R. H. COLLINS, T. D. BOWERS,
EDITORS.

THERE is a strong kick on the part of the people because of the sudden rise in the price of sugar from 4½ to 7 and 10 cents a pound retail. The blame should be placed upon the refiners who are taking advantage of the European war to gouge the people.

CHAIRMEN Murray Vandiver and John B. Hanna have agreed upon September 15th, as the date for holding the Congressional and Senatorial primaries. The Bull Moosers will nominate by convention if they decide to nominate candidates.

THE Congressional primaries are only a month off and yet you scarcely hear a word about politics. Nobody seems to be interested in anything except rain and war, and if the Congressional candidates don't do something to wake the voters up, there may be a light vote polled. Get busy, candidates.

THE amendment offered by Congressman Cullop in Congress last Saturday, providing for the removal of all deputy postmasters and letter carriers from the Civil Service list was overwhelmingly defeated. The Maryland Congressmen except Covington and Smith, voted against the amendment, Messrs. Covington and Smith not being present. The vote was 83 for, 163 against.

MR. ISAAC LOBE STRAUS, candidate for United States Senator against Senator John Walter Smith, toured Kent county on Friday and Saturday, stopping at Millington, Galena, Kennedyville, Still Pond, Chestertown and Rock Hall to make speeches. He was accompanied by State Senator William Ogden and Mr. Phelps, of Baltimore, and R. Groome Parks, Esq., of Chestertown.

WAR is a terrible thing, but it is even more terrible when engaged in for petty reasons that may be adjusted by arbitration. This European war will cost nearly every nation in the world millions of dollars, and those actually engaged will lose thousands of lives by the slaughter. It seems to be a pity that there should have to be resort to war to settle international differences in these days of advanced civilization and thought. If there had been a Woodrow Wilson in Europe there would have been no war.

THE flag was placed at half-mast on the Lyceum Theatre flag pole on Monday afternoon out of respect to Mrs. Woodrow Wilson, wife of the President, whose funeral was held on Monday afternoon. The funeral services were very simple. There was no music, no eulogy, only reading of short passages of scripture. Burial was made in Rome, Ga., the home of the deceased's parents. The remains were accompanied to Rome by the immediate family and a few intimate friends. Tributes of respect were paid at stations along the route, and bells tolled in honor of the dead.

WITH a bumper crop of wheat at 83 cents a bushel, a good potato crop, the best price for wool the farmer has gotten in years, cattle prices jumping over the moon, and a fine prospect for a good price for corn, what kick has the calamity howler got? The only kickers we have are those who are either factory owners themselves or the employees of such, and they are kicking not because of business depression, but because of the political depression due to the curtailing of their powers to filch money from the pockets of the people under the guise of protection. Not a soul is crying hard times save the protectionist.

AS AN illustration of the manner in which the tax-payers will be affected by the creation of the State Tax Commission, Mr. Samuel Hicks, clerk to the Board of County Commissioners, informs us that on account of the provision of the law exempting household furniture, in the Fourth District of Kent county alone $77,250 will be deducted from the taxable basis. This makes a loss in revenue to Chestertown of $350 a year, to the county a loss of $830, and to the State a loss of $230.48. This deficiency must be met by increased taxation for current expenses, besides the enormous salaries paid to the members of the commission, the county supervisors, the counsel and clerical force. Mr. Tax-Payer, where do you come in in this matter?

### GOOD YIELD FROM NEW TARIFF.

During the first nine months of its operation the Underwood tariff law, according to the Department of Commerce figures, announced Friday night, yielded somewhat less revenue than the Payne law, slightly more than the Dingley law, and one and a half times as much as the McKinley and Wilson laws. The Underwood tariff is producing an average of $23,000,000 a month, the Payne tariff produced an average of $26,750,000 a month, the Dingley tariff $21,751,000, the Wilson tariff $14,000,000 and the McKinley tariff $14,500,000. The revenue from the Income Tax will more than offset the difference in revenue between the Underwood and Payne tariffs, and yet the calamity howlers, are raising a great hue and cry about the country going to the dogs. The fact of the business is that the owners of the country's big industries are closing down their factories and depriving the poor laborers of the opportunity to earn their wage purely and simply for political reasons.

### PEOPLE'S COLUMN.

EDITORS OF THE TRANSCRIPT,

Dear Sirs: Sometime ago you published a letter from Galena praising Mr. James T. Dixon for clerk. Sometimes I vote the Anti-ticket and sometimes I don't. But I wonder if you will publish this letter about a noble son of the Third. We have a gentleman here who deserves the clerkship. He has been an *Organization fighter and worker* from the ground up, a true loyal Democrat and a man who has many friends among the Antis. The best man to put up for clerk this time is Joseph R. Usilton, and don't you forget it. People want him, and sometime they will learn in Chestertown that they have to satisfy the people. Money may do a good deal in the primary, but if you get a man the people want, that will do more good than money, so watch yourselves closely, Court street.

THIRD DISTRICT DEMOCRAT.

## FARMERS, ATTENTION!

Daniel R. Woodall, Jr., has sold his patent, The Fertilizer Distributor, to the Fertilizer Distributor Company, and since that time he has invented a later improved and much more profitable machine for the farmers, to be known as Woodall's Crimson Clover and Cow Pea Seeder with Fertilizer Attachment.

The merits of this machine are as follows: Seeding Crimson Clover, Cow Peas and all seed in corn or any standing crop while cultivating.

Will broadcast or drill fertilizer as close to plants as may be desired in any quantity for top dressing.

This machine is practical in every point. Machine may be seen and will be demonstrated to all at Thos. H. Skipper's, at the foot of Chester Bridge.

Address all orders to

## KRIT $950
WITH ELECTRIC STARTER $1050
F.O.B. Detroit

## Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.
