State Industrial Accident Commisson.

The state Industrial Accident Commission recently appointed by Governor Goldsborough has been duly organized and has sent out the following notice to employers:

"The Workman's Compensation law passed by the General Assembly of Maryland, at the session of 1914, requires every employer in this State, having employees in extra-hazardous occupations, to pay compensation for disability or death of his employees resulting from accidental injury arising out of and in the course of his employment, on and after November 1, 1914.

"Every employer shall secure the payment of such compensation: First, by insuring in the State Accident Fund (established by the same act); or second, by insuring with any stock corporation or mutual association authorized to do business in the State: or third, by furnishing proof to the Commission of his financial ability to pay any Compensation himself. Every employer shall first submit to the State Industrial Accident Commission the method he wishes to adopt; the Commission has the power to ether approve or reject the selection. Failure to submit this information on or before November 1st is made a misdemeanor, subject to a fine.

"Any employer not required to come under the provision of the law may, upon the mutal request of himself and employees elect to do so.

"Blank forms are being prepared by the Commission for collecting the above information. All employers interested are asked to write to the Commission so that when completed blanks may be sent to them without delay."
