25"—Electric Lighting and Starting—$975. Without Electric Equipment, $900.

It is the moderate priced car with the high priced car features. Added to this is the low upkeep cost that comes from lightness and correct design.
