LOCAL MATTERS

Modern Woodmen Enjoined.—The judgment of Judge Creighton of the Sangamon County Circuit Court in which he held that the by-laws increasing the rates of insurance of the Modern Woodmen of America were not legally adopted and restraining the head officers of the camp from putting the rates into effect, was affirmed by the Appellate Court at Springfield, Ill., Thursday.

Good Price for Building Lots.—That desirable building lots in Chestertown command good money is evidenced by the sale of the Robinson heirs' lots on Queen street on Tuesday. There were two lots in all having a frontage of 78 feet, more or less. The three were purchased by Wm. M. Slay, Esq., for $1,600. The tract was offered at trustee's sale by Wm. W. Beck, trustee, and Sidney P. Townshend, solicitor, and was advertised in the TRANSCRIPT.

Dogs Killing Turkeys.—Poultry raisers in the vicinity of Landford have recently lost more than 100 fine young turkeys by being killed by worthless dogs. The other morning dogs killed a mother turkey and 39 young ones belonging to a lady near town, and the authorities of the law should certainly get busy and put a stop to the prowling of worthless curs about the country day and night. The owners of turkeys are justly incensed at such depredation and they would be perfectly justified in killing every strange dog found on their premises.

Fighting Hog Cholera.—The Department of Agriculture on Thursday announced that it had started its 1914 campaign against hog cholera and that its representatives will co-operate with state authorities to prevent and eradicate disease. With appropriation of $500,000 available to combat the disease the department announced that $20,000 will be spent during the coming year in each experimental district. Already work has beed started in 12 states. The money will be spent in making surveys, using anti-hog cholera serum in sanitation and quarantine work and in organizing farmers to co-operate with the State and Federal authorities.

Mr. Hendrickson Buys Home.—Mr. Percy V. Hendrickson, now tenanting Mr. Walter U. Lusby's Tolchester farm, has purchased the Sparks property in Fairlee, formerly occupied by Mr. Lewin U. Skirven, and lately owned by a Baltimore gentleman, and will remove there January 1. Mr. Hendrickson has made a successful farmer, but he prefers the vocation of stock buying in which business he will engage on a large scale the first of the year. Mr. Hendrickson was negotiating for the purchase of a farm in Harford county earlier in the year, but he decided to remain in old Kent, and his many friends are glad of his intention to remain in his home county. He will sell his large and valuable personalty about Aug. 7th.

As an evidence of the prosperity that is abroad in the land we state that all of our carpenters, painters and paper hangers are as busy as bees keeping up with their many orders for work. Chestertown is in the midst of a building and an improvement boom.
