VOL. LIII—NO. 17. CHESTERTOWN, MARYLAND, SATURDAY, SEPTEMBER 19, 1914 $1.00 PER ANNUM

NATIONAL AND STATE BANKS

ONE of the most vital and important regulations of the NATIONAL BANKING LAW is that which controls what is known as the "Legal Reserve." It requires that 15 per cent. of all Deposits shall be kept in the vaults of National Banks or in the hands of Approved Reserve Agents.

The following statement of the Deposits of three banks of Chestertown shows what reserves these banks held at the time of their last sworn statement, June 30th, 1914:

	Deposits	15%	Reserve Held	Per Cent.
Third National	$586,353.16	$87,952.96	$95,257.66	16%
Chestertown Bank	394,188.67	59,128.30	23,887.34	6%
Kent Savings Bank	319,691.40	47,953.71	17,398.21	5 2-5%

As you will see by the above statement, the Reserve held by the Third National Bank ($95,257.66) is more than twice as much as held by both of the other banks ($41,285.55). After reading the above exhibit, which do you think is the STRONGEST and SAFEST bank in which to transact your banking business? The Third National Bank cannot make as much money for its stockholders by adopting the policy of keeping on hand such a large reserve, but we KNOW it is better banking. Nearly $100,000.00 on hand with which to meet immediate demands. Think of the above while doing your banking.

NOW is the time the farmers realize on their season's work. As you sell your grain, stock or produce, place the money with a reliable bank. Pay your bills by check, which makes the best kind of a receipt, and avoid the worry and danger attending the carrying of large sums of money. Your business is carefully looked after in this bank. We pay 4 per cent. on all Savings Accounts.

Very respectfully,

The Third National Bank
of Chestertown, Md.

Do not forget Chautauqua week—August 31–Sept. 6.

WE ARE

MAKING THEM! Compare quality, fit and workmanship with some of these guaranteed Suits we're turning out. See if you're treating yourself just right, then we'll make yours.

No large rent, no large stock to carry and carry over, no large up-keep is why we're making Suits to order for less money than you can NOW buy ready-mades. Same quality. Think this over.

In connection with my tailoring business, I've added a line of Alpaca and Mohair Coats, Dusters and Raincoats from a manufacturing plant in New York. I carry sample garments and can deliver in two days. Look them over. I'll save you 25 to 30 per cent. on this line also. Respectfully,

W. E. MOODY,

SPECIAL REPRESENTATIVE OF THE INTERNATIONAL TAILORING CO., OF NEW YORK, CHICAGO AND LONDON,

Office Under Voshell House, Next to Robert McWhorter's, CHESTERTOWN, MARYLAND.

AN IMPORTANT MESSAGE TO YOU!

"THOMPSON, THE SHOE MAN," will move into his new large store during the week of SEPTEMBER 21st, and will expect you to call and see him there as soon as convenient.

We will open this store with a complete, fresh stock of clean-cut, good-looking and well-fitting shoes for men; dainty, trim and graceful footwear for women, and strong, serviceable, yet stylish shoes for boys and girls, every one bearing BROWN'S "5" Trade Mark in the shank, which is only another way of saying and meaning "QUALITY."

During the opening week, every purchaser of Boys', Misses' and Children's Shoes will receive a School Bag, valued at fifty cents, as a souvenir of the occasion, while every lady and gentleman making a purchase will receive a special souvenir which will particularly appeal to them.

Let us show you the new styles, just received from the manufacturer, whether you are ready to purchase your Fall and Winter shoes now or not. We shall deem it a pleasure to introduce you to our new store.

Remember, our stock is all the very latest and most up-to-date styles, just received from the manufacturer.

Be sure to call and see us during our Opening Week. Your time spent in examining our stock and our time spent in showing it to you will undoubtedly prove of mutual benefit to us.

Faithfully yours for

"GOOD SHOES" and "GOOD SERVICE,"

THOMPSON, THE SHOE MAN,

HOW TO PREVENT HOG CHOLERA

Temperature of the Hogs is Taken.

Mr. J. H. Arnold, of the investigational staff of the Bureau of Plant Industry gives an account of hog cholera control on a 1000 acre farm in Montgomery county, Tenn., which is especially interesting in that it gives a concrete example of control of this disease to such an extent that the farmer has absolutely no fear of its encroachment notwithstanding the fact that the soil is full of germs and hog cholera is a menace in that section. Not only that, but until last year hogs on this farm were an unprofitable proposition because of loss from hog cholera. They are now one of the important enterprises on the farm. As soon as pigs are either brought to or born on the farm their temperature is taken. Any rise in temperature calls for a treatment with serum. After three or four weeks their temperature is again taken and the serum applied in all cases where it is not normal. Try it.
