IF the United States government will put a war tax upon exports and set a maximum price to be charged for foodstuffs by retailers they will put an end to the exorbitant prices being asked for all artices of food now.

THE Roman Catholic Church through out the world is in mourning to-day because of the death of the titular head of the church, Pope Pius X. The Pope's health had not been robust for sometime, and it is believed that anxiety and worry incident to the great European war hastened his death.

AS between Senator John Walter Smith and Mr. Isaac Lobe Straus, Democratic candidates for United States Senator in the coming primaries, Senator Blair Lee has advised his friends throughout the State to use their own judgment. This means that Senator Lee will be "hands off" in the primaries, and will not line up his forces for either Smith or Straus.

COL. CARRINGTON will be the Republican candidate for United States Senator without opposition. This means a split in the Republican party which will make absolutely certain the election of the Democratic candidate in the November election. Looks like Col. Carrington is a pretty good sort of politician to go in and bluff both the Goldsborough and Stone factions into a nomination. But who knows but what Senator John Walter had "fixed" it that way.

COL. ALBERT W. SISK, one of the Democratic candidates for Congress in this district, has a strong announcement of his candidacy in another column. Col. Sisk is conducting a quiet but effective campaign, and his friends state that his vote in the primaries in each county will surprise the friends of the other candidates. Col. Sisk has a great many friends in Kent, both among the Organization and Anti-Organization, and he will undoubtly poll a good vote here in the primaries.

THE American people should offer a prayer of thanks to Almighty God that we have in the White House a man of the temperament and calm judgment of Woodrow Wilson. A less cautious executive would have rushed this country into war with Mexico long ago, and in the present crisis may not have been as anxious to keep this country out of the muss as is President Wilson. The American people should give heed to the sound advise of the President as to their speech and action regarding the European war. We are standing on dangerous ground and none knows so well as President Wilson what dangerous rocks are to be avoided.

GO AFTER THE ROBBERS.

IT IS SINCERELY to be hoped that the administration can succeed in getting at the bottom of the absolutely unnecessary and criminal rise in prices of foodstuffs during the past two weeks. The man or the concern who would take advantage of a foreign war to raise the price on sugar, flour and other commodities in this country is not a whit better than a thief. He is a highway robber, and the United States Government should call into requisition its entire machinery of justice to convict the robbers and put every one of them in the penitentiary. It is to be regretted that there are some men in business to-day who have absolutely no conscience. Men smilingly do to-day what many a business man of the past would blush to do. Some people will do anything to make a dollar, utterly regardless of the principle involved, and this is the class of men whom the government should go after and put in the penitentiary. The idea of this country being overrun with wheat, can't sell it, and yet the prices of flour advancing $1 a barrel in one day. The idea of sugar going from 4 to 10 cents a pound when this country can't export its sugar to the war zone and Germany can't get its sugar here. If the government would put a war tax of $1 a bbl. on the manufacturers of sugar and 4 cents a pound on the dealers and limit the maximum wholesale price of all foodstuffs the poor man would have some relief. The present administration should solve the problem quickly and save the poor people of the country from the clutches of the robbers.

Potash Fertilizer Higher.

On account of the European war, the world's only source of Potash, the German Goverment has notified all Fertilizer Manufactuers that no further shipments of Potash would be made after August 1st.

The result has been that Muriate of Potash has jumped in price within the last week $40.00 to $100.00 per ton at which price a lot was sold a few days ago in Philadelphia and also New York and the price of Fertilizers have in consequence enhanced and manufacturers are compelled to make goods with only 2% of Potash in Rock Base goods and 3% of Potash in ammoniated goods.

Capt. Miff of the Hamburg-American Line freighter the S. S. "Bohemia" tells a very interesting story in that he was chased for several hours by the British War Ships coming across and the only way he escaped, he put his crew to work and they altered the appearance of the German freighter to make her look like a white Star Liner. The Capt. then instructed his wireless operator to listen to everything that was said, but not to say anything whatever to any of the ships and he heard the British officers talking about him and heard the British Admiral Craddock commanding orders to try and catch him and that he altered his course until he could reach the three mile limit and then docked safely in New York.

The Peerles Fertilizer Co. of Chestertown claims to have on hand however the largest supply they have ever had and also had another little lot on this S. S. "Bohemia" which sailed from Germany on July 31st, the day before war was declared and they refused $90 00 per ton for Fifty tons on Thursday that come over on this Ship, whereas they had been selling it ten days before at $40.00. We are advised by Mr. Hubbard, the president of the Company, to say that he will take care of his customers without an advance in price, and there will be no shortage in the supply of his goods.

OUR DEATH RECORD.

MRS. CATHERINE ESTELLE THOMAS.

Mrs. C. Estelle Thomas, wife of Mr. G. Hines Thomas, of Berlin, and youngest daughter of Mr. and Mrs. James Brice, of this town, died at Edgewood Sanitorium, Govans, on Wednesday morning at two o'clock, of a complication of diseases, in the 46th year of her age. The deceased had been in poor health for nearly a year, and her family had exhausted every means to produce a restoration to health, but without avail. The deceased was born in Chestertown, educated in its schools, reared in the Methodist Episcopal Church and Sunday school, and during her younger days was one of the town's most popular and highly esteemed young ladies. Some years ago she married Mr. G. Hines Thomas, representative of J. G. Harrison & Sons' nurseries, of Berlin, to which town they later removed and there enjoyed the respect and confidence of a wide circle of friends. The death of Mrs. Thomas marks the first death in Mr. Brice's immediate family. He has reached his four score years. He has lived to see each of a family of six good children grow to manhood and womanhood, and each has made good in the business world. And yet throughout the long and happy period of more than 56 years of married life, this is the first time that the angel of death has knocked at the door of that happy home. How fortunate, when all around them families have been broken up, and death has left its impress upon many a lonely heart. The sympathy of the community goes out to them, because death, whenever it may come, creates a bond of sympathy for those who are bereaved; but the blow has fallen most heavily upon the husband and three boys, Earle, Harvey and Emory, whose family life is broken to pieces because the mainspring has gone. The deceased was a good woman, who gave her life to the interests of her family. The remains were brought to the home of her parents on Washington avenue on Wednesday evening by train, whence funeral services were held yesterday afternoon at 2.30 o'clock, conducted by Rev. Dr. L. E. Barrett, pastor of the M. E. Church. Interment was made in the Thomas family lot in St. Paul's cemetery. Undertaker Charles L. Dodd had charge of the funeral arrangements. The pall-bearers were: Messrs. James W. Crouch, Edw. W. Emory, Fred G. Usilton, M. Wilbur Thomas, Clarence Turner and M. E. Newsome. The floral tributes were numerous and beautiful.

JOHN MASON DULANY.

John Mason Dulany, 67 years old, formerly connected with the firm of W. J. C. Dulany & Co., stationers, Baltimore, died at the home of J. Fletcher Rolph, Centerville, Md., last Monday night. Death was due to hardening of the arteries from which Mr. Dulany had been suffering for a long time.

Kent County W. C. T. U.

An executive meeting was held at the home of Mrs. H. B. Simmons on Wednesday, Aug. 19, 1914, Mrs. Emma Shafer, vice-prssident at large in the chair. On motion the officers and supts. were elected: Mrs. Emma Shafer, president; Mrs. S. A. Hurlock, vice-pres. at large; Mrs. L. M. C. Smyth, rec. sec.; Mrs. Ida C. Crew, cor. sec.; Mrs. Acca Crew, treasurer. Supt. of literature, Union Signal and White Ribbon Herald, Miss Anna Leaverton; supt. of purity, Mrs. Emma Jarrell; supt. parlor meetings, Mrs. Cordelia A. Simmons; supt. Sabbath observance and Sunday school, Mrs. F. A. Cornelius; supt. legislation and petition, Mrs. Acca Crew, assistant, Mrs. L. M. C. Smyth; supt. anti-narcotics, Mrs. Lena Anderson; flower mission, Mrs. M. E. Bryan; almshouse, Miss Anna Leaverton; press work, Mrs. S. A. Hurlock. The officers signed a certificate of incorporation of the Kent County W. C. T. U. Mrs. Shafer paid a fitting tribute to the memory of the late beloved president, Mrs. L. M. Corey and her devotion to the cause during the long period of her office. In closing, she expressed the hope that a new inspiration may fall upon those left to carry on the work by the memory of her useful and successful example.

FARMERS, ATTENTION!

Daniel R. Woodall, Jr., has sold his patent, The Fertilizer Distributor, to the Fertilizer Distributor Company, and since that time he has invented a later improved and much more profitable machine for the farmers, to be known as Woodall's Crimson Clover and Cow Pea Seeder with Fertilizer Attachment.

The merits of this machine are as follows: Seeding Crimson Clover, Cow Peas and all seed in corn or any standing crop while cultivating.

Will broadcast or drill fertilizer as close to plants as may be desired in any quantity for top dressing.

This machine is practical in every point. Machine may be seen and will be demonstrated to all at Thos. H. Skipper's, at the foot of Chester Bridge.
