# The Transcript

R.H.COLLINS, T.D.BOWERS
EDITORS.

THE fifteenth anniversary number of the "Centreville Observer," was issued Saturday. It contains thirty-two pages of reading of historical interest to its readers and many pictures of prominent people and places. It is neat and attractive also.

CLERK to the County Commersioners, Samuel Hicks, with his usual promptness handed to the printers the Monday following the Saturday the tax rate was declared the annual levy list. A rush of important jobbing has prevented the TRANSCRIPT from publishing it yet, but it will be inserted very shortly.

WITH fine new streets, a big standpipe, new and absolutely pure drinking water supply, new churches, and fine homes, Chestertown will be the prettiest and most up-to-date town on the Shore in the very near future. But wait until you get your tax bill, Mr. Tax-payer, next year, and you will find that you can't have all these fine things without paying for them.

THE United States Senate this week confirmed the appointment of Joshua W. Miles as Collector of Internal Revenue and Michell Digges as Naval Officer. These appointments were made by President Wilson early in March, and had been held up by Senator John Walter Smith for political reasons until Senator Blair Lee exposed the hand of Senator Smith and placed him in a very awkward position before the people on the eve of his campaign for re-election to the Senate. As Senator Lee so truthfully said to Senator Smith in his last published letter, "It is not what I am saying that should give you concern, but it is what you are doing."

THE Baltimore City News of Monday in discussing the probable Congressional candidates on the Eastern Shore says that no man who voted for the anti-shipping law, otherwise known as the gallon-a-month law, during the last Legislature, can afford to run for Congress in the next primaries, because there are from 200 to 300 men in each of the nine counties comprising the district, who will never touch any man who voted for the law. Among the proscribed unfortunates, the News names Senators Jesse D. Price, of Wicomico county, and William W. Beck, of Kent. The News' report shuts the door of opportunity in the face of these two senators, and intimates that J. Harry Legg, of Queen Annes, who has the backing of John E. George, may receive the favor of Senator John Walter Smith, with James T. Bright, of the same county the favorite for the short term.

### A SIGNIFICANT COMPARISON.

Judging from several editorial references which have appeared lately in the Organization organ, the leaders of that faction are preparing to conduct another campaign of personal attacks upon the leaders of the Anti-Organization faction. They began it after the provisions of the Foxwell will became known, and last Saturday's issue contained another indication of what they are doing. The policy of the Organization seems to be to manufacture all sorts of false statements against Hope H. Barroll, Esq., the recognized leader of the Anti-Organization, all of which are absolutely devoid of truth, and then hand them out to their henchmen to huckster around the county. They even went so far as to attack Mr. Barroll's character and his business integrity in regard to the writing of the late Senator Foxwell's will. Even a member of the Board of Visitors and Governors of Washington College is reported to have put out the statement that he did not see how it was possible for Washington College to accept the bequest, intimating that the will had been so drawn as to prevent the college from accepting its provisions; and yet, at the last meeting of the Board of Visitors and Governors last Saturday night week, this same member was one of the *first* to vote to accept the bequest. It is only because we feel that the people should know of the game the Organization leaders are playing that we make mention of such disgusting procedure. It is strange how many unsuspecting people there are, who thoughtlessly believe such unvarnished falsehoods. And yet, when they are caught at their game, they appear as martyrs to truth and justice. Just suppose the leaders of the Anti-Organization faction should seek to befog the minds of the people by statements which we know to be absolutely false! Suppose we should call the attention of the public to the disgraceful injection of politics into the government of Washington College, by a certain click in the board electing members thereto for political reasons. Suppose we were to charge that the injection of politics into the election of members of the Board of Visitors and Governors of Washington College is directly chargable to those members of the board who are classed as leaders of the Organization, and which is doing more to injure the efficiency of Washington College than any other calamity that has befallen an institution which is dear to every alumnus in the State, since its establishment. We do not hesitate to say that if Hope H. Barroll *did* influence Senator Foxwell to leave his estate to Washington College and we know he did not, he has conferred upon Washington College and the young men who will receive the benefit of the five scholarships provided for in the bequest, ten thousand times greater benefit than those members of the Board of Visitors and Governors who are electing men as members of the Board for purely and simply political reasons, regardless of their connection with the college in years past. And now we hesitate to make this public statement. We dislike very much to see Washington College dragged into the mire of politics, but let those who are responsible for starting the falsehoods about the Foxwell bequest and the election of members to the Board for political reasons, take the responsibility.

They started this thing and they did it for no other reason than to discredit Hope H. Barroll politically, regardless of the reflection which they cast upon the College. Mr. Barroll would have blushed with shame for having sought to besmirch the honor and good name of Washington College with the black mire of politics. But not so with the controling faction in the Board of Visitors and Governors. They seem to care nothing for the welfare of Washington College or anything else for that matter, if only they can discredit Hope H. Barroll. Senator Blair Lee, in his reply to Senator John Walter Smith last Saturday made use of this expression: "It is not what I am saying, but what you are doing that should give you concern", and the same applies here. It is not what the Organization leaders and *repeaters* are saying that hurts. It is what Hope Barroll has done and is doing for the welfare and best interests of the people, that forces the Organization forces to seek to discredit him by the circulation of all sorts of false statements regarding his actions, whether in business or in politics. But by way of comparison this much may be said—The Organization faction, during its control of county affairs, almost bankrupted the county and went out of power with the stigma of a $1.85 tax rate upon it, and they have been endeavoring in every possible manner to spend just as much of the people's money with no benefit to the people as ever. The Anti-Organization faction, under the leadership of Hope H. Barroll, has placed the county upon a business working basis, has reduced the tax-rate to almost half what it was under the Organization, and is doing everything in its power to prevent the useless expenditure of the people's money. KENT COUNTY IS THE BEST FINANCED COUNTY ON THE EASTERN SHORE TO-DAY, BECAUSE IT IS IN CONTROL OF MEN WHO KNOW HOW TO CONDUCT THE COUNTY'S AFFAIRS IN THE BEST BUSINESSLIKE MANNER, regardless of the attempted onslaughts on the treasury from time to time by the tax-payers' enemies. Our advice to the Organization *repeaters* and declaimers is DON'T TALK SO MUCH. Do something to prove your interest in the people. When people want their business transacted with promptness and care, they know where to go, and don't you know *that* is the cause of a great many of these false and insidious statements. And in conclusion let us say that of all the prominent men who have received honors at the hands of Washington College in years past, it remained for an humble and honored citizen who had absolutely no connection with the college, but a deep and sincere interest in education, to confer upon the college the greatest benefaction in its history. And what a pity it is that such a munificent benefaction should be belittled by some of those who are in control of the government of the fortunate institution.

### WASHINGTON COLLEGE

#### Accepts the Magnificent Benefaction of the late Senator Foxwell.

So many different statements have been made by parties variously interested in the Will of the late Senator Foxwell, that we give below the exact words of his Will in reference to his bequest to Washington College, so that all may see how plain and clear were the provisions of the Will, and how not the slightest obstacle was placed in the way of the Board of Visitors and Governors of Washington College in accepting the Senator's bequest.

"Item:—It is my will and desire in the disposition of my estate, after the death of my wife, to accomplish a two-fold purpose:

"(1). First, the erection of some suitable Dormitory or other like building for the use of Washington College, in Chestertown, Maryland.

"(2). Secondly, the creation in perpetuity of five free scholarships in said College which shall be known as 'THE GARRETT FOXWELL SCHOLARSHIPS,' to aid deserving young men and for the advancement of education:

"And to this end I will, devise and dispose of my estate as follows: I desire that the entire residue of my estate (except the five thousand above bequeated for life to Eva Foxwell Smith) shall be held in trust by Hope H. Barroll, my Executor hereinafter named, to whom I have fully made known my wishes, and in whose discretion I repose entire confidence, that the same shall be used for and applied to the purpose of the erection of a suitable brick or stone building for Washington College to be used either as a Dormitory, Infirmary, Gymnasium, Library or other similar and like buildings, which my Executor and 'The Visitors and Governors of Washington College in the State of Maryland' may determine will be for the greatest benefit and advantage of the College; the said building shall be known and designated as 'THE GARRETT FOXWELL DORMITORY, LIBRARY OR GYMNASIUM,' and the same shall always be kept insured by the College in the sum of at least three-fourths of its value, and in the event of its destruction by fire or otherwise the proceeds of the insurance shall be invested, which investments shall be ear-marked as 'THE GARRETT FOXWELL FUND' until the same shall amount to a sum sufficient for the re-erection of a building similar to the one which may have been destroyed, and the acceptance of this legacy shall be especially impressed with such trust and an agreement between my Executor and Trustee and the College shall be entered into that such insurance money, in case of fire, shall be used for no other purpose. I make this devise and bequest upon the express condition that 'The Visitors and Governors of Washington College in the State of Maryland,' shall, within six months after my death, create in perpetuity the said five free tuition scholarships in Washington College, which shall forever be known as 'The Garrett Foxwell Scholarships,' and shall be open to applicants at the session of the College next ensuing after the acceptance of this bequest; and I expressly direct and provide that these five 'GARRETT FOXWELL SCHOLARSHIPS' shall forever be free to those who may successfully compete for and obtain appointment to the same in the manner hereinafter directed. It is my will and desire that each of these scholarships shall be awarded by means of a competitive examination open to all white youths who are residents of any part of Kent county in the State of Maryland. The appointments shall be made by the principal of the College and a committee of three members of the College faculty, who shall award such scholarships to such deserving youths as may pass the best competitive examination, which examination shall be conducted under the personal supervision of the principal of the College and the three members of the faculty who may be designated by him to conduct these examinations, and any applicant shall always have the right to demand such competitive examination, and whenever a vacancy shall occur in any of the said scholarships by the graduation, death or any disqualification of any one of the holders thereof then any and all vacancies shall be filled in a similar manner by competitive examination; and if at any time a sufficient number of applicants from Kent county, Maryland, shall not apply for any one or more of such scholarships, that I will and direct that the same shall be awarded in like manner, after a competitive examination, to such deserving young white men as may be residents of the Eastern Shore of Maryland, who shall, after such an examination, be entitled to receive such appointments; and in case there should be no such applicant from the Eastern Shore of Maryland, I will and direct that such scholarships shall then be open to any young white man or men who may be residents of the County of Kent in the State of Delaware. This bequest is made upon the further condition that 'The Visitors and Governors of Washington College in the State of Maryland' shall, within six months after my death, by a resolution, which shall be passed by it, accept each of the terms and conditions of this legacy, and agree faithfully to carry out the same according to the terms of this bequest, and that a copy of the said resolution of 'The Visitors and Governors of Washington College in the State of Maryland' shall be handed to my Executor and the same shall be recorded in the office of the Register of Wills for Kent county, Maryland, as an evidence of the acceptance by the said 'The Visitors and Governors of Washington College in the State of Maryland' of this bequest before the same shall become operative."

On Saturday last the Visitors and Governors of Washington College passed the following resolution accepting this bequest "upon each and every condition as set forth in said Will":

"Resolution passed by the Visitors and Governors of Washington College at a special meeting held on the 14th day of June, 1914, accepting the bequest under the last Will and testament of Mr. Garrett Foxwell, deceased.

*Resolved*, By the Visitors and Governors of Washington College in the State of Maryland, in special meeting assembled, this 13th day of June 1914, That the bequest made to Washington College by the last will and testament of Mr. Garrett Foxwell, deceased, who died on the 11th day of April, 1914, be and the same is hereby accepted upon each and every condition as set forth in said will, with grateful appreciation of the benefaction conferred upon the College. And be it further

*Resolved*, That five free tuition scholarships in Washington College to be known as "The Garrett Foxwell Scholarships", be and the same are hereby established, the same to take effect at the next Session of the College and to be awarded as provided in said will. And be it further

*Resolved*, That a copy of this Resolution signed by the President of the Board and countersigned by the Secretary, with the corporate seal attached, be delivered to Hope H. Barroll, Esq., Executor and Trustee, under said will.

JAMES A. PEARCE, President.
[SEAL] LEWIN W. WICKES, Secretary."

It will thus be seen that the various falsehoods which have been spread broadcast over Kent county were all of them without the slightest foundation. It is understood that the statement was made in a lawyer's office in Chestertown that the Will had been purposely drawn so that it would be impossible for either Washington College or St. John's College to accept the bequest. Now let us all hail with joy the day when "THE GARRETT FOXWELL HALL" shall be a reality and meanwhile the provisions of the Will show to the people of the Eastern Shore and to young men in Kent county, Delaware, what their opportunities are. This bequest of Senator Foxwell's should be constantly kept before the people in order that those scholarships may be made available to deserving young men.

### PEOPLE'S COLUMN.

EDITORS OF THE TRANSCRIPT,—*Dear Sirs*:—We hear a good deal of talk up in Galena about Leonard Wilson for the next County Commissioner, James T. Dixon for Clerk and Harrison W. Vickers for State Senator and Scott Beck for State's Attorney, Is there any truth in this rumor? That may be a strong tie up and it may not. But that is the way they are talking.—[Swat the fly.—EDS ]

Important Notice to Farmers.

The Co-operative Produce Exchange, launched by the members of the Rich Neck Farmers Club of Queen Anne's county something over a year ago, and which has been profitable to the farmers of Kent and Queen Anne's doing business through their Exchange, are addressing the following communications to those who are not stockholders. Should you not receive a letter the management request you to communicate with the Secretary just the same and become one of them. The following is the letter:

CHESTERTOWN, MD., June 16, 1914.

DEAR SIR: Just a word or two in relation to the Farmers Co-operative movement within your reach.

The aim and objects of this organization, as set forth in the articles of incorporation, are "to co-operate in the cultivation, consigning, marketing, buying, selling, and otherwise dealing in all kinds of farm products; to purchase, sell and otherwise deal in all kinds of farm machiney, seeds, phosphates and implements, tools and appliances of every kind used in connection with the cultivation of the soil; to carry on any business which may seem to the corporation to be calculated, directly or indirectly, to facilitate in the transaction of any other business that may be calculated to enhance the value of its property."

Considering the methods and means followed by the individual farmer, is it not obvious co-operation in the purposes as above set forth should prove profitable and wise?

There has been a special meeting of the stockholders called for Saturday, June 27th, at 2 o'clock P. M., at the office of the corporation in Chestertown, to consider further methods for the development of the movement and the advisability of increasing the number of directors from five to nine.

We want every farmer in Kent and Queen Annes counties interested. No matter where you reside, the Exchanage management can be of value to you, as much so with us as in other parts of the country.

Doesn't the proposition appeal to you sufficiently for you to subscribe to a few shares of stock at $10 per share?

Does any one doubt that by bulking your orders with fellow farmers the merchants will give us better prices on phosphates, seeds, implements, &c.? Or by combining farm produce the buyer will give us the advantage of saving of his expenses in running over the country to gather it? Or our demanding better prices and getting them? Stop and think for a minute what a small saving on all your phosphate, farm supplies, &c., or increase of a few cents per bushel on grain and farm produce handled by you will amount to, and see if you are not wise in placing yourself in a position to take advantage of such saving, by subscribing to some of the stock of the Exchange.

It is about time we were practicing some of our preaching, so let more of the community spirit be displayed by joining hands with the sixty or more of your neighbors now subscribers to the Exchange, by filling in the enclosed blank and mailing it in time to participate in the election of the new Board of Directors on the 27th.

By order of the Board of Directors.
THE RICH NECK FARMERS CLUB, INC.

KRIT $950

WITH ELECTRIC STARTER $1050
F.O.B. Detroit

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.

THEN AGAIN! WE HAVE A SMALL JOB LOT OF STAG SEMI-PASTE PAINT (one gallon makes two) that the mice have eaten the color off the can, and we can't tell you what color it is, but think most of it likely to be good colors. This we will sell for $1.45 per gallon while it lasts. We also have some READY-MADE PAINT in about $1.25 to $1.50 quality that we will clean out at 95c per gallon. These two lots are real bargains, and we are simply doing it to clean up all odds and ends in our stock.

We have a complete stock of goods in all our lines, and invite you to come and inspect our stock and prices. We are allowing market quotations for HEN EGGS, and want all we can get. Yours very sincerely,

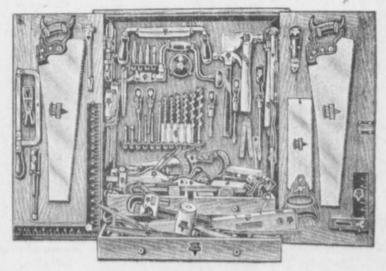

MARION T. MILLER, . . . . ROCK HALL, MD.
