THE grand jury of Baltimore city has presented indictments against John J. Mahon, Daniel J. Loden and James H. Larkins for alleged violation of the Corrupt Practices Act in receiving money collected by members of the police force for campaign purposes. It will be interesting to see what happens.

PRESIDENT WILSON thrilled the great throng of people who assembled in Independence Square July 4th with the power of his eloquence and the force of his argument. If the people will trust Woodrow Wilson and cease putting any confidence in the statements of calamity howlers like Teddy Roosevelt, he will lead his people out of the wilderness of favoritism into the light of economic and industrial freedom.

MODERN new paper art received a severe jolt on Thursday when the Baltimore American published a group "photo" of the members of the State Tax Commission. Commissioner Lewin W. Wickes, the Kent county member of the commission, is a good looking man, but the American's artist made him look like a school boy in the last agonies of stage fright. No wonder Mr. Wickes' friends here feel like suing the American for damages.

PRICE FOR CONGRESS.

Senator Jesse D. Price, of Wicomico and President of the Maryland Senate during the last session of the Legislature, has announced himself a candidate for Congress from the First District to succeed Congressman J. Harry Covington who will go upon the District of Columbia bench. Senator Price's announcement of his candidacy came after he had received a petition from 2500 signers in all parts of the district urging him to become a candidate and he yielded to the demand from what he conceives to be his duty to the party. It is believed that Senator Price will have the backing of all elements of the party and that he will be nominated and elected.

THE CAUSE OF THE HOWL.

If the people of this country would only study conditions for themselves they would not be slow in understanding that the great moneyed interests which control the business of the country are absolutely responsible for whatever business depression exists in the country to-day. Calamity howlers are working overtime at the instigation of big business endeavoring to prevent President Wilson from carrying out hi program of trust regulation in the interest of the masses of the people. President Wilson and the Democratic party do net control the business interests of the country. The moneyed interests do that, and they are absolutely responsible for whatever semblance of business depression exists to-day. President Wilson is simply seeking to have Congress enact legislation that will curtail the power of trusts, and enable the people of the country to enjoy the profits of competition. The only reason the farmer is not receiving 90 cents a bushel for his wheat to-day is not because there is not an active demand for wheat, or that all the old wheat has not been cleaned up. It is only because the grain speculators in Chicago are permitted under the present laws of trade to set the price of wheat at their figure and not at the demand price. If President Wilson can succeed in passing a law that will prevent three or four men from controlling the price of wheat as well as of every other commodity the farmer has to sell or buy, he will have conferred such a blessing upon the great mass of the people, as will make him the idol of all classes of our population except the money barons, and these latter are raising the calamity howl, because their selfishness will not permit them to divide their profits with the masses of the people. We sincerely hope that for the good of the people President Wilson will succeed in having passed trust regulating laws.

Those Happy Roosevelt Days.

More than 2000 men march to city hall at Detroit and demand work.—January 28, 1908.

Chicago Federation of Labor estimated the total number of unemployed men in Chicago at 100,000 and issues a warning to all craftsmen to keep away from the city.—February 11, 1908.

New York city government urged by Central Federated Labor Union to let subway contracts to furnish work for 500,000 unemployed men.—March 15, 1908.

One hundred thousand men march through the streets of New York singing Marseillaise; speakers preach revolution and demand work; a bomb thrown at police by anarchists.—March 23, 1908.

More than 200 Bulgarians petition Governor of Colorado for employment or for aid to return to Bulgaria.—March 20, 1908.

One thousand foreigners march toward Philadelphia City Hall demanding work; a riot, three policemen shot, 14 marchers arrested; hundreds beaten by mounted police.—February 20, 1908.

Unemployed in San Francisco form a league and demand the issue of $23,000,000 in bonds to aid the unemployed.—March 23, 1908.

One thousand Hungarians march through the rain to receive a loaf of bread each at Toledo.—March 23, 1908.

At Camden, N. J., a riot follows application of 1500 men for 300 jobs advertised by the Joseph Campbell Company.—August 10, 1908.

Loan of $9,000,000 to provide funds for public work asked by city of Philadelphia for unemployed, Italians attacked by other nationalities.—March 15, 1908.

Yes; those were happy Roosevelt days! Have you forgotten them? The foregoing news items give only a faint impression of the breadth and depth of the depression of the business and the industries of the country during the last Roosevelt year.—Johnstown Democrat.

PEOPLE'S COLUMN.

EDITORS OF THE TRANSCRIPT—*Dear Sirs:* I notice a spicy letter you published in your last issue signed Millington. He puts great stress on Leonard Wilson as a candidate from that precinct, but to put him on the line I wish to state to him we have a man over here while he has no automobile nor has he any race horse and has never been in politics, yet he is a man the tax-payer would be delighted to vote for.

GALENA.

Better Babies' List.

Kennedyville Better Babies—Robert Sutton 90½, Wm. E. Seney 85½, George Kennedy 90, Kent Cornelius 97½, John J. Edwards 95, Wm. H. Clews 92½, Wm. R. Crow 93, Wm. H. Hill 93½, Albert H. Beaston 88, Ida K. Nickerson 93½, Frances E. Hill 89½, Margaret Carter 92, Marie L. Crow 88½, Edna M. Beaston 81.

Fairlee Better Babies—LeRoy L. Barnes 95½, Walter H. Rees 96, Wm. E. Loller 94½, Harry F. Stavely 93, T. H. M. Bramble 93½, Frank O. Sutton 94½, Emma E. Francis 91½, Helen F. Smith —, Mary B. Hatcherson 95, Sarah M. Rash 92½, Sarah L. Lee 92, Elizabeth C. Smith 93, Edith S. Rees 92.

Persons having entry blanks unused and desiring to enter their babies may do so at any of the preliminary contests, but under no consideration will babies be scored the day of the fair at Chestertown. So come early, before it is too late, and see where your baby is better than the rest. If he is not better, there will be doctors present who will give you the information you most need and tell you how to make him better.

Only in the case of a tie, will babies be scored over again, there will be no confusion as last year, as the management of the fair has promised us a separate tent for the use of the doctors and the scoring committee. In the main tent, a health exhibit will run the entire day, with competent lecturers to talk on interesting subjects pertaining our home and health.

Wheat Yields.

Wheat has not been in condition to thresh owing to the damp weather and the farmers have been holding off. Among those who have threshed the yield is unusually good, and the indications are that Kent's crop will be a record breaker.

Mr. Groves living in Morgnec section got a yield of 40 bus. per acre from a part of his tillage.

Mr. Romie Younger on the Hudson farm in Flatlands got an average yield of 32 bus. per acre.

Mr. John Atwell on the Parsons farm in the same neighborhood got an average yield of 28 bus.

Ex-Sheriff Plummer got 27 bus. on an average.

Mr. Robert G. Nicholson got 1706 bushels from 50 acres, an average of a little over 34 bus. per acre.

Local buyers were paying 80 cents a bushel for wheat yesterday, and all the buyers are busy loading grain on the cars.

Mr. Lewin U. Skirven and Mr. Kennard Aldridge are in the midst of their threshing, but do not know what their yield will be. The yield is better than they expected and it turning out fine. Mr. Aldridge got an average of 35 bus. per acre from a 25 acre field, and his average yield will be about 31 bus. per acre on a tillage of 140 acres.

Mr. Josiah Massey, in Queen Anne's got an average yield of about 22 bus. per acre. The yield in Kent this year seems to be better than that of our sister county.

Committee Gives Covington Vase.

At a meeting of the House Committee on Interstate and Foreign Commerce held Friday morning, the committee presented J. Harry Covington, of Maryland, a leading member who retires from Congress to become chief justice of the Supreme Court of the District of Columbia, with a token of esteem and friendship. There was a full attendance, and after Mr. Covington was presented with a handsome glass and silver flower vase, each member of the committee made a few remarks eulogistic of his work in Congress. Good wishes for his future on the bench were showered upon Mr. Covington by every speaker.

Mr. Esch made the presentation of the vase to Mr. Covington and after all the speeches had been made Mr. Covington spoke in reply, thanking the committee for the honor and referring feelingly to his connection and association with the committee. He spoke for about 10 minutes.

Fourth of July Matinee.

There were 1,011 paid admissions to the Fourth of July matinee races held at Radcliffe Park last Saturday. Six good races were carded, which furnished excellent sport for the spectators until six o'clock in the afternoon. The fastest time of the afternoon was made by that fine colt, Twinkle March, in the stable of Mr. George E. Sutton, and owned by Mr. Holt Woodall, of near Galena. He paced the second mile of his race handily in 2.16, and had speed to spare. All the other races were hotly contested as is shown by the following summary:

NUPTIAL EVENTS.

ROCHESTER—CHAMBERS.

The many friends of Mr. John McCleary Rochester, a prominent farmer of Church Hill, were greatly surprised to learn of his marriage to Miss Sarah Virginia Chambers, of Colorado Springs on Wednesday evening, July 1. The ceremony was performed at 8 o'clock at the rectory of St. John Chrysostom Episcopal Church, Philadelphia, by the rector, Rev. Joseph Shenlock. Mr. and Mrs. Rochester will reside at Church Hill.

Our Merchants' Interests.

Read Medders & Co's big advertisement on page 8 this morning. His July bargains are so numerous, so useful and so cheap that you will miss a financial opportunity if you fail to get in on some of these bargains. Just the time to buy a carriage and set of harness for fall use at a very low figure.

J. M. Blaustein and Max Alexander, two of Rock Hall's leading merchants are announcing big reduction sales beginning today and continuing until August 1st. We call the attention of our readers especially to these two big sales because they are worthy of the serious consideration of every thoughtful purchaser. These merchants are offering real reductions and the prices are sufficiently attractive as to be appealing. Read the advertisements on pages 6 and 7 and see for yourself what you can get.

The Hub, Millington's big double stores, is introducing its annual reduction sale on every article in the big stores. Everything is sold as advertised, and you can't beat the prices offered in any store in Kent or Queen Anne's. Everybody is talking about the way the Hub is selling goods, and it is gaining a spendid reputation for dependable merchandise at reasonable prices.

Big attraction at Lyceum Theatre next week. Read the adv. on page 1 and see what the program is.

A. Cohen, the big Sandy Bottom merchant, is offering real bargains in harvest supplies, and will pay 3 cents above market price for eggs next Wednesday.

Read Jefferson & Bro.'s change of adv. on page 8. There is something there to your interest.

B.S.Sutton, the hustling Black's merchant, is offering a very attractive display of July bargains. Harvest supplies of all kinds, and he pays the highest market price for eggs on big Wednesdays.

Want a pair of fine trousers? You can get them at Brown Bros. in as fine quality and shade as anywhere in the State for from $1.50 to $5.00. Get your pick while they last.

Clean sweep sale on all straw hats at Vansant & Newsome's big clothing store. They've knocked the bottom out of all straws, and you had better go while the picking is good.

The Tolchester Co. will run a special afternoon and evening excursion from Sassafras river to Tolchester Beach on Saturday, July 18, which gives a four-hour sail on the water and 2½ hours at Tolchester.

Important Notice to Farmers.

The Co-operative Produce Exchange, launched by the members of the Rich Neck Farmers Club of Queen Anne's county something over a year ago, and which has been profitable to the farmers of Kent and Queen Anne's doing business through their Exchange, are addressing the following communications to those who are not stockholders. Should you not receive a letter the management request you to communicate with the Secretary just the same and become one of them. The following is the letter:

CHESTERTOWN, MD., June 16, 1914.

DEAR SIR: Just a word or two in relation to the Farmers Co-operative movement within your reach.

The aim and objects of this organization, as set forth in the articles of incorporation, are "to co-operate in the cultivation, consigning, marketing, buying, selling, and otherwise dealing in all kinds of farm products; to purchase, sell and otherwise deal in all kinds of farm machiney, seeds, phosphates and implements, tools and appliances of every kind used in connection with the cultivation of the soil; to carry on any business which may seem to the corporation to be calculated, directly or indirectly, to facilitate in the transaction of any other business that may be calcultated to enhance the value of its property."

Considering the methods and means followed by the individual farmer, is it not obvious co-operation in the purposes as above set forth should prove profitable and wise?

There has been a special meeting of the stockholders called for Saturday, June 27th, at 2 o'clock P. M., at the office of the corporation in Chestertown, to consider further methods for the development of the movement and the advisability of increasing the number of directors from five to nine.

We want every farmer in Kent and Queen Annes counties interested. No matter where you reside, the Exchanage management can be of value to you, as much so with us as in other parts of the country.

Doesn't the proposition appeal to you sufficiently for you to subscribe to a few shares of stock at $10 per share?

Does any one doubt that by bulking your orders with fellow farmers the merchants will give us better prices on phosphates, seeds, implements, &c.? Or by combining farm produce the buyer will give us the advantage of saving of his expenses in running over the country to gather it? Or our demanding better prices and getting them? Stop and think for a minute what a small saving on all your phosphate, farm supplies, &c., or increase of a few cents per bushel on grain and farm produce handled by you will amount to, and see if you are not wise in placing yourself in a position to take advantage of such saving, by subscribing to some of the stock of the Exchange.

It is about time we were practicing some of our preaching, so let more of the community spirit be displayed by joining hands with the sixty or more of your neighbors now subscribers to the Exchange, by filling in the enclosed blank and mailing it in time to participate in the election of the new Board of Directors on the 27th.

By order of the Board of Directors.

THE RICH NECK FARMERS CLUB, INC.

KRIT $950

WITH ELECTRIC STARTER $1050
F.O.B. Detroit

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.
