**The Johns Hopkins University**

**State Scholarships in Engineering Courses.**

Application for scholarships in the Department of Engineering established in the Johns Hopkins University under the provisions of the Laws of Maryland, Chapter 90, 1912, should now be made.

Entrance examinations for all students will be held in McCoy Hall, the Johns Hopkins University, Baltimore, September 22-25, 1914, beginning at 9.00 A. M.

If there is more than one applicant for a particular scholarship a competitive examination will be held at the University on the day following the September entrance examinations.

Each county of the State and each Legislative District of Baltimore city will be entitled to one or more scholarships for the year 1914-15, in addition to those which have already been filled. There will also be vacancies in the scholarships awarded to the graduates of Loyola College, Maryland Agricultural College, Mount St. Mary's College, Rock Hill College, St. John's College, Washington College and Western Maryland College, and in the scholarships "At Large," which may be filled in October, 1914.

Applicants should address the Registrar, the Johns Hopkins University, for blank forms of application and for further information as to the examinations, award of scholarships and courses of instruction. a22-tf.

## ATTORNEY-GENERAL'S Instructions to Voters!

1. To vote. Enter room, step up to guard rail, give name and registered residence to the Judges. Wait until your name is found upon the registers, then get ballot from the judge in charge of the ballots. See that he has written your name and number on the coupon attached to the ballot and his own name or initials on the back of the ballot itself.

2. Upon receiving your ballot retire to one of the booths or compartments and prepare your ballot by marking with and indelible pencil after the name of every person, or persons for whom you wish to vote, and to the right thereof, in the blank space provided therefor, a cross-mark, for example (X); and in case of a question submitted to a vote of the people, by making likewise in the appropriate space a cross-mark (X) against the answer you desire to give.

If you wish to vote for some one whose name is not printed on the official ballot you can write the name of such person in the blank space on the ballot provided for that purpose and place the cross-mark opposite such name in the blank space provided therefor.

3. In marking the ballot you may take with you into the polling place any written or printed memorandum or paper to assist you in preparing your ballot, except a facsimile of the ballot to be voted, but in the counties of Anne Arundel, Calvert, Charles, Kent, Prince George's, St. Mary's, it is unawful to take into the polling place any stencil, ruler, measurer or any other mechanical device of any material or form as a means of aid, guide or assistance in marking your ballot. You must prepare and deposit your ballot without undue delay. Before coming from behind the curtain in front of your compartment you must fold your ballot in the same way as it was folded when you received it, so that the marks which you have made upon it shall be entirely concealed. You then hand your folded ballot to the judge at the ballot box, give him your name and registered address and wait until he tears off the coupon containing your name and number, and strings it, and deposits your ballot in the ballot box. You must then leave the polling room and can not again go behind the guard rail during the day.

In Baltimore City and all of the Counties of the State except Anne Arundel voting for more candidates than there are offices to fill only invalidates the vote for that particular group in which the mistake occurs, but in the counties of Anne Arundel and Worcester, the whole ballot will be rejected in such event.

4. A voter must not go in any compartment occupied by another or converse with any other voter while engaged in a compartment, nor can he occupy a compartment more than seven minutes if others are waiting.

5. You must not take any ballot outside the guard rail. If you spoil a ballot you must deliver the spoiled ballot to the judge in charge of the ballots and receive another from him. If you spoil three ballots you lose your vote.

6. A voter who is physically disabled from marking his ballot must make affidavit to that effect if he desires assistance. The two polling clerks after such an affidavit has been made, can accompany him into one of the compartments and there mark his ballot as he instructs them, marking only the names of the candidates whom he shall name. The clerks are not allowed to read the ballot to him.

7. Any voter who shall allow his ballot to be seen by any person with the apparent intention of letting it be known how he is about to vote; or place any distinguishing marks upon his ballot, or who shall make a false statement as to his inability to mark his ballot, or who shall interfere or attempt to interfere with any voter when inside the enclosed space in the polling room, or when marking his ballot, or who shall endeavor to induce any voter before voting to show how he marks or has marked his ballot, shall be punished by a fine of not less than five ($5.00) dollars nor more than one hundred ($100.00) dollars, or by imprisonment in jail for a period of not exceeding sixty (60) days, or by both fine and imprisonment in the discretion of the Court.

EXTRACTING TEETH WITHOUT PAIN

## NUPTIAL EVENTS.

METTEE—HANN.

Miss Frances Miriam Hann, daughter of Mr. and Mrs. Charles Hann, was married on Saturday evening to Mr. Carroll Russell Mettee, son of Mr. and Mrs. M. Russell Mettee, of Baltimore and a nephew of Mrs. Wm. R. Pippin, of this town. The ceremony was performed at 7.30 o'clock at St. Mark's Methodist Episcopal Church, Forest Park by the Rev. Dr. Edward L. Watson, assisted by the Rev. Dr. Harry Mitchell.

The bride, who was given in marriage by her father, wore an exquisite gown of ivory satin and duchess lace. Her tulle veil was caught with clusters of orange blossoms. She carried a shower bouquet of bride roses and lilies of the valley. The bride was attened by Miss Louise Shirley Perkins as maid of honor, who wore a gown of pink charmeuse and carried a shower bouquet of Killarney roses. The two bridesmaids, Misses Katherine and Margaret Watson, nieces of the bride, wore costumes of pink chiffon and oriental lace, with girdles of French blue velvet, and carried shower bouquets of Killarney roses. Little Miss Margaret Hann was the flower girl. She carried a basket of pink roses and snapdragons. Mr. Fielder Schillenberg, Jr., was the best man, and the ushers were Mr. Samuel M. Hann, Mr. Charles K. Hann, Mr. Harold C. Hann, brothers of the bride, and Dr. Harry Daniels. A reception to the immediate members of the family followed the wedding, after which Mr. and Mrs. Mettee left on a Northern trip.

HIRONS—WALLS.

At 7 o'clock Sunday morning October 18th at the home of the bride's parents, Mr. and Mrs. A. M. Walls, on West Chestnut street, Salisbury, Md., Mr. John Wilbur Hirons and Miss Bernie Mary Walls were united in marriage. The ceremony was performed by Rev. Frank Talmage, D. D., pastor of the Christian Church of Rosewell, New Mexico, an uncle of the bride, who came from the far West especially to perform this ceremony. They will be at home, No. 608 Park street, Salisbury, after the seventeenth of November. The young couple are well-known in Salisbury. The groom is at the head of the Beacom Business College in Salisbury and is one of that city's progressive young business men. The bride graduated from the college in 1912 and is one of the assistants to Mr. Hirons.

## Hicks' Forecast for November

A reactionary storm period is central on the 1st, 2nd and 3rd. The Moon is in apogee and full on the 2nd. The Mercury period also will partially affect the elements at this period. A sharp cold wave will follow in the immediate rear of these storms, spreading eastward over almost the entire country, causing frosts far into the south, from about the 2nd to the 5th.

A regular storm period is central on the 7th, covering the 5th to the 10th. The Moon will be at its extreme north declination early in this period, indicating that southerly atmospheric tides will flow northward, bringing reaction to rising temperature, falling barometer and ending in renewed storms of rain, turning to snow. This storm will be at the crisis in the central valleys on and touching the 8th and 9th, being a day or two earlier in the west and a day or two later in the east.

A reactionary storm period has its central days on the 12th, 13th and 14th. But for the fact that we are now entering well into the Mars period, we certainly would have a minimum of storm-producing causes at this and other November periods. On and touching the 13th—Upon which date the Moon is on the celestial equator—rain, wind and thunder storms will be most natural, followed immediately by rising barometer, winds shifting suddenly to the west and north and change to very much colder.

A regular storm period covers the 17th to the 22nd, having its center on the 19th. The new Moon is on the 17th, near perigee on the 16th, and south declination on the 19th. This period will begin promptly on the 17th, with rising temperature, falling barometer and threatening clouds in the western extremes. These conditions will take up their march eastwardly by the 18th and 19th, and during the 20th, 21st and 22nd they will pass the great, central valleys and into the Atlantic cost regions.

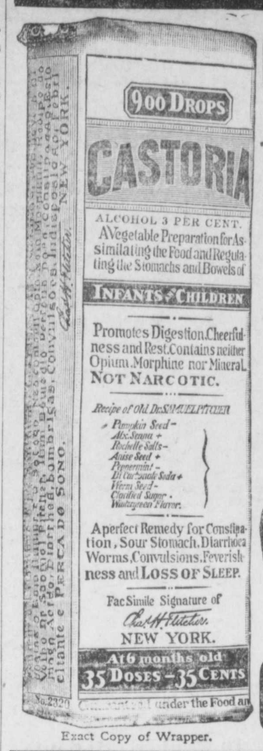

A reactionary storm period is central on the 24th, 25th and 26th. The storms of this period will culminate on and about the 26th, on which day the Moon crosses the celestial equator, working from south to north declination.

A regular storm period begins on the 28th, is central on the 30th, and runs three days into December. The storms of this period will not be more than developing in western sections during the last two to three days of the month.

## Grange Notes.

The first special meeting of the season of Fairlee Grange, No. 249, took place last Thursday, beginning at 4 o'clock. It was a success in every way, and every one apparently enjoyed the reunion after a summer's vacation. The literary program, prepared by the lecturer, consisted of the Grange Garner, edited by Mrs. Wm. G. Smyth. This paper is composed of original articles written by different members of the grange which were full of interest, humor and practical ideas. The solos by Mrs. Hatcherson and Mrs. Sparks were specially enjoyed, as were also the readings by Mrs. Fletcher and Miss C. I. Smyth. The opening of the question box was an enjoyable feature of the evening. The oyster scald which took place last Saturday afternoon was greatly enjoyed by all present.

Worton Grange will resume its regular weekly meetings, Monday, Nov. 2, at the school building, Worton. A good attendance is requested.
