FOR REPRESENTATIVE IN 64TH CONGRESS,

DEMOCRATIC MASS MEETING.

The Democratic State Central Committee for Kent county are arranging for a mass meeting to be held in Chestertown on Wednesday, Oct. 21. Particulars and the speakers will be announcrd later. Men of national ability are expected to be here.

WHEELER BROS. Circus will show in Chestertown on Saturday, October 17. Will there be any "Probation officers" appointed to do what the sheriff, the deputy sheriff, two bailiffs, a constable and State's Attorney are paid to do?

THE Democrats did exceptionally well in the registration of their voters. Both wings of the party were active in getting their voters on the books and they succeeded admirably. Now the thing to do is to go to the polls and vote the Democratic ticket on November 3rd. Every negro voter in Kent county will go to the polls and vote, and no Democrat should hesitate to go out and kill the blackbird's vote with a ballot of the opposite kind. No Democrat should say he has no interest in the coming election. If President Wilson's administration is to be upheld, and his policies continued he must have a Democratic Congress, and the Democrat who refuses to go to the polls and vote the Democratic ticket, is doing everything he can to tie the hands of the greatest President this country has had since the days of Washington. Mr. Democrat, remember this.

PEOPLE'S COLUMN.

FARM LABORERS.

The following letter speaks for itself, and we advise all farmers to read it:

Keyser Building,
Baltimore, Md., Oct. 1, 1914.

MESSRS. EDITORS:

Sometime ago I published a letter in your paper calling the attention of the People in the county to the fact that I could readily obtain for them German labor to work on their farms. I have received innumerable inquiries and requests for such labor in reply to this letter.

Most of these inquiries have come from people who only wanted German families, that is, a man and wife with one or two children, all of whom would be able to work. It is next to impossible to get families to leave the city. For some reason when a German has a wife in this country, they try to stay in the city and work there, while there is any hope of obtaining work. Perhaps this is because of the desire on the part of the woman to have the companionship of people of her own race.

It will be very easy however, for me to secure for farmers, individual Germans or three or four men of this nationality to work as farm hands at the present time. Everyone to whom I have sent this labor thus far, have advised me that the same is most satisfactory in every way.

It is easy to get individual Germans, but it is extremely difficult to get them to leave for work in the country with their families.

Yours truly,
L. WETHERED BARROLL.

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.
