ocratic Ticket.

TED STATES SENATOR:
WALTER SMITH,
ester County.

TATIVE IN 63RD CONGRESS,
Congressional District,
E D. PRICE,
omico County.

TATIVE IN 64TH CONGRESS,
st Congressional District,
JESSE D. PRICE,
of Wicomico County.

TUESDAY NEXT is election day. Mr. Democrat, go out to the polls and vote the Democratic ticket.

DON'T forget to mark your ballot TWICE for JESSE D. PRICE. Remember, he is the candidate for both the short and long term.

IT is report d that there are more than 140,000 income tax dodgers who have evaded the internal revenue collector and failed to pay their share of the toll.

ALL the leading papers in the country are predicting a big Democratic majority in the next Congress. Don't let one of Maryland's Democratic representatives be missing when the roll of the 64th Congress is called in December.

GOV. GOLDSBOROUGH was operated upon for appendicitis in Annapolis last Saturday. The operation was a successful one, and the Governor is on the road to recovery, much to the delight of his many friends throughout the State.

IT WILL be a calamity if the people of the Sixth District refuse to return David J. Lewis to Congress. He is one of the most valuable men Maryland ever had in Congress and when a man does so much for the real good of the people as Lewis has done, he deserves their votes and should get them. We believe Lewis will be elected by a big majority.

NO TAX-PAYER in this county should fail to vote upon the bond issues at the coming election. Separate ballots have been provided for the purpose, and every tax-payer in the county, from the smallest to the greatest, should make it his duty to vote his sentiments upon this question. This is a most important question to our tax-payers, and they should not hesitate to rise to their duty.

THE Constitutional Amendment on the ballot to be voted next Tuesday relates to Baltimore city sheriffs only, but every voter in the county is asked to vote for the amendment in order that the office of sheriff of Baltimore city may be made a salaried office, and the incumbent allowed to succeed himself. We understand that the people of Baltimore are anxious that the people of the State ratify this amendment, and we, therefore, hope that every one will vote for it.

THE 63rd session of Congress adjourned last Saturday afternoon. It was in session 567 days, and will go down in history as one of the most notable sessions on record, on account of the great volume of constructive legislation enacted. President Wilson and his "team" have been on the job incessantly to fulfill the campaign pledges of the party. President Wilson has fulfilled his pledges to the people like the great man that he is, and even the staunchest Republicans admit that he is one of the greatest Presidents this country has ever had.

DON'T let the Republican claptrap argument of hard times and business depression fool anybody. The Republican party was in power for years, and there never were any harder times than there were during the control of the Republican party. The same great money interests which control the Republican party are the very larks who are now crying hard times, and as soon as the anti-trust laws, the Federal Currency Act, and the Trade Commission Act, passed by the Democratic Congress just adjourned become effective, it will break the control of the moneyed interests and trusts, and competition in business as well as sound methods of finance will restore business conditions, and the next two years will be the most prosperous in the history of the nation for everybody.

DON'T "SET CLOCK BACK."

President Wilson made public on Sunday a letter to Majority Leader Underwood of the House in which he reviewed the achievements of his Administration, outlined the program for the next session of Congress and declared "the Democratic party is now in fact the only instrument ready to the country's hand by which anything can be accomplished." The President wrote the letter as an indorsement of all Democratic members in lieu of speeches he said he would like to make in every Congressional district. He predicted victory for his party in the elections because "every thoughtful man sees that a change of parties just now would set the clock back, not forward," and because "a practical nation is not likely to reject such a team, full of the spirit of public service, and substitute, in the midst of great tasks, either a party upon which a deep demoralization has fallen or a party which has not grown to a status that would warrent its assuming the responsible burdens of state."

The Ford Motor Company announces that in the month of September there were sold and delivered 21,976 Ford cars. This was a gain of 11,479 cars over September 1913. This is significant, not only because it shows that the Ford production is rapidly being increased to meet the stupendous influx of orders, but also because it demonstrates that the Ford Motor Company is maintaining the 300,000 car schedule necessary to give Ford purch[asers] between August 1st, 1914, and A[ugust] 1915, a share of the Ford p[rofits].

EVERY MAN'S DUTY.

The one great danger that confronts the Democrats in the coming election next Tuesday is the feeling on the part of numerous voters that because there are no local candidates to be voted for, they have no interest in the election of a Congressman and United States Senator. We feel sure that every Democrat in the county who entertains an opinion of this sort, believes that Woodrow Wilson is the greatest President this country has had since the establishment of our government, and that if it were a question of *his* election everyone of them would be found at the polls on Tuesday morning waiting for the opportunity to cast a vote for Woodrow Wilson. Well, now, President Wilson has become by reason of his wonderful administration, an issue in this campaign. It is a question, as the President himself has stated recently, "of turning the hands of the clock forward and not backward." If you believe in Woodrow Wilson, and the great constructive policies for which he stands, it is your bounden duty to go to the polls on Tuesday, and as a good Democrat, vote to maintain and perpetuate the policies of President Wilson by voting for the "color-bearers" of the Democratic party. This is no time for sulking because of personalities. The great question with every voter in this county and State is: "Am I a sufficiently warm supporter and staunch advocate of Woodrow Wilson and the grand work he has done and is doing for the people, to go to the polls on Tuesday and vote the Democratic ticket?" It is your most important business to go to the polls on Tuesday and vote, for, should the next Congress be Republican, President Wilson's hands will be tied and all the good work that he is endeavoring to do will go for naught. Mr. Voter, do your duty as a Democrat. Go out on Tuesday and vote the Democratic ticket for the sake of your great leader and friend —Woodrow Wilson.

TO REDUCE MILEAGE.

Appropriation for State Road Exhausted Before Contract Can be Finished.

Mr. Betts, of the road building firm of Betts & Boice, now engaged in building the Fairlee road, informs us that he has received from the State Road Commission a letter stating that it is compelled to reduce the original mileage contracted for by one mile, owing to the fact that Kent county's appropriation has been exhausted and that no more roads can be built in Kent until the next Legislature makes another appropriation.

On the 11th of last April the State Road Commission advertised for sealed proposals for building 5.40 miles of road from Chestertown to Fairlee. This advertisement appeared for two successive weeks. On the second day of May last the State Road Commission again advertised in the TRANSCRIPT for two weeks for sealed proposals for building one section of road from Chestertown to Fairlee, about 3.92 miles. The reduction in the mileage was made after a proposal from a number of farmers and the local county road engineer that if the Commission would begin at Fanuel's Branch bridge and go beyond Fairlee, that the county road engineer would shell the road from Fanuel's Branch bridge to Radcliffe Mill bridge. Messrs. Betts & Boice's contract calls for 3.92 miles, and it was upon this contract that they are now at work. The letter received this week from the State Road Commission cuts the original contract of 3.92 miles to 2.92 miles, and it is this amount of road that Kent will get under the new bond issue of more than $6,000,000 appropriated for roads by the last Legislature. It will be remembered that just after the Legislature adjourned the Kent News and other friends of Kent's representatives in the Legislature, Messrs. Wm. W. Beck, Howard Turner and Robert Shallcross, were singing their praises to the skies about how *they* had looked out for Kent's interests in securing a substantial part of that $6,000,000 appropriation for roads, and Mr. Beck had gotten money enough to build a road to Rock Hall, and to Tolchester through Galena, and the dear Lord Himself knows where else they were TO BUILD ROADS WITH THAT WONDERFUL APPROPRIATION WHICH MR. BECK AND MR. TURNER AND MR. SHALLCROSS had gotten for Kent county. NOW, LO! AND BEHOLD, THE STATE ROAD COMMISSION NOTIFIES THE CONTRACTORS THAT KENT'S SHARE OF THE $6,000,000 ISSUE FOR ROADS IS ONLY LARGE ENOUGH TO BUILD PRACTICALLY THREE MILES OF ROAD, AND TO FINISH THE CONTRACT ON THE GEORGETOWN-GALENA AND LOCUST GROVE END OF A STATE ROAD, the contract for which was given during the Crothers administration.

The TRANSCRIPT warned the people of Kent at the time Kent's appropriation of $[illegible],000 was announced that it was a shame that Mr. Beck, whose influence in the last Senate seemed to be sufficiently large to secure for himself and Mr. Lewin W. Wickes good fat jobs, did not see to it that Kent county got more money. We pointed out that Caroline, Cecil and Queen Annes got substantial sums, and Kent's share of that vast amount of $6,000,000 was either the lowest, or as low as that of any county in the State. Of course we were promptly accused of lying. Now the State Road Commission is compelled to admit exactly what the TRANSCRIPT stated at the time that the appropriation for Kent county would barely be sufficient to complete the State road from Locust Grove to Georgetown. It does seem to be a great injustice to the tax-payers of this county that their interests were so carelessly looked after in the last Legislature by those who pretended to be so solicitous about their welfare. It is also a shame that our tax-payers will be compelled to pay a large proportion of the State road tax, and get so little in return for their money. The State Road Commission is not to blame for this condition. They have done the very best they could with the very small appropriation at their disposal, and they are right in curtailing the amount of the mileage under their contract if they have not sufficient funds with which to complete the original contract. The fault is with our representatives in the last Legislature who failed to secure as much as Kent county was entitled to because they were in the political deal in the last Legislature which defeated the Wilkinson plan for distributing the road appropriation of $6,000,000, under which Kent county may have received more money. Here is what Kent has as a result of the two appropriations, one of $5,000,000 under the Crothers administration and $6,600,000 by the last Legislature—17 MILES OF ROAD from Georgetown to Chestertown and 3 MILES FROM FAIRLEE TOWARDS CHESTERTOWN—20 MILES OF STATE ROAD AT A COST OF $[illegible],000, and a State road tax that [illegible]crease from year to year. So [illegible] promises made to our people, [illegible] fulfilled.
