Which is Better—Try an Experiment or Profit by a Chestertown Citizen's Experience.

Something new is an experiment.
Must be proved to be as represented.
The statement of a mauufacturer is not convincing proof of merit.
But the endorsement of friends is.
Now supposing you had a bad back,
A lame, weak, or aching one,
Would you experiment on it?
You will read of many so-called cures.
Endorsed by strangers from far-away place.
It's different when the endorsment comes from home.
Easy to prove local testimony.
