THE SCHAUBER CORN CUTTER

Takes But One Man and One Horse to Operate, and Cuts From 8 to 8½ Acres Per Day Average.

OUR GUARANTEE—Taking all into consideration, viz: Easy to operate, light draft, depositing corn in a straight pile, not knocking off the ears, strength and durability, cost of operating, being able to go anywhere in the field without having to cut first row or turn row, gathering up down corn, and the promptness and excellency of its work, we guarantee this machine to be the best on the market. A trial will convince. Over 2,000 in actual use and giving entire satisfaction.

JOHN SCHAUBER & BRO., Chestertown, Md.

COUNTY TREASURER'S

TAX NOTICE

IN PURSUANCE OF AN ACT of Assembly passed at the January Session, 1894, Chapter 283, the undersigned Treasurer of Kent County hereby gives notice that the County Commissioners of said county have levied a tax of $1.09 on the Hundred Dollars, on the taxable property of said county.

Said taxes are due and payable September 1st, at the office of the County Treasurer in Chestertown, at which place and time the State Tax of 31 cents on the Hundred Dollars, is also due and payable.

Persons desiring a statement of their taxes may receive same by applying at the Treasurer's office.

SAMUEL G. CALDWELL, Treasurer.

BIG THINGS DONE BY THE PRESIDENT.

Some of the things that Woodrow Wilson has done for the American people during his administration, which has yet to reach the first year and a half of its existence, to wit:

I—A firm foreign policy—one of watchful waiting—which prevented a war with Mexico, and made impossible untold loss of lives, the demoralization of business, and a staggering war debt. On the other hand the Mexican people have advanced as never before by the President's fight to restore them possession of their land.

II—A revision of the rules of business without the usual and heretofore inevitable panic. As the results of the efforts of the President the laws have been made the same for everybody—big and little—not by wholesale denunciation and litigation, but by peaceable and judicious means.

III—Refutation of the oft repeated taunts that the Democratic party had not capacity for solving questions requiring constructive treatment. Witness the currency, tariff, income tax, the nearly completed trust bills and other wise legislation that not only received the votes of Democrats, but the votes of Republicans and Bull Moosers as well in both the Senate and House.

IV—A tariff that compels the trusts to sell as cheaply to you as to the people of foreign lands. Framed without concessions to special interests.

V—A currency law under which you get your money when you need it—one that prevents panics and insures stable financial conditions.

VI—An income tax that places upon the rich a just proporation of the $1,000-000,000 a year, which is now the cost of maintaining the Federal Goverment.—Ex.

Program of Events for Centennial Week.

PATRIOT'S DAY—SUNDAY, SEPTEMBER 6.

Music Festival by a mass orchestra and chorus of 5,000.

INDUSTRIAL DAY—MONDAY, SEPTEMBER 7.

Industrial Pageant with 500 floats. Arrival of the Constellation, the oldest vessel in the United States Navy, and a fleet of United States and foreign warships.

Middle States Rowing Regatta, aquatic event of the year.

Illumination of the city.

Band concerts in city parks and historic points of interest.

FRANCIS SCOTT KEY DAY—TUESDAY, SEPTEMBER 8.

Floral Automoblle Parade; prizes to be awarded owners of most artistically adorned cars.

Receptions aboard United States men-of-war and visiting ships.

Colonial Lawn Fetes and Garden Parties at Carroll Park and Fort McHenry, the birthplace of th National Anthem.

Carnival Night, merry masqueraders, band concerts and festivals along Baltimore's thoroughfares and parked places, all brilliantly illumnated.

FRATERNAL ORDERS DAY—WEDNESDAY, SEPTEMBER 9.

Fraternal Orders Parade, 60,000 men in line, 50 bands of music and 60 allegorical floats.

Afternoon—Unveiling of Tablets marking historic places; dedicatory exercises with addresses by Governors of various States, officers of historical societies and distinguished visitors.

Fraternal Ball at Fifth Regiment Armory.

BALTIMORE DAY—THURSDAY, SEPTEMBER 10.

Municipal Departments Parade participated in by every branch of the city government.

Public Athletic League championship games.

Massmeeting of Patriotic Societies at Fort McHenry.

Electrical Historical Pageant, with floats peopled with personages of the period in rich costumes illustrative of incidents and events of the War of 1812, the Battle of North Point and Historical happenings leading to the morning when Francis Scott Key, inspired by the flag on the ramparts of Fort McHenry, wrote "The Star-Spangled Banner."

ARMY AND NAVY DAY—FRIDAY, SEPTEMBER 11.

Army and Navy Parade, State and visiting militia, naval reserves, 30,000 and more regular troops in line with field music; members of veteran organizations, Sons of Veterans, the Chief of Staff of the United States Army in command.

Amateur Athletic Union, Junior Championship games.

Military Ball in honor of the President of the United States, visiting army and navy officers and distinguished guests.

STAR-SPANGLED BANNER DAY—SATURDAY, SEPTEMBER 12.

Dedication of Fort McHenry as a Public Park.

Singing of the National Anthem by 10,000 public school children forming a human flag, accompanied by a mass band of 1,500 musicians.

Senior Championship Games, Amatuer Athletic Union, champions of the Olympic games competing in the principal events.

Water Carnival on the Patapsco River. Illumination of city; continuous band concerts.

Bombardment of Fort McHenry from floating barge and near-by fortifications, the Star-Spangled Banner of "Nineteen Fourteen" with its 48 stars floating from a steel staff erected on the ramparts, on the original site of the flag Eighteen Fourteen.

Fireworks display along Baltimore's water front.

PEACE DAY—SUNDAY, SEPTEMBER 13.

Peace to be theme of all religious services.

WHEN THE KIDNEYS FAIL.

Chestertown People Have Found That Ill Health Follows.

Do you ever feel that you simply can't go any further—that you must have rest from that lame and aching back—relief from the constant, dead-tired feeling—freedom from those stabbing, darting pains? Likely your kidneys are worn and tired and need help. The kidney work night and day, removing uric acid from the blood and other waste created by expenditure of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain generally tells. Doan's Kidney Pills have brought new strength to thousands of bad backs and quick relief to weakened kidneys, so users say. Let them do the same for you. Convincing proof of merit in Chestertown testimony.

Mrs. Albert Rawleigh, Cannon St., Chestertown, says: "One of my family suffered from kidney trouble. The kidney secretions contained sediment. He had pains through his back and kidneys and at times was dizzy. Doan's Kidney Pills were finally procured from Toulson's Drug Store and they made him well.

Price 50, all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rawleigh recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

The Johns Hopkins University

State Scholarships in Engineering Courses.

Application for scholarships in the Department of Engineering established in the Johns Hopkins University under the provisions of the Laws of Maryland, Chapter 90, 1912, should now be made.

Entrance examinations for all students will be held in McCoy Hall, the Johns Hopkins University, Baltimore, September 22-25, 1914, beginning at 9.00 A. M.

If there is more than one applicant for a particular scholarship a competitive examination will be held at the University on the day following the September entrance examinations.

Each county of the State and each Legislative District of Baltimore city will be entitled to one or more scholarships for the year 1914-15, in addition to those which have already been filled. There will also be vacancies in the scholarships awarded to the graduates of Loyola College, Maryland Agricultural College, Mount St. Mary's College, Rock Hill College, St. John's College, Washington College and Western Maryland College, and in the scholarships "At Large," which may be filled in October, 1914.

Applicants should address the Registrar, the Johns Hopkins University, for blank forms of application and for further information as to the examinations, award of scholarships and courses of instruction. a22-tf.

Applications for Oyster Grounds!

The following applications for oyster grounds in or adjacent to Kent county are now on file in the office of the Board of Shell Fish Commissioners of Maryland.

Published charts of the natural oyster bars of Kent county are filed with the Clerk of the Circuit Court of said county.

Notice is hereby given that all protests against the granting of said leases must be filed in the Circuit Court of Kent county on or before the 12th day of October, 1914.

Applicant	Address	Acres
Wm. C. Eliason	Baltimore, Md.	10

Located in Chesapeake Bay, on the easterly side thereof, on both sides of Tolchester wnarf, easterly of "Tolchester Lumps" natural oyster bar, as shown on published chart No. 28. a22-4t.

BRING THE WHOLE FAMILY

TYPHOID FEVER

HOW TO PREVENT ITS SPREAD

ISSUED BY THE

State Board of Health

OF MARYLAND.

When TYPHOID FEVER appears in a family the source of the infection must be looked for in drinking water or food taken within the preceding twenty days. The patient may not have been infected at home, but if a second case occurs this second infection will in all propability be traceable to the first patient. In a majority of instances the drinking water has become infected. Your first business, therefore, is to find out the quality of your drinking water.

You can do this by asking your local health officer for instructions about shipping us samples of your drinking water. *The daily supply of drinking water should be boiled.*

The infectious material of thphoid fever is produced in but one way. It grows always in the bowels and sometimes in the bladder. It, therefore, escapes from the sick person in the stools and urine. If we kill the germs in the stools and urine as soon as they are passed, there can be no spread of typhoid fever. These discharges should, therefore, be disinfected as soon as possible. You will need a large quantity of a good disinfecting solution.

RECEIPT FOR A GOOD DISINFECTANT.

To four gallons of water add enough salt to make a strong brine. Put this in a five gallon demijohn or jug and add a quart of crude carbalic acid. Shake it up well and you will have a good disinfectant for stools and urine.

The crude carbolic acid, known as U. S. P. 90 per cent., is very good, and a quart will cost about 50 cents. There is a cheaper grade, known as a 36 per cent. acid, which is nearly as affective.

About a pint of this solution should be put in the chamber or bed pan before it is used, so that the discharges will begin to be disinfected as soon as they leave the body. There must always be at least as much of the disinfecting solution as there is of the discharges, so that more of the disinfecting solution may need to be added after the discharges are passed. If the stools are thin and watery their disinfection will be accomplished in half an hour or so, but if the stools are thick or formed very much more time will be required. On that account it is best to have a covered jar or bucket into which the bed pan can be emptied, and to empty this jar only once in 24 hours. If the discharges cannot be finally thrown into a sewer, they should be buried in the soil at a convenient spot where there is no chance of their fouling a water supply. The discharges should never be thrown on the surface of the ground, for you will hardly be successful in killing all the typhoid bacilli, and you must not place them where those not killed by the acid may be blown about in the dust or carried away by flies to infect other people.

In spite of every precaution, those who wait on the sick person will get their hands infected, and it is, therefore, necessary to wash the hands every time one does any service about the patient's bed or body. Whoever waits on the patient must not prepare food or drink for other persons in the house, or if it is impossible to mind this rule one must most carefully and thoroughly cleanse the hands before performing any household duty outside the sick room. Good scrubbing with soap, water and a brush, and then rinsing well in fresh water will suffice for cleansing the hands.

If anyone else in the house falls sick within two weeks after the first patient, the probability is that the infection was lodged before the precautions were taken in regard to drinking water and the disposal of discharges. But if the second case occurs more than 20 days after the first case that will signify that we have made a mistake somewhere in our precautions.

DR. GEO. H. JONES,
Secretary Local Board of Health of Kent Co.,
Galena, Maryland

Your Own Porch Better than a Country Cottage

You need not go into the country during the hot summer months if you have your porch equipped with

AEROLUX NO WHIP **PORCH SHADES**

These water-proof shades come in a great variety of colors. They admit just the proper amount of good fresh air yet maintain perfect seclusion to those upon the porch.

They transform any porch into a perfect resting place. The NO-WHIP ATTACHMENT with which these shades are equipped prevent flapping of the shade. The shades successfully keep out the hot rays of the sun and while they maintain the porch cool and comfortable, admit just the proper amount of light.

Call and see our display or a telephone call will bring the "Aerolux" man who will show you color samples and then if you wish, take the measurements of your porch.
