W. B. COPPER

WE ARE

MAKING THEM! Compare quality, fit and workmanship with some of these guaranteed Suits we're turning out. See if you're treating yourself just right, then we'll make yours.

No large rent, no large stock to carry and carry over, no large up-keep is why we're making Suits to order for less money than you can NOW buy ready-mades. Same quality. Think this over.

In connection with my tailoring business, I've added a line of Alpaca and Mohair Coats, Dusters and Raincoats from a manufacturing plant in New York. I carry sample garments and can deliver in two days. Look them over. I'll save you 25 to 30 per cent. on this line also. Respectfully,

W. E. MOODY,
SPECIAL REPRESENTATIVE OF THE INTERNATIONAL TAILORING CO., OF NEW YORK, CHICAGO AND LONDON,
Office Under Voshell House, Next to Robert McWhorter's, CHESTERTOWN, MARYLAND.

To the Users of the Ford Automobile in This Section.

Owing to the many complaints made by those who own Fords in this vicinity, I invite owners and users of the Ford, who have not had satisfaction which their machines, to write or call and see me and state the facts. In this way we may make representations to the Manufacturer and find what is the trouble with the machines, and why we cannot get better service after having been guaranteed, before purchasing, almost a perfect machine.

Building New Road.

The Board of Town Commissioners have awarded the contract for improving certain streets of the town—portions of High, Cross and Queen streets, to the Juniata Paving Company, and the work of grading the streets has been begun under the direction of Mr. Atkinson. The new streets will be similar in construction to the part of High street already finished. High street from the Voshell House to College avenue will have an average width of 35 feet, with attractive green grass plots and terraces as well as curbing. Cross street and Queen street will be paved and curbed their entire width. There is some disagreement between the commissioners and residents along Queen street as to the removal of the trees along the side walks. The residents are very much opposed to the removal of the trees declaring that it requires years to grow good shade trees, and that the commissioners can build around the trees without destroying them. It seems to us that it would be an easy matter for the Queen street residents and the commissioners to adjust the difficulty satisfactorily to both sides, but it would be a great pity to destroy the fine shade trees on the street for the sake of building the curbing unless it is impossible to do the work with the trees standing. However there are several old silver popular trees on that street which are a nuisance, and they should be torn down, shade or no shade.

To Erect Standpipe.

Mr. Hall, of the State Board of Health, was in conference with the Town Commissioners and Water Board on Wednesday afternoon and submitted a lengthy report upon the condition of the drinking water of the town, as well as a list of several private wells, all of which he found slightly contaminated. The report advises that the Water Board discard the present drinking water and purchase a piece of land near the strawboard mill and drive a well which Mr. Hall thinks will supply the purest supply in abundance. The Water Board has the report under consideration and will do everything in their power to improve the conditions. The town's drinking water is being treated with chlorate of lime and is healthy. The Water Board has arranged to erect a standpipe or elevated tank on Reservoir Hill, and discard the reservoir which by reason of leakage causes a loss of thousands of gallons of water a day. They will begin this work shortly, and the town will then have what the TRANSCRIPT has contended for two years that it should have—adequate fire protection and an excellent flow of water. More later.

Base Ball Notes.

Washington College defeated the University of Maryland team on Washington Field last Saturday afternoon—score 20 to 1. The locals made so many runs in the last inning that they ran bases recklessly, and tried to be put out, but the U. of M. pitcher just kept on sending men to bases on balls and the inning wound up with 10 runs across the pan.

Double Creek defeated Chestertown Yanigans last week on Ford's field, and they received the sum of five cents as the fruits of their victory. The Double Creekers were generous enough to return the money.

The Worton Eagles defeated the Worton Terrapins in an interesting game of base ball on last Saturday, June 13th, 14 to 9. The players were: Terrapins—H. Smith, rf.; T. Ivens 1b.; N. Dill, 2b.; R. Gears, p.; W. Bedwell, c.; N. Cooper, 3b.; Ivens Sheats, cf.; D. Gosman, ss.; T. Geiser, lf. Eagles—J. Duyer, c.; B. Cooper, p.; R. Williams, cf.; J. Moffett, 1b.; H. Spencer, 2b.; M. Rash, ss.; G. Williams, 3b; S. Wallis, lf.; C. Loller, rf.
