REGISTER OR YOU CANNOT VOTE

Voters Still Fail to Understand The Requirements of Law.

It is necessary for every voter in Kent County, as well in the State of Maryland, to go to the election house of his district and again place his name on the registration books, whether it is there now or not, or he will be unable to vote this fall.

It does not matter if a name has been on the books for years. These old books will be destroyed as soon as the primaries have been held on the 15th day of September. They must be burned.

From that date there will be no list of voters in any county of the state until each voter has again gone to the voting place and again placed his name on the books together with certain information required by law.

Each voter will be permitted to register in the voting district in which he lives, provided he has been in the countp for six months and in the state for a year as an actual resident.

In order to vote in the election on the third of November it will be necessary to go to the voting place on one of the following days and register again.

Tuesday, September 22.
Wednesday, September 23.
Tuesday, October 6.
Wednesday, October 7.
Saturday, October 10, for revision only.

After October 7 it will not be possible for anyone to vote who has failed to do just what we have advised, Register Again.

Many People Follow Agriculture.

There are 541,164 persons in Maryland that work for a living and 117,100 of them are employed upon the farm, according to a report which has just been issued by the United States Census Bureau. Of the persons engaged in agricultural pursuits, the bulk of them are from operators and farm laborers. The farm laborers number 38,337, and 37,954 are men and 1,383 are women. There are 59,932 farm laborers in the State and 56,657 are males and 3,275 females.

There are 504 dairy farmers in the State and they employ 683 laborers and 27 foremen. There are also 63 persons in the State whose principal source of income is from stock raising. The number of cowboys and sheep herders in the State is 208.

In the entire United States there are 70,680,270 persons over 10 years of age and 38,167,336, or 53 per cent. of this number are engaged in gainful occupations. Of the gainfully occupied, 12,659,203, or 33 per cent. are engaged in agriculture. There are 5,865,000 farm operators in the nation and they employ 5,975,000 laborers.

The Maryland Potato Patch.

The Maryland Irish potato patch contains 43,000 acres this year and the total production will be approximately 3,225,000 bushels, according to estimates made by the United States Crop Reporting Board. The condition of the crops is one per cent. above normal and the price at the present time is averaging around 60 cents per bushel.

In Continental United States there are 3,708,000 acres planted to this product and this year's production is estimated at 360,614,000 bushels by the Federal Department of Agriculture. This year's crop will exceed the average crop of the past five years by approximately 4,000,000 bushels. The nation's production last year was 331,525,000 bushels, was produced on 3,668,000 acres of land and sold for $227,903,000, or an average of 90 cents per bushel.

FOOD HIGHER HERE THAN IN ENGLAND.

Dr. James W. Magruder, Secretary of the State Federated Charities in speaking of the necessity for doing something to lessen the cost of food in this country on Monday says:

"Certainly something should be done to relieve the present situation. Here we are paying more for our food in this country than they are paying in England. England is at war and we are at peace and our crops are bountiful. Yet we pay these high prices! Foodstuffs are being allowed to spoil without being brought to market. You'd think that a man's patriotism would prevent him from doing that, wouldn't you?"

Mr. E. G. Nickerson was extremely ill with indigestion several days this week.

Every person who shall, directly or indirectly, by himself or through another person, make a payment or promise of payment, to a treasurer or political agent in any other name than his own, and every treasurer or political agent who shall knowingly, receive a payment or promise of payment, and enter the same or cause the same to be entered in his accounts in any other name than that of the person by whom such payment or promise of payment is made. Every person who being an employer, pays his employes the salary or wages due in "pay envelopes," upon which there is written or printed, or in which there is enclosed, any political motto, device or argument containing threats, express or implied, intended or calculated to influence the political opinions or actions of such employes, or within ninety days of an election or primary puls, or otherwise exhibits, in the establishment or place where his employes are engaged in labor, any hand bill or placard containing any threat notice or information that if any particular ticket or candidate is elected or defeated, work in his place or establishment will cease in whole or in part or his establishment be closed up, or the wages of his employes reduced, other threats expressed or implied, intended or calculated to influence the political opinions or actions of his employes. INSTRUCTIONS TO VOTERS.

The Primary Election will be held on Tuesday Sept. 15th, at the polling places designated in the official notice published elsewhere in this issue. The polls will be opened at 8 a. m and close at 6 p. m, and the conduct of the election will be similar to that of the general election, except that at the primary election the ballot must be enclosed in an official envelope obtained from the judges and be sealed before it is deposited in the ballot box; that a voter may prepar his ballot before entering the polling place, provided ee uses an official sample ballot; and that the cross-marks on the ballot must be made with an ordinary black lead pencil. A cross-mark is to be made in the box to the right of the name of each person for whom the voter wishes to cast his vote.

The ballots are canvassed and counted as they were last year, and the same provisions apply to the envelope. A ballot may be prepared before entering the polling place, but upon a voter presenting himself to vote, it having been determined that he is qualified to vote, a blank official ballot shall be given him, together with the envelope. The voter then retires to one of the booths, taking with him the blank ballot, and shall there mark with a black pencil his ballot for voting, or use the ballot which he has already prepared. He then places the ballot in the envelope and seals same and hands it to one of the judges of the election, who, after detaching the coupon, deposit same in the ballot box. If the envelope is unsealed, it is the duty of the judge to send the voter back to the booth to seal same, and should the voter mutilate his envelope he is entitled to another one just as he would be to another ballot in the general election.

Count of Ballot.

If any envelope shall be found not of the character required for this primary, or if any mark or device be found on any envelope except the initials of the judge as required, or if any mark or device be found on any ballot, or peculiar folding, by which, in the opinion of the majority of the judges, the same may be identified so as to indicate who has cast the same, the ballot so marked or the ballot contained in the envelope so marked, or folded, or improperly substituted, shall not be counted. When more then one ballot is found in one envelope, or a ballot is found in an envelope furnished for a different political party than that for which the ballot was provided, the same shall not be counted for any person unless a cross mark made by a black pencil appears after his nams. Only ballots marked with a black pencil shell be counted. If any envelope is deposited in the box inadvertently without being properly sealed, and without being detected by the judge receiving the same, or shall become unsealed in the ballot box, it shell not be thrown out for that reason. If more names are marked for any office then there are persons to be voted for, such ballots shall not be counted for such candidates or delegates, or other persons to be voted for, as the case may be, but the whole ballot shall not for that reason be rejected for candidates for other offices or positions.

On the day of the primary election the polls shall be opened at 8 a. m. and close at 6 p. m.

The returns shall be made before 12 o'clock noon of the second day after the primary in the same manner and form as is provided for in general elections.
