Why Don't You Call Him Up?

When you go to make a call on a man at his office, isn't what you have to say to him the reason for making the trip? Then, why don't you say it by telephone? Why don't you call him up?

What's the use of traveling half-a-dozen blocks merely to ask a few questions and get an answer or perhaps to find the person out? The telephone will do it for you in less time and with less effort.
