YOU are not a good Democrat if you don't get registered on TUESDAY or WEDNESDAY.

CONGRESS will likely adjourn about the middle of this month. This will give the members of Congress a little more than two weeks in which to make a whirlwind campaign for re-election.

CIVIL service employees in the post-office department of the government are somewhat anxious concerning a recent order from Washington inquiring into their party affiliation.

SAY, Mr. Voter, if you did not get registered at the first sittings, do not fail to do so on TUESDAY and WEDNESDAY NEXT, OCTOBER 6 and 7. This is your last chance to get on the books, and if you don't register on TUESDAY and WEDNESDAY, you can't vote in the primaries next summer, when every official in the county is to be nominated. Attend to this matter, Mr. Voter, next TUESDAY and WEDNESDAY.

THE Bull Moosers, in convention assembled at the Rennart, Baltimore, on Wednesday, nominated Dr. V. M. Rerehard, of Washington county, for United States Senator. The vacancy for Congress in the First Distric , caused by the withdrawal of Capt. George W. Truitt, was left in the hands of a committee to select a candidate. Sidney P. Townshend, the Bull Moose leader in Kent, attended the convention.

THE Baltimore Sun on Thursday in its condensed news gave Judge J. Harry Covington a bad sendoff upon his assuming the duties of Chief Judge of the Supreme Court of the District of Columbia. This is what some typo's error made the Sun say, columne, page 1, under caption—National Affairs: "Representative J. Harry Covington, of Maryland, for murder held up and robbed the District of Columbia Court of Appeals, bade farewell to the House." Now, if that isn't a sendoff for a dignified judge, what is ?

THE Republican State Convention was held in Baltimore on Monday. The keynote of the platform is PROTECTION. There are more multi-millionaires and a greater number of paupers in this country to-day, due to the theory of PROTECTION than ANYWHERE else in the world, and still the standpat Republican party is in favor of making multi-millionaries at the expense of the people. A few people have become suddenly immensely wealthy in America through protection, and it was this few people who virtually controlled the government of the United States through the Republican party while it was in power, and the people had no part or lot in their affairs of government. It was because of this fact that the Progressives cut loose from the party, and the Republican party will be as dead as Hector as long as it persists in living on protection and depends for its existence upon the independable voter to keep it in power.

WILL IT BE DIXON OR DODD ?

We understand that Mr. James T. Dixon, the present incumbent, has stated during the past week that he will be a candidate for renomination as Clerk of the Court, and that he will publicly announce his candidacy later. Mr. Chas. L. Dodd has also stated recently that he is a candidate and has asked quite a number of people to vote for him. Just which of these two gentlemen will receive the support of the Organization forces has not been definitely stated. To the casual observer it looks as if Mr. Dixon with his large personal following in the county and with his political influence is in a position to offer a stronger card to the Organization than can Mr. Dodd, who has no other asset than his personal popularity to offer. Some of the Organization leaders lay great stress upon Mr. Dodd's popularity with a certain class of voters as the big card in Dodd's favor, while the friends of Mr. Dixon claim that his large and influential personal following makes him the strongest individual in the Organization, while his hustling and effective methods of campaigning make him a more available candidate. Indeed there are those who go so far as to say that Dixon holds the cards and when he shows his hand the Organization will follow suit. Four year's ago when Mr. Dixon was strongly opposed by many of the Organization out-of-town leaders, the then leader of the faction, living in Chestertown, let it be known that Dixon must be the candidate for clerk, because the faction needed his influence and the strength of his large personal following to help the remainder of the ticket, and the wisdom of the Boss' political sagacity were manifested in Mr. Dixon's nomination and election. If the then leader was living to-day and Mr. Dixon said he wanted to be a candidate next year, he would be the candidate for renomination with the Organization behind him, and n our judgment if Mr. Dixon says he wants a renomination he will be the Organization candidate because it will not be politically wise, as it was not four years ago, for the Organization to turn him down.

WHO IS RESPONSIBLE FOR THIS?

The Republican press is full nowadays of deceiving figures as to the effect of the Underwood Tariff upon the general business of the country, and they are making a strenuous effort to fool the people into believing that the government is becoming financially embarrassed through the working of the present tariff, and that millions of people are thrown out of employment because of business depression. There never was a more deceptive piece of figuring in the world. Let us ask these calamity howlers to answer these few questions which bring the matter home to the great mass of the people who feel the burden of high prices :

1. Who forced the price of Sugar from 4½ to 10 cents a pound about two weeks ago, when there was no occasion for it in the world? Did the Underwood tariff commit this theft upon the people?

2. Who makes the people pay 22 to 25 cents a pound for beefsteak when the farmer gets no more for his beef cattle than he did 15 years ago, after the Underwood tariff put meats on the free list? Did the Underwood tariff do this?

3. Who raised the price of flour one dollar per barrel at the outset of the war, when this country was so flooded with wheat that the growers could find no sale for it two weeks after war was declared in Europe? Did the Underwood tariff do this?

4. How is it that, notwithstanding the fact that the Underwood tariff placed wool on the free list, the farmer received more for his wool this spring than he has received for years?

5. Who is it but the trust protected manufacturers, who have closed their factories for political purposes, thereby keeping thousands of laborers out of employment?

6. How many more unemployed are there in this country to-day than there were under the Roosevelt and Taft administrations?

7. How is it that ex-President Roosevelt in a recent speech should declare that the Payne-Aldrich tariff was too high? Was the Underwood tariff responsible for this statement?

Now, Mr. Calamity Howler, if you can answer these questions to the satisfaction of the great masses of the people, you will have some justification for your present attitude.

The TRUSTS, fostered and protected by the Republican party, are directly responsible for present conditions and every fairminded man will admit it.

State Road To Tolchester.

L. Wethered Barroll, Esq., has recently made a second effort to induce the State Road Commission to build a State road to Tolchester. Mr. Barroll has been working on this matter for some months past, and the following communication addressed to Mr. Barroll by Chairman O. E. Weller, will let the people know just what the attitude of the State Road Commission in the matter is at present :

September 23, 1914.

HON. L. WETHERED BARROLL,
Keyser Building,
Baltimore, Maryland.

MY DEAR MR. BARROLL :

Your favor of the 18th is at hand. I entirely agree with you as to the necessity for building the State road from Chestertown to Tolchester at the earliest possible moment, but you understand that the Commission cannot construct roads without money, and in this case we have no discretion in the matter. If there is any possible way by which we can help this situation, we will certainly do it with great pleasure.

Very truly yours,
O. E. WELLER,
Chairman.

Prohibitionists Name Candidates.

The convention, which was called to order by the state chairman, C. R. Woods, Thursday morning, was continued thoughout the afternoon, and at night there was a mass-meeting. The officers of the convention were: Rev. Hoten Todd, of Anne Arundel, chairman; W. L. Purdum, of Frederick, secretary, and R. D. Silverwood, assistant secretary.

The following compose the State Central committee: Chairman, C. R. Woods; secretary and treasurer, S. H. Norman, and Finley C. Hendrickson, James W. Frizzell, Dr. E. B. Fenby, Thomas E. Watkins and G. R. Gorsuch.

OUR DEATH RECORD.

METHODISTS PLAN TO FILL OFFICES.

The appointment of district superintendents, possibly two, will be the most interesting feature of the forty-sixth session of the Wilmington Conference of the Methodist Episcopal Church, which will be held at Laurel next March. Bishop Joseph F. Berry, of Philadelphia, probably will preside over the conference and make the appointments. A district superintendent generally serves for six years. Rev. George P. Jones has been superintendent of the Salisbury district for that length of time, and his term will expire by limitation. Rev. Robert K. Stephenson also has been a district superintendent for six consecutive years, having served as such for one year on the Easton district and for five years on the Dover district. Some Methodists predict that he will resume the pastoral relation next March, and others assert that he can continue as superintendent of the Dover district for another year. Concerning district superintendents paragraph 203, section 2, of the Methodist Episcopal Church Discipline, says :

"He (the Bishop) shall not allow a district superintendent to preside in the same district more than six consecutive years, nor more than six consecutive years in any 12. Nevertheless, if in any case the term of six years shall expire in the interval between the sessions of the annual conference he may continue him until the next session, provided the time shall not be more than six months. But district superintendents in either missions or mission conferences in foreign lands may be appointed to the same district for more than six consecutive years."

For precedent champions of Dr. Stephenson point to Rev. Wilbur F. Corkran, who was a district superintentent for 12 consecutive years, six on the Salisbury district and six on the Easton district, from 1891 to 1903.

Two pastors, Rev. Charles A. Hill, of Crisfield, Md., and Rev. George C. Williams, of L are mentioned for the position to be vacated by Dr. Jones. Dr. Hill was admitted to the Wilmington Conference in 1878 and has served St. Paul's and Epworth Churches, Wilmington, held pastorates at Bridgeville and Smyrna, and Princess Anne, King's Creek, Sassafras, Cherry Hill, Centreville, Salisbury, Easton and Crisfield, Md. He was a delegate to the last General Conference and headed the Wilmington Conference delegation. Mr. Williams was admitted to the Wilmington Conference in 1902, and has served Epworth Church, Wilmington, and held pastorates at Laurel, and Preston and Berlin, Md. He now is pastor of Centenary Church, Laurel, which will entertain the Wilmington Conference next March.

The terms of Rev. E. L. Hoffecker, superintendent of the Wilmington district, and Rev. Robert Watt, superintendent of the Easton district, will not expire until 1916, when the Wilmington Conference probably will meet in Wilmington. With the appointment of two district superintendents and the election of delegates to the General Conference, also the convening of the Lay Electoral Conference, the 1916 session will excite great interest.

Frank Diggs, of Northeast, and John Murray Robinson, of Millington, Md., were married on Thursday of last week at the home of the bride's parents, the Rev. Dr. John P. Campell, of Baltimore, officiating. Miss Dorothy Diggs, a sister of the bride, was maid of honor and Mr. Louis Robinson, a brother of the groom, was best man. The wedding march was played by E. Milton Wells, of Baltimore.

THOUGHT IT WAS A WHALE.

Big Fish That Snapped Split Suggested The Jonah Incident to Pastor White.

Rev. W. L. White, of Ebenezer M. E. Church, bought some new fishing tackle this week. He also left a dainty split bamboo fishing rod in a repair shop for treatment. The fact is, Mr. White went fishing last week with Oliver Henry.

The two fishermen went in Mr. Henry's motor boat to the Choptank River and there cast their lines. Mr. White is particularly fond of rod and reel fishing and is an adept at fly casting. Sport was pretty good, although rather in Mr. Henry's favor. Mr. White had only caught a couple of dozen small fish.

All was serene until the bob on Mr. White's line coursed downward through the water with great velocity. The split bamboo held until it was almost bent into a circle and then it snapped. Still did Mr. White hold fast to the line. Mr. Henry says the motor boat began to move, dragging her anchor. Mr. White and his prey did valiant battle. The latter pulled in desperation, the former propped his feet against the gunwale of the boat and clung desperately to the line.

The line snapped.

Mr. White says that white he and the thing at the other end of the line were having the tug of war he just couldn't help thinking of the fish Jonah had some experience with.—Easton Star-Democrat.

KRIT $950
WITH ELECTRIC STARTER $1050 F.O.B. Detroit

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.
