The registration required by this Section shall be made upon blanks supplied by the Bureau of Statistics and Information.

Section 244. No articles shall be manufactured in whole or in part, altered, repaired, or finished in any room or apartment of a tenement or dwelling house where there is or has been a case of infectious, contagious or communicable disease, until such time as the local department or board of health shall certify to the Bureau of Statistics and Information that such disease has terminated, and that the room or apartment has been properly disinfected, if disinfection after such disease is required by law, or by the rules and regulations of such department or board. No person, firm or corporation shall hire, employ or contract with any person to manufacture in whole or in part, alter, repair or finish any articles in any room or apartment of any tenement or dwelling house, unless a license has been issued therefor as aforesaid. Such application shall state the location, street and number of the loft, workshop or factory to be licensed, the number of persons to be employed therein, and such other information as the Chief of the said Bureau may require, and shall be signed in ink by the person or firm or officer of the corporation conducting the work in such loft, workshop or factory.

No such license shall be granted until such premises have been inspected by an Inspector of the Bureau of Statistics and Information and a statement filed in said Bureau as a matter of public record, showing the results of said inspection and signed in ink by the inspector responsible therefor.

No such license shall be granted for such premises unless the laws requiring fire-escapes and proper exits thereto and separate privies for male and female employes, and all other laws relating to the health and safety of employees in such establishments have been fully complied with, and unless every such loft, workshop or factory sought to be licensed shall contain at least five hundred cubic feet of air space for every person employed therein.

Section 247. Every employer or manufacturer, whether a person, firm or corporation, contracting for the manufacture, in whole or in part, altering, repairing or finishing of any articles in a tenement or dwelling house, or in any room or workshop outside of his, their, or its own establishment, or giving out of materials from which they or any part of them are to be manufactured, altered, repaired or finished, in a tenement or dwelling house, or in any room or workshop outside of his, their or its own establishment, shall keep a register of the names and addresses, plainly written in English, of the persons to whom such articles or materials are given to be so manufactured, altered, repaired or finished or with whom such employer or manufacturer has contracted to do the same, and shall issue with all such articles or materials a label bearing the name and place of business of such employer or manufacturer legibly written or printed in English.

The register mentioned in this Section shall be subject to inspection by any inspector of the Bureau of Statistics and Information, and a copy thereof, as well as such other information in regard thereto as such inspector may require shall be furnished upon demand.
