THE Allies have had the best of the advantage in the great European war during the week.

MUCH of the credit for the showing made by Isaac Lobe Straus in Kent county in the primaries is due to R. Groome Parks, Esq., who conducted a quiet, but effective campaign.

SENATOR SMITH was nominated by a minority of the Democratic vote in the State, and his total vote represents about the Organization strength throughout the State and city.

THE state of Maine, usually a Republican stronghold, elected a Democratic Govenor on Monday by an increased majority over that given to Wilson in the Presidential compaign, and the Democrats control both houses of the Legislature. As goes Maine so goes the country, and it looks very much like the calamity howlers have not had much effect upon the people of the country.

DEMOCRATIC leaders are proud of the fact that President Wilson has been "on the job" during the first 18 months of his term more days than any other President in a quarter of a century. Party campaigners are boasting of his faithfulness to duty in their stump speeches. In the year and a half he has been in the White House the President has not been out of the city 30 days altogether. Democratic Congressmen are much pleased with the President's refusal to enter the campaign as a speaker at this critical time.

NEXT Tuesday and Wednesday are the first registration days. Every voter in the county, whether he has been on the books before or not, must register this fall in order to vote in the election, and also in the primaries of next year. Every young man coming of age before November 3rd next must also register, or he will not be able to vote in next year's primaries. Every man in Kent county who loves good government and wants to have a voice in the selection of the men to conduct the county affairs should go to the polls and register. A man who refuses to get registered has no right to complain at the manner in which his county affairs are run, because he refused to get registered and thus help to put the kind of men in office who he thinks are capable of governing the county economically and wisely. So, let *everybody* get registered over again.

THE Republican machine in the State is said to be heavily in debt from the last two or three elections. The amounts owing in various banks are put as high as $40,000. It was thought that if Senator Jackson made the fight for United States Senator this year he would foot those old bills, but it seems the Senator shied off from this obligation unless some of the other big chiefs would lend a hand towards liquidating those debts. It is estimated that it will cost the Republicans at least $30,000 to register their vote in the State this year and if the old debts were paid and the vote registered and even a small sum raised for the campaign, it would take at least $100,000 to finance the campaign. This is a large sum of money and hard to raise, so unless the Senator comes to the rescue of the Republican machine, it is not likely the G. O. P. will make much showing in the State this year

Get Registered Tuesday or Wednesday.

MR. CHARLES H. GRASTY has retired from the active management of the Baltimore Sun, a position which he has held for several years past. Mr. Grasty will continue as the president of the Board of Directors, which he has held in connection with the management of the Sun. Mr. Grasty's successor has not been selected yet. That would be an excellent job for some country newspaper editor. The Sun needs a dash of simon pure Democracy, such as is breathed from the editorial pen of most country editors who run their paper on sound principles of justice and right, and for the best interests of the Democratic party, and many a country editor to-day who is to the manor born, could assume the management of the Sun, and make it shine in the business and political world as it did in days of yore. A mixture of country horse sense, with the force and glare of city embellishments, would work wonders in many a city enterprise.

RESULT OF THE PRIMARIES.

The result of the primary election in Kent county on Tuesday was by no means a surprise to anyone. It was a settled fact in the minds of every one that Senator Smith and Senator Price would win the nomination for United States Senator and Congressman, respectively, and this certainty accounts in a large measure for the unusual lack of interest in a primary contest in Kent, and for the fact that less than 40 per cent. of the registered Democratic vote participated in the primaries. The leaders of neither faction exerted themselves especially, and the voters were left to themselves to decide for themselves for whom they shonld vote. The vote for both Senator and Congressmen throughout the State was the lightest since the institution of the popular primary, and it is up to the candidates now to put some ginger in the campaign for election and get the full Democratic vote registered so as to insure a triumphant election in November. There is no doubt of the election either of Smith or Price if the normal Democratic vote can be gotten on the books. Let everybody get registered.

SMITH AND PRICE WIN

Receive Overwhelming Majorities Over Opponents in One of the Tamest Primaries in History of State.

RESULT NO SURPRISE TO PEOPLE.—KENT GIVES BIG MAJORITIES TO SMITH AND PRICE.

In one of the tamest primaries in the history of the State, Senator John Walter Smith defeated Isaac Lobe Straus for the nomination for United States Senator by 31,000 majority. Very little interest was manifested in the election, and consequently not over 40 per cent. of the registered vote went to the polls. An effort was made by some of the Organization leaders and newspapers to convey the impression that the Lee people were behind Straus, but the result in Senator Lee's own county and everywhere else in the State where Lee sentiment is strong shows that such was not the case, and the Lee people played "hands off" and voted as they pleased. Senator Smith's majority in the State is about 12,000 short of Senator Lee's majority in the election when the vote was many thousands larger in the Lee campaign. The result by majorities throughout the city and State is as follows:

	John Walter Smith.	Isaac Lobe Straus.
Allegany	*1,200	500

CONGRESSIONAL PRIMARIES.

In the fight for Congress in the First District Price has carried every county on the Eastern Shore over James T. Bright for the short term nomination for Congress. His majority is about 4,000. For the long term he defeated Albert W. Sisk, of Caroline, by about 3,900 majority, carrying all the counties except Sisk's own. The vote by counties is as follows:

	Short Term.		Long Term.	
	Price.	Bright.	Price.	Sisk.
Caroline	511	373	420	535
Cecil	477	230	427	398

Totals	6,476	2,320	6,569	2,503

Price's majority—Over Bright, 4,156; over Sisk, 4,066.

The vote in Kent was the lightest since the institution of the popular primary system not more than 40 per cent. of the registered vote going to the polls. The official vote is as follows:

	1-1	1-2	2-1	2-2	3-1	3-2	4-1	4-2	5-1	5-2	6	7—To'l
Smith	80	50	39	35	61	37	83	63	89	63	62	34— 696

Smith's majority, 344.
Price's majority over Bright, 430.
Price's majority over Sisk, 504.

RESULTS ELSEWHERE.

In the Fifth District Richard A. Johnson defeated Congressman Frank O. Smith for renomination by about 2,000. Allan McLane in the third judicial circuit defeated Robert H. Bussey by 3500. Senator Smith carried Baltimore by 11,612, his vote being 14,892 and Straus, 3,280. Straus carried three precincts in the city only. The State Convention meets in Baltimore on Thursday when the nominations will be ratified, the platform adopted, and the campaign for election started.

THE Republican State Central Committee met in Easton yesterday at the invitation of former Senator William P. Jackson to select a candidate for Congress in the First District. Robert F. Duer, of Princess Anne, and State Senator Williams, of Elkton, are most prominently mentioned.

THE vote which Senator Smith received in the primaries on Tuesday represents very nearly the Organization strength in Kent county when the voters are left to themselves to vote as they please. Very close to the full Organization vote was polled for Senator Smith on Tuesday, and the result is interesting to those who keep in touch with affairs political. The Senator's vote was 696.

AN OBJECT LESSON.

A great hue and cry was raised by the people of the State until they got the popular primary. Everybody wanted the right to vote for whom they pleased. And yet in the primaries on Tuesday less than 40 per cent. of the Democrats of Kent county voted, and they were content to allow the election to go by default. A primary contest, even the one on Tuesday is a very expensive business, and if the voters are going to treat the matter so lightly it would be a far better thing for the tax-payers to discard the popular primaries and return to the old convention system. This was one of the most important primary elections held in years. A United States Senator and a Congressman were chosen who will assist in making the laws and supporting the administration in all its efforts for the advancement of the material interests of the people. The worst way in the world to get the right sort of men to represent the people in the affairs of government is for men who ought to be interested in their government to stay away from the polls, and the very best way in the world for the politician to get the upper hand of the people is for voters to refrain from participating in the primary election. It is a marvel to us that the people should desire a popular primary with so much ardor and then when the time comes to vote to stay away from the polls. Let's participate in the primaries or else abandon the system for something less expensive.

PEOPLE'S COLUMN.

Employ Foreign Labor.

Chestertown, Md., Sept. 15, 1914.

EDITORS OF THE TRANSCRIPT,
Chestertown, Md.

GENTLEMEN:

I have been able in the past few months to secure quite a number of Germans and other foreign born laborers to do work on the farms of friends of mine in Kent county.

The wage demanded by this help is very reasonable, $15 to $20 per month. Those who have employed these people have found the labor they do is fairly satisfactory. While I am doing this entirely without charge and solely through the hope that the establishment of a number of German families in the county and the employment of these people to till the land may be of permanent benefit, I hope very earnestly that anyone who considers employing them will do so with the idea of giving them kind and pleasant treatment at all times.

Should anyone put their name on my list I will try to get them such help as they may desire.

The unfortunate conditions that are now prevailing in Europe will make it possible, during the next few months, for us to obtain quite a number of such laborers to assist in tilling our land. It will be a pleasure to me to act as a channel through which these immigrants can be made of use to our people.

Yours truly,
L. WETHERED BARROLL,

Difficulty in Spreading Lime.

Chestertown, Md., Sept. 15, 1914.

Farmers know how difficult it is to get men who understand speading lime to cover their ground properly. Recently a gentleman wanted some lime spread on his farm and wrote to a neighbor to know if he could recommend him a man. The reply was as follows:

"I don't know a man that I can get to spread lime, however poor a job he might make of it.

Their skin is too tender.

You must remember that this is the twentieth century.

Yours truly."

Is this problem of labor going to be solved by more colored schools, more colored teachers, longer colored school years, higher taxes?

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.
