# Annual Report of Road Engineer

## OF KENT COUNTY

*The Board of County Commissioners:*

The $21,617.19 that was levied for roads and Bridges last June gave out on the 19th of May, 1914.

The money was expended in taking care of the bridges and dirt roads of the county. About one thousand dollars was spent for shells, where the farmers would haul them free of charge, and to repair the old shell road leading out of town.

The following list gives the names of the men that furnished material for bridges and did work on the roads and bridges during the year just ended. It also shows the amount spent in each district.

About $2,200 was spent in the First District grading the hill at Sassafras and putting in a bridge there. The bridge was built of concrete on the site where the road crossed the stream, and a causeway was built to the bridge on each side. The only other permanent work done in the county was the replacing of wooden bridge with iron culverts.

The money was spent in the different districts as follows:

| | Bridges. | Roads. | Totals. |
|---|---|---|---|
| First District | $3,107.71 | $3,532.35 | $6,640.06 |
| Second District | 781.47 | 1,898.04 | 2,679.51 |
| Third District | 1,510.38 | 1,672.21 | 3,182.59 |
