VOL. LIII—NO. 12. CHESTERTOWN, MARYLAND, SATURDAY, AUGUST 15, 1914 $1.00 PER ANNUM

NATIONAL AND STATE BANKS

ONE of the most vital and important regulations of the NATIONAL BANKING LAW is that which controls what is known as the "Legal Reserve." It requires that 15 per cent. of all Deposits shall be kept in the vaults of National Banks or in the hands of Approved Reserve Agents.

The following statement of the Deposits of three banks of Chestertown shows what reserves these banks held at the time of their last sworn statement, June 30th, 1914:

	Deposits	15%	Reserve Held	Per Cent.
Third National	$586,353.16	$87,952.96	$95,257.66	16%
Chestertown Bank	394,188.67	59,128.30	23,887.34	6%
Kent Savings Bank	319,691.40	47,953.71	17,398.21	5 2-5%

As you will see by the above statement, the Reserve held by the Third National Bank ($95,257.66) is more than twice as much as held by both of the other banks ($41,285.55). After reading the above exhibit, which do you think is the STRONGEST and SAFEST bank in which to transact your banking business? The Third National Bank cannot make as much money for its stockholders by adopting the policy of keeping on hand such a large reserve, but we KNOW it is better banking. Nearly $100,000.00 on hand with which to meet immediate demands. Think of the above while doing your banking.

NOW is the time the farmers realize on their season's work. As you sell your grain, stock or produce, place the money with a reliable bank. Pay your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money. Your business is carefully looked after in this bank. We pay 4 per cent. on all Savings Accounts.

Very respectfully,

The Third National Bank
of Chestertown, Md.

Do not forget Chautauqua week—August 31 Sept. 6.

WE ARE

MAKING THEM! Compare quality, fit and workmanship with some of these guaranteed Suits we're turning out. See if you're treating yourself just right, then we'll make yours.

No large rent, no large stock to carry and carry over, no large up-keep is why we're making Suits to order for less money than you can NOW buy ready-mades. Same quality. Think this over.

In connection with my tailoring business, I've added a line of Alpaca and Mohair Coats, Dusters and Raincoats from a manufacturing plant in New York. I carry sample garments and can deliver in two days. Look them over. I'll save you 25 to 30 per cent. on this line also. Respectfully,

W. E. MOODY,
SPECIAL REPRESENTATIVE OF THE INTERNATIONAL TAILORING CO., OF NEW YORK, CHICAGO AND LONDON,
Office Under Voshell House, Next to Robert McWhorter's, CHESTERTOWN, MARYLAND.

Preparing to Develop the Land

Messrs. Jones and Bacher have purchased a large tract of land in the vicinity of Massey, and accompanied by Mr. Wm. H. Cacy, they were in Chestertown on Tuesday preparing to develop the land. It is proposed to divide the tract purchased into farms of 20 to 50 acres, improve it and then invite settlers of a pronounced type to come to Kent county. This idea has been discussed by the TRANSCRIPT heretofore, and it is certain that the experiment of these promoters will be watched with interest. Massey is certainly an ideal spot in which to make the effort towards success. Situated in the heart of one of the finest agricultural sections in the world, having excellent railroad facilities for reaching the large cities, there is a splendid opportunity for the introduction of the intensive system of farming, and we venture the assertion that if these settlers prove to be the kind of people they are in other prosperous sections of the country, they will make our native borns sit up and take notice by the easy and practical methods they employ in making good money. And there is the chance for Massey to grow and blossom into a live and prosperous town of three or four times its present size. Let everybody help those enterprising Massey farmers and citizens who have started this thing.

Narrow Escape From Drowning.—A party from St. Michaels, Md., consisting of a man, two women and a small child had a narrow escape from drowning at Sassafras, Md., Friday. They were ascending the hill below the mill dam when the car stalled, due to the gasoline tank being empty. The chauffeur thinking he was pulling the brake lever, pulled the clutch lever and the car backed down the hill, making a lurch at the bottom, and continued into the pond into about four feet of water. Some men working on the road nearby came to the rescue, and beyond a ducking no one was injured.

Dr. J. C. McCoy, of Kirkwood, Del., well-known in this section, has engaged Frank Childs, the California driver, who raced Leata J., pacer, 2.03, so successfully in 1914, to drive and train his horses. He will train and race Lord Dewey, 2.03¾, during the season.
