The Transcript

R.H.COLLINS, T.D.BOWERS, EDITORS.

MR. JOHN D. URIE has had J. Horton Kelley, an Organization Democrat, appointed a Justice of the Peace at Still Pond.

THE State Live Stock Sanitary Board has given its president, Mr. Harry P. Skipper, jurisdiction over the entire Eastern Shore for the purpose of combating hog cholera. Mr. Skipper has had large experience in the business and he is the right man in the right place.

THE FIGHT for the nomination for Democratic Congressional candidate in the First District promises to be a lively one. Senator Jesse D. Price, Col. Albert Sisk and James T. Bright are making an active canvass and each has many friends who are actively working for their favorite.

THE FACT that Baltimore, a city of 600,000 inhabitants, cannot support two baseball teams of championship calibre, is a mighty poor advertisement for the Southern Metropolis. We don't blame Jack Dunn in the least for giving Baltimore fans the cold shoulder. His team was putting up a far superior article of ball to the Federal League team, whose existence is problematical.

THAT "watchful waiting" policy which President Wilson has observed with respect to the Mexican situation has proven to be a mighty good sort of policy. Peace is now in sight in Mexico and the successful outcome of the difficulties accomplished without resort to arms on the part of the United States has proven that President Wilson and Secretary Bryan know how to cope with a most embarassing situation. The result is a severe rebuke to those who advocate war at any cost.

THE NAME of Joseph C. France of the Baltimore bar has been suggeste again and again for the Supreme Cour. of the United States. It gives us pleasure to call the attention of President Wilson to the eminent qualifications of Mr. France to fill the vacancy on the Supreme bench caused by the recent death of Justice Lurton. Mr. France would more than measure up to the standard of the Supreme Court. He is a leader of the Maryland Bar, both in the quality of his services and in the magnitude of the interests he represents. His training as a scholar appears in the substance of the law books he has written and the high respect in which his opinion on both legal and public questions is received, is abundant proof of his fitness for the judiciary.

WE ARE glad to note that a number of public spirited citizens in the vicinity of Massey have accepted the suggestion of the TRANSCRIPT and have agreed to purchase 2000 acres around Massey, divid it into farms of 10 and 20 acres, and invite settlers to occupy the land. The labor problem on the farm will never be solved so long as our farmers undertake to till such large farms as are found on the Eastern Shore of Maryland. Our article in reply to the suggestion of Mr. John. E. George relative to solving the farm problem has been widely discussed; and the whole question is the outgrowth of the very excellent letters writtten for the TRANSCRIPT during the winter by Rev. Sewell Hepburn, one of the most prominent farmers in Kent county. Keep up the good work. The small farm nas got to come and the sooner the better.

ENTRIES FILL WELL.

The entries for the poultry show closed on Thursday at midnight, and the committee is much gratified at the excellent showing made, especially for the season of the year. The committee has worked hard to make the show a success and while there are quite a number of poultry raisers in the county who should have cooperated with the committee and sent an exhibit, there will be between 500 and 600 birds on exhibition, regardless of the lack of co-operation on the part of those who should have been represented with an exhibit. There will be exhibits of chickens, ducks and turkeys of all descriptions, and the committee requests all those who have entered birds to send them to the fair grounds ON MONDAY where they will be taken care of by one of the best poultry men in the country. Mr. John H. Moffett will be in charge of the poultry during the four days of the fair, and that insures good care and strict attention. Come out and hear the Roosters crow, and be a Booster yourself.

Near Drowning at Betterton.

Mr. Roland Crew was out canoeing at Betterton on Tuesday afternoon with a girl friend from Delaware, who is stopping at Mr. L. Harris Crewe's BAYSIDE INN, when suddenly he heard cries of distress some yards away. He at once hurried for the scene and found the Misses Abbie and Annie Kiker had gotten out beyond their depth, and had already gone down several times, although they were struggling hard to save themselves. It was a very hard task for Mr. Crewe to save them, being in a canoe with already one passenger and she not able to swim. He feared that if he went too close that, in their frantic attempts, the ladies might grab and upset the canoe, and probably even drown its occupant. But, being an athlete and a splendid swimmer, he took the chance and first caught the one that seemed better able to control herself and swam with her to a rowboat and then went to the assistance of the remaining girl, who by this time had practically lost consciencenss and had already fainted and gone down. After a hard struggle, he landed her safely on shore. Neither of the ladies are any the worse for their experience, as it happened, but their call was a close one, and had their been no one near, another horrible tragedy would have been recorded.

Wheat Yields.

Mr. Wm. S Collins is one of the largest wheat growers in the county this year. On an entire tillage of 50 acres Mr. Collins' yield was 1958 bushels, an average of more than 39 bushels per acre. One of Mr. Collins' fields averaged 45 bushels per acre. He states that had he sown all of Currell's Prolific he would have gotten 2200 bushels, as the Prolific is yielding heavy this year.

One of our business men said to a farmer last week who had raise i a big wheat crop: "How do you account for such a big wheat yield this season?" Said the farmer: "To a liberal use of Peerless Fertilizer, and the good weather."

Mr. Harry Skirven, on the Skirven home farm near Fairlee, got 709 bushels from his tillage of 25 acres, more than 28 bushels per acre.

Mr. Samuel Loller, on the Vickers farm near Worton station, got an average of 30 bushels per acre.

Mr. Eugene M. Bonwell still retains the title of "Wheat King" of Kent. His average yield this year is 40 bushels per acre from a tillage of 100 acres, a part of his tillage giving 45 bushels per acre. He is hard pushed however by Mr. Wm. S. Collins on his Burchinal farm, whose yield is over 39 bushels per acre from a 50-acre tillage.

Mr. J. Thomas Smith is the wheat king of Queen Annes thus far reported. He got 35 bushels per acre from 140 acres.

Mr. James T. Anthony averaged 30 bushels per acre on corn ground.

Mr. Warner Geary, of near Locust Grove, got a yield of 40 bushels per acre on a part of his tillage.

Local buyers were paying 82 cents a bushel for wheat yesterday.

Mr. Edward Crowding on his farm near Urieville school got an average of 27 bushels per acre from 105 acres, the biggest yield from that farm for many years.

Mr. Harrison I. Parsons, near Smithville, got 1450 bushels from 60 acres. An average of more than 24 bushels per acre.
